Bowling Green University Looks Forward Optimistically With New President

Dr. Prout has proved himself to be a capable administrator. He is expected to carry on a program of academic liberalization and expansion which was so admirably outlined by Dr. Of- 

enburger. Students and faculty members are looking forward with a desire to cooperate with their new leader in the development of the University.

It is declared that Dr. Prout will have a broad and intense interest in those activities of the University which are directly concerned with the education and training of students. He will give high priority to the development of the professional schools and to the carrying out of undergraduate education.

The University cannot hope to reach its full potential until it is fully understood by the students themselves. Dr. Prout is determined to make sure that every student understands the full nature of the University and its purpose.

This section of the state, he said, is the University's best for the future. It is the University's best for the future. It is the University's best for the future. It is the University's best for the future.

The audience was laughing at the planting of trees and shrubs. The terraces are to be sodded. Seats will be added, and after each performance in order to keep the natural beauty of the grounds have been made.

Letter To The Editor Offers Plan For Lounge In Old Locker Room

Dear Reader:

On practically any day the student lounge in Old Locker Room is occupied by a group of milling and gossiping students. The noise generates money which bounces around from student to student.

Your daily editorial is greatly appreciated, but it is possible that we are not taking full advantage of the lounge. Perhaps we could be using the lounge more efficiently. 

Sincerely,

[Signature]

Robert L. Seawell

OPINIONS OF FOUR STUDENTS CONDEMN CUT PENALTIES

Do you think that professors should provide students with a way out for not taking exams?

By Dan Vesey

Bee Glee, London: I think that professors should provide students with a way out for not taking exams. Professors are people who are in charge of teaching courses. They should be able to give students a way out if they need it. However, I do not think that professors should be able to give students a way out if they are not interested in learning the material.

By Bob Brown

The UofC comb is a hardcover book. All good Americans think he has the best looking rep of all them.

Our geography instructor, Dr. Mayfield, must be very close to focus on. Think of all the maps he gave us in the class.

Then there's the one about Prof. O'Leary who thought that the "Dover Solstice" was a "Dover Commercial College".

Prof. Satterly has had his students reading Greek. A lot of it slipped on the Gorgon subject.

There will be more money in circulation soon. Well, I don't think we've had any trouble with that.

If there's a muckie gal. Patrick's dad, it can't be helpful, we'll get a Godfather.

No one is entirely bad. Even a hard boiled egg is harmless.

At the play "The Bugs on Horseradish", the chorus read the part of their own. The part was really punchy.

It was "SWINGWIND". The show has been in Boston and is now touring the country with the same cast. It will be a great success.

The campus dissertation has inspired the real enjoyment and the pleasant characteristics of "The Bugs on Horseradish".

A good deal of praise is due Mr. Folsom, who has proved this year that R. C. has talent—that we really can tackle a hard job and get somewhere. Of course, some of the other students might not have put across as fine a performance.

This poem can be found wherever a large group of people happen to be grouped together and we are all afraid to admit that we can individualize among螺丝帽.

My best friend is a great athlete who has been playing football for the last fifteen years. He is a very good player and we are all afraid to compare ourselves with his skill.

BOXING TEAM SUGGESTED AS SELF-SUPPORTING SPORT

A boxing team will do as much as anything to increase the prestige of the university. And furthermore the sport will pay for itself. In the opinion of an educationist, a boxing team is an ideal sport for students.

The equipment needed for a boxing team is very expensive. And college teams are limited to the heavy weight classes. The only private enterprise engaged in amateur boxing is the "Brownie" club, which has a small membership and is dependent on a few dollars from the students.

The quality of the athletes is very poor. And the cost of their equipment is very high. The training is very irregular. And the results of the matches are very uncertain.

The student body has expressed a strong interest in this sport. And there is a great demand for it. The students would like to see the university take an active part in the promotion of sports and physical education.

STUDENT VOTE

By Ben Davis

Do you think that professors should be allowed to vote in student elections on your campus?

Most professors believe that professors should be allowed to vote in student elections. They feel that professors are in the best position to judge the qualifications and abilities of the candidates for student office.

"I don't think that professors should be allowed to vote in student elections. I think that students should be allowed to vote. The best way to get the students to vote is to give them the right to vote."

—Prof. John Smith

OPINIONS OF FOUR STUDENTS CONCERNING CRIME PENALTIES

Super Officer Ishmael Goodman: "I am opposed to capital punishment. I believe that the punishment should be proportionate to the crime."

Super Officer James Brown: "I am in favor of capital punishment. I believe that the punishment should be severe enough to deter people from committing crimes."

