Raney Teaching In A Department

Mr. John K. Raney, a graduate of Ohio State University, has been employed as a part-time instructor in the Industrial Arts Department here.

The need for an addition to the staff in this department was realized when the Industrial Arts Regional Fair indicated an increase of about 50% over the previous year and a noticeably large boy on Prof. Powell and Prof. Runnels.

Mr. Raney is well acquainted with Bowl. Art Department. While he has had much to do with its construction, his work is most noticeable in the designing of Skilful Hall and also building the motorcycle garage.

Many of the students are already acquainted with Mr. Raney. He is a member of the University's National Honor Society, a member of the Senior's Club at the University. Mr. Raney is also a member of the Presidents Club.
