A re-inpired Falcon football machine began a scrimmage Monday in fervent anticipation of a tough battle next Saturday, October 15, when the Wittenberg Lutherans, who crossed of Carnegie Tech's goal line twice last week, invade Bowling Green for the thirteenth annual clash between the two schools.

All in all, with the punch, drive, and excellent physical condition of the Falcons pitted against a team that has what it takes, one can be assured of a tough, evenly fought, contest, Saturday,

Stop And Listen Awhile

It has an interesting name—The Organ. Beautiful music for tired students and faculty members, played by Miss Myrtle Jensen on the newly-installed organ. Isn't that worth the attention of every student at the University?

Don't be in such a rush! You'll get there in plenty of time. And perhaps, if you stop for a few minutes in the auditorium, you'll go away refreshed. Perhaps those thick, soft notes will clean out a dusty corner of your brain. It's such a marvelous opportunity. You won't even miss the few minutes it will take of your study, but you'll receive ample compensation for every second spent there.

Miss Jensen deserves cooperation in her efforts to please and so does the faculty. Shall we disappoint them?

Beautiful music for tired students and faculty members, and perhaps, if you stop for a few minutes, you can have a record of his voice for seventy-five cents.

Six cheerleaders Chosen Last Week

Walden Brooks, chairman of the cheering section committee, today stated that all cheering section members must occupy the seats reserved for them at the Wittenberg game Saturday or send a substitute.

Three hundred seats will be roped off for them on the fifty-yard line of the football field. NoNegroes or Caucasians will be allowed to use these rooms on any account.

CORRECTION

Through an error it was stated in last week's issue that the game rooms were open for use on Wednesday nights. Men only are allowed to use these rooms on Wednesday.
The Ashland rout, in the minds of most Falcons followers proved nothing as far as B. G.'s strength is concerned, although the score will probably cause future Falcon opponents to point toward their games with the Orange and Brown with added fear.

However, the single wing back which the Oklahoma man used did LOOK good, but the plane kicking which nettled the Falcons 2 out of 8 attempts for extra points was far from encouraging — especially since Ashland was the other team on whom they did that.

They still have games by one point, and the Falcon camp will probably work hard on it this week.

"MOO—NOT M00N"

This column wishes to correct a terrible error of four weeks ago when we called Niblock, of Oklahoma's erstwhile halfbacks, by the nick name "Moo" when his true intimate musician was "Moo". The Footlorie fayre was blessed with the name because while uping at Mary Wilcox's he asked everything from milk to cheese, "Moo", Forgive us, "Moo".

P. A. SYSTEM

Reports have come to this office that some of the folks at the Ashland game couldn't hear the P. A. system. The real trouble was a crazy wind current that kept hanging around the stadium all afternoon. However, those in charge promise that this will be remedied at the next game. You can bank on it, too, because Mike Johnson, whose Parrot and Parity Cafs help to run these, always says that the best is none too good for B. G. S. U.

The classes in tennis were also played to a point on the courts this week.

Don't you W. A. A. girls forget to record the number of hours you play tennis on the bulletin board in the Administration building. Four points are given per hour, but not over eight points are given daily regardless of the number of hours played.

Time goes, you say? Ah, no!

Alas, Time stays; we go.
