Bowling Green City Schools for the providing of laboratory experience and student-teaching opportunities for
contracts which had been awarded by the appropriate officials of the University and
of the State of Ohio for improvements in the plant and grounds of the University:
1. Resurfacing of Bricker Airport Runways and Taxiways—Contract awarded to
H & S, Inc., 121st Street, Tiffin, Ohio, in the amount of $35,501.32, the low bid for this work as received by Director S. O. Linzell of the Ohio Department of Public Works.
2. Resurfacing Certain Campus Drives—Contract awarded to Ohio engineering Company, 105 Sixth Street, Lorain, Ohio, in the amount of $10,673.05, the low bid for this work as received by Director S. O. Linzell of the Ohio Department of Public Works.
3. Improving the Seven Cottages Known as Dormitories B—Contract awarded to
H & S, Inc., Bowling Green, Ohio, in the amount of $39,994.00, the low bid for this work, as recommended by Director S. O. Linzell and approved by the State Board of Control (only two bids having been received).
4. Painting Exterior of University Administration Building—Contract awarded to
Lewis west, Bowling Green, Ohio, in the amount of $4,325.00, the low bid for this work as received in the office of the University Business Manager (this being a local improvement).

After reviewing the history of the long and cordial relationship between the University and the Bowling Green City Schools for the providing of laboratory experience and student-teaching opportunities for students in the College of Education, the President recommended that the relationship be continued and expanded. It was pointed out that the facilities of the University itself are very meager and entirely inadequate for the providing of the necessary observation and student-teaching opportunities; that the availability of this service from the Bowling Green City Schools is highly advantageous to students who are preparing to teach, since it affords practical experience in an ongoing school situation for prospective teachers; that the Bowling Green City Schools have sought to build a competent faculty of teachers who are qualified not only to provide classroom instruction for pupils in the schools but also to supervise University students as critic teachers.

Upon motion of Mr. Schyn, seconded by Mr. Bachman, the Board voted unanimously that the President of the University be authorized, on behalf of the Board of Trustees, to enter into a contract with the Bowling Green City Schools in accordance with the following guiding principles, the President to have full authority to work out appropriate and necessary details to put the agreement into effect:
1. That the Bowling Green City Schools will serve as the laboratory school system for Bowling Green State University students who are planning to teach, the entire City school system being available for this purpose.

2. That the University will contribute $70,000.00 in the year 1952-53 to be used for salary purposes by the Bowling Green City Schools in addition to the regular salary money provided in the City school budget, for the purpose of enabling the City Schools to employ qualified critic teachers per each higher levels of training and qualifications than could otherwise be employed in the City Schools.

3. That the University will have the option of making its $70,000.00 contribution for 1952-53 under either of the following procedures that the University shall choose:
   a. the payment of the full salaries of a number of City School teachers, to be certified to the University for this purpose by the Superintendent of the Bowling Green City Schools, the collective amount of their salaries plus payments into the retirement fund not to exceed $70,000.00 for the year;
   b. the payment in monthly installments of the sum of $70,000.00 by the University directly to the Bowling Green City Schools to be paid out as a part of the salary fund for the compensation of Bowling Green teachers.

4. The Bowling Green City Schools will assume complete responsibility for the operation and direction of the elementary and secondary schools, including the elementary school on the campus and Ridge Street School as well as the other units in the City School system.

5. The space now used in the elementary school building on the campus, together with the maintenance cost as heretofore borne by the University, will be provided by the University to be used as a unit in the City school system.

6. The University and the Bowling Green City schools will jointly employ a person to serve as Director of Instruction in the Bowling Green City Schools and Coordinator of Student Teaching for the University, the salary for this person to be divided equally between the Bowling Green City Schools and the University. The University's portion of this salary will be over and beyond the $70,000.00 contribution.

7. All teachers employed in the Bowling Green City Schools will be subject to approval by the Dean of the University College of Education, thus insuring the employment of qualified critic teachers.

The President called attention to the fact that, whereas faculty members are eligible for tenure under a board policy adopted in 1951 and Civil Service employees are afforded security of position under the Civil Service laws of Ohio, several qualified and loyal administrative employees of the University are not at the present time eligible for continuing contracts providing security of employment. The President recommended that members of the Board give careful consideration to this matter, with a view to developing a sound policy under which greater security of employment may be made available to these valuable members of the University staff. Members of the Board unanimously expressed approval of the proposal, and it was agreed that careful study should be given to the matter by members of the Board and appropriate action be taken at a later meeting.

Mr. Schowen moved, Mr. Donnell seconded the motion, and the Board voted that appointments, resignations, and other payroll changes as reported by the President be confirmed and entered in the minutes, as follows:

FACULTY AND ADMINISTRATIVE:

Appointments:

Ralph H. Geer, Director of Admissions, effective June 1, 1952 (salary to go to $4500.00, effective September 1, 1952).

Purchased of a residence on North College Drive from Arlo R. Boggs was reported by President McDonald, the consideration having been $9600. This purchase was made from the funds of the University Housing Commission, and the property was deeded to the Housing Commission, a subsidiary agency of the University under State Law.

PR
Attest:

E. T. Rodgers
President

Alva W. Bachman
Secretary
Bowling Green, Ohio
June 14, 1952

The Board of Trustees assembled at 1:30 p.m. in the Board Room, with the following members present:
E. T. Rodgers, President
Alva W. Bachman, Secretary
Carl H. Schuyl

The minutes of the May 30, 1952, meeting were read and approved.

Mr. Bachman moved that the Business Manager be authorized to enter into an agreement with the Northern Ohio Telephone Company to put the proposed new telephone conduit along the west side of Ridge Street underground just inside the campus, making use of the University tunnels whenever feasible; that the University pay not to exceed $1,000 of the extra cost involved in putting the line underground. Mr. Schuyl seconded the motion, and it was passed.

On motion of Mr. Schuyl, seconded by Mr. Bachman, the Board voted that the following payroll changes as reported by the President be confirmed and entered in the minutes of the meeting:

FACULTY AND ADMINISTRATIVE:

New Employees:
Mrs. Ruby Bower, Assistant in Department of Health and Physical Education, $1500.00 for academic year 1952-53.
Carol Frank, Occupational Therapist, Cerebral Palsy Clinic, June 8 to August 1, 1952; $553.32 for the period.