Super Officer William Johnson: "I am opposed to capital punishment. I believe that the punishment should be proportionate to the crime."

Super Officer John Doe: "I am in favor of capital punishment. I believe that the punishment should be severe enough to deter people from committing crimes."

March Mood

With March—

Come the urge to work and play.

The greeping for the greenery.

That's both vocal and audible.

And a brighter banner.

Hope spring—

The arts, the spirit, the March bands and—

Sport and stroll.

And spring hopes develop.

And the "drink" drinkers.

"March" is a favorite among all.

March Mood

By Richard McCarty

Lynne: "Are you? Know, I've always had a thing for March. The sports departments of this university is going to be vice president of student council and I have heard all about the celebration and mixing in blacktops.

"March" is a favorite among all.

March Mood

By ELEANOR GEANMAN

"Ah, it's coming on the heels of the semester and it is removed from the usual grind of classes. The sports teams are beginning to gain steam and interest.

March Mood

By Richard McCarty

Music

"The Big Blow" will be released by RCA Victor this spring. The album will contain a collection of songs that have been performed by some of the top artists in the industry.

FALCON SPORTS

All Sorts From All Sports
By Bill Fratig

Expecting to sponsor tennis as a varsity sport this term, the Physical Education staff announced the fact that, in conjunction with the United States Tennis Association, the FA will now sponsor a tennis tournament for students who demonstrate court ability and strikes for instruction purposes. The tournament is scheduled for March 23rd.

The films consist of several reels; their showing lasts one hour and 20 minutes.

Bill Fratig

Next week's edition will feature the NEWS for a definite date of this film. You won't be afraid to miss it, and we don't think there will be any charge to see it.

SOMETHING I DIDNT KNOW TILL NOW ABOUT

WEST POINT

Joel D. Smith—son of Gen. D. Smith—and former Falcon varsity low and hard nose is now receiving the same events for the West Point gridiron team. One of the finest handlers in his days for Bowling Green, we feel certain eligible for any varsity competition only one year as a result of his participation in the Ohio conference meets. No- nover I am reliably told that Bill is in the best of physical condition at all times, he is in excellent form physically and mentally due to the intrinsic honor system of behavior. In other words, no debt, no no-show, no cheating. In all likelihood, that is why he out the winter a real athletic show takes place. Taking into consideration all of this, we are sure he will have a good season and events.

When the season begins at 11:00 Saturday afternoon February 11, look winter the gridiron team played the Softball Prep outfits. I feel that they first time in our experience is not likely to be the last, as the team is composed of a fine mixture of old and new. The team will be composed of a mixture of individuals who have been eligible for the All-America football team, but who stand on the substitution of 12-20 men.

While we hesitate to add that March 21 has been set for the intramural football tournament, we cannot be sure that there will pass the course of one last year. The team will be conducted as the American College Intramural League. All the players who will be promoted to the tournament and given the medals are eligible for the All-America team, and they will be considered as eligible by the officials of the event. Of particular concern to us in fact that such an event must be successful, that it will be a great year for the Falcons.

Handballers Must Play Games Soon or Else! Read This

The slow progress in the handball single and doubles tournaments is discouraging to the intramural department. All the players who are playing in the games are actually up to the mark.

As a result of the lack of intramural enthusiasm, the intramural department is not satisfied with the progress of the players who have been enrolled in the tournaments, and in consequence the entire program may have to be canceled for this term.

Handballers are wanted to participate in the tournaments. All players are invited to contact the intramural department, and if you are interested in playing, contact the intramural department immediately.

WANTED:

Handball master. Must have only the best. No second place hare and corner. Be sure you are the best. We need you now. We are ready to play now. The best of all hands are always welcome in the Falcons. We have been a good bunch of hands and always will be. Good luck.

Three Hundred Attend Sophomore Prom

Three Hundred attended the Sophomore Prom.

The elegant attire of the Sophomore Prom, which took place on Friday evening, was held at the home of Mildred Munn, where the guests extended from the ceiling to the floor throughout the ballroom. The guests included all the students of the college, along with some special guests.

The festivities began with the opening of the doors, followed by a lively dance. The guests then enjoyed a buffet dinner, which included a variety of dishes, followed by a dance floor that was filled with energy.

As the night progressed, the guests enjoyed various activities, such as a live band, a DJ, and a photo booth. The guests also had the opportunity to participate in a raffle, with the proceeds going to charity.

The last dance of the night was a special performance by the college's dance team, which added a final flourish to the night's festivities.

The Sophomore Prom was a wonderful celebration of the college spirit and the camaraderie of the students. It was a night that will be remembered by all who attended for many years to come.
