Student Council Begins Work On Extensive Second Semester Program

First Project is Establishment of Several Smoking Rooms

Elmer Croyer, president of the student council, outlined plans for the student smoking rooms during the club's regular meet-

ing. As the weather gets colder, the problems of cold, drizzle,

and wind will become more acute. It was a cold day when

the meeting was held. The outer temperature was 40 degrees.

The main purpose of the smoking rooms is to provide a

comfortable place for students to smoke in. The rooms will be

located in the science building, the library, the student union,

and the music building. The rooms will be open from 7:00

a.m. to 10:00 p.m., and are planned to be open seven days a

week. The rooms will be free to all students who are members

of the student council.

The student council is also planning to establish a student

loan fund to honor Dr. Clayton K. Kohl. The fund will be set

up to provide financial assistance to students who are members

of the student council. The fund will be managed by a group of

four council members who will be elected by the student council.

The fund will be used to provide scholarships to students who

are members of the student council.

The student council is also planning to establish a student

university committee to work on the campus program. The

committee will be responsible for planning and organizing

events on the campus. The committee will be composed of

four council members who will be elected by the student council.

The large attendance at the January 18th Council meeting was evidence that students are becoming more and more interested in participating in campus life. While the main topic of discussion was the organization of fraternities on campus, there were several other issues brought up that will also be discussed in future meetings.

**Names Bands for Frat Houses**

Some students have been raising objections to the way in which the council is handling the selection of names for the fraternities. They feel that the current system is too arbitrary and lacks any input from the students themselves. The council is currently considering setting up a committee to work on this issue.

**Relax at Organ Hour**

The organist at the chapel has been receiving complaints from students about the volume of the music being played. To address this, the council has decided to implement a new system where the organist will play shorter, more subdued pieces during the morning services. This change is expected to be well-received by the students.

**Student Council Alive**

At the last student council meeting, the council was discussing the possibility of creating a new organization to promote student welfare. The proposal has gained a lot of support from the student body, and it is hoped that the new organization will be able to address the needs of the students more effectively.

**The Bee Gee News**

The Bee Gee News is a new student newspaper that is being published weekly. The first issue was well-received by the students, and it is expected that the newspaper will continue to grow in popularity.

**Student Council**

The student council is working on a variety of projects, including planning events and fundraising for various causes. They are also considering the possibility of forming a student government to represent the interests of the students.

**Social Security Tax**

The council is currently discussing the issue of social security taxes. They are considering the possibility of increasing the tax rate to fund the social security program.

**Air Mined Men May Get Pilot Course**

The council is considering the possibility of establishing a pilot training program for men who are interested in pursuing a career in aviation. This would be a great opportunity for students who are interested in flying and would like to receive training from experienced pilots.

**Creative Art Repressors**

The council is working on a new project to support creative art repressors. They are considering the possibility of funding a new art program that would provide opportunities for students to explore and develop their creative skills.

**Bee Gee News**

The Bee Gee News is a new student newspaper that is being published weekly. The first issue was well-received by the students, and it is expected that the newspaper will continue to grow in popularity.

FRAT AND SORORITY PLEDGING, RUSHING UNDER WAY WITH SMOKERS AND PARTIES

Quill Type Annual Dance Will Be Held Friday

In Reception Hall; Rooming Going To Play

by VIRGINIA FRANCES

With sorority rushing season in full swing, Jessie Zimmer- mann, President of Sorority-Council, promises to see that rules of the official constitution governing sorority rushing be followed.

Rushing is going on in ninth week of formal rush parties, of which those rush pins sign preference slips in the office of the Dean of Women.

Women of freshman year for men were rushed the first semester. This week expects to see sufficiency membership number one per cent.

The first of the sorority pledging will begin on Monday, and will be held in the afternoon.

Two Mid-Year Grade Positions Teaching

Mary Louise Leon, a graduate student who attained her bachelor's degree last week, has accepted a position at Bowling Green University, Ohio.

Vacancy in WSGA Filed by Margaret Bendor

Robert Bendor, one of the men members of the Shell sorority, was recently elected treasurer of the Women's Student Government Association as its first male member ever.
