After due notice, the Trustees met in the Board Room of the Administration Building on October 2, 1964, the following members being present: Delmont D. Brown, Sumner Canary, James C. Donnell II, Robert E. Dorfmeyer, John F. Ernsthausen, Carl W. Kreischer, Donald G. Simmons, Mrs. Anita Ward, and Dudley White, Jr. Also present were President Wm. Travers Jerome III, K. H. McFall, K. J. Kreischer, and Donald C. LeLong.

The Chairman called the meeting to order at 2:15 p.m.

Mr. Schwyn welcomed Mr. Dorfmeyer as a new member of the Board of Trustees and reminded the trustees that whenever a new member is appointed the Board must reorganize.

Mrs. Ward moved, Mr. Donnell seconded, that Mr. Schwyn be elected President of the Board. All members voting "aye," motion carried.

Mr. Simmons moved, Mr. Brown seconded, that Mr. Canary be elected Vice President of the Board. All members voting "aye," motion carried.

Mr. White moved, Mrs. Ward seconded, that Mr. Simmons be elected Secretary of the Board. All members voting "aye," motion carried.

By common consent of the members of the Board of Trustees, Mr. Canary was requested to prepare a statement--to be submitted at the next meeting--recognizing the long period of service of Alva Bachman, both as a member and as secretary of the Board.

Mr. Brown moved, Mr. White seconded, that the minutes of the meeting of the trustees of May 8, 1964, be approved. All members voting "aye," the motion carried.

PROPOSED BUILDINGS

New Residence and Dining Center

Mr. Kreischer explained that the new residence hall would be substantially a duplicate of Harshman Quadrangle with one major change--the restrooms would be enlarged. He stated that there would be a few minor changes, one being the relocation of the columns in the large recreation room to permit installation of bowling alleys at a later date if desired.

In answer to Mr. Donnell's inquiry as to when the building would be finished, Mr. Kreischer stated that it should be completed by the fall of 1966 and that if the plans are approved by the various state agencies he hoped to start advertising for bids in two to three weeks. The total cost of this building will be $6,294,750.

In answer to inquiries concerning financing of this building, Mr. Kreischer stated that it may be necessary to use interim financing and that approval of the three resolutions that were to be presented would give the necessary authorization to use such interim financing for a period of two years until the dormitory revenue bonds are issued. No timetable has been set for the sale of the bonds.

After a discussion of the plans, methods of financing, and expected date for beginning construction of the new residence center, the following three resolutions were presented:

RESOLUTION

Providing for the issuance of Bowling Green State University Dormitory Revenue Bonds, 1964 Series, for the purpose of constructing and equipping certain dormitory facilities pursuant to Bond Resolution adopted April 23, 1955.

WHEREAS, the Board of Trustees of Bowling Green State University (herein called the Board) is vested with the government of Bowling Green State University (herein called the University or, when the context admits, collectively with the Board called the University) by Chapter 3341 of the Revised Code of Ohio; and

WHEREAS, by authority of Section 3345.07 of the Revised Code of Ohio the Board is authorized to acquire sites for, and construct, equip, maintain and operate upon sites within, or in close proximity to, the campus of the University, buildings to be used as dormitories and as other suitable living quarters, or as dining halls, for students and members of the faculty and servants and wives and families of married students of said University, including separate or connected buildings, sites, equipment, structures, and utilities to be used in connection with the maintenance or operation thereof or supplementing or related to the services or facilities to be provided thereby; and to pay for the same out of any funds in its possession derived from operation of any such buildings under its control or out of funds borrowed therefor; and to borrow funds for such purposes upon such terms as said Board may deem proper and issue notes or other written instruments evidencing such indebtedness provided that such indebtedness shall not be a claim against or lien upon any property of the State or any property of or under the control of said Board excepting such parts of the receipts of the operation of any such buildings under control of the Board as it may pledge to secure the payment of such indebtedness hereof or hereafter incurred; and, by authority of said Section 3345.07, the Board is also authorized to issue such notes or other obligations payable as aforesaid in order to refund outstanding notes or other obligations matured or unmatured, to repay moneys previously borrowed or advanced under said section or to reimburse funds of the University for amounts used under said Section 3345.07; and

WHEREAS, Additional Bonds in the principal amount of $4,500,000 designated Dormitory Revenue Bonds, 1961 Series (herein called the "1961 Bonds") and in the principal amount of $5,500,000 designated Dormitory Revenue Bonds, 1963 Series (herein called the "1963 Bonds") have been authorized pursuant to resolutions of the Board adopted March 11, 1961 and October 1, 1962 (as amended December 9, 1962) and have been issued on a parity with said initial series; and

WHEREAS, there are presently outstanding $2,220,000 principal amount of 1955 Bonds, $4,400,000 of 1961 Bonds and $5,500,000 of 1963 Bonds; and

WHEREAS, the Board, by the adoption of this resolution, declares and determines that, in order to meet the requirements of the University to provide accommodations needed for satisfactory housing, it is immediately necessary to construct and equip a dormitory quadrangle for approximately 1400 students, with dining facilities and other structures, utilizing facilities to be used in connection with the maintenance and operation of such dormitory quadrangle and dining facilities or supplementing the services to be provided thereby, which will be located on the campus of the University, in accordance with plans and specifications prepared, and from time to time modified by the architects and approved by the University (herein sometimes referred to as the "Project"). The costs of constructing, equipping and placing in operation, the Project, and any other costs relating to the Project authorized to be paid from the proceeds of the 1964 Bonds by Section 4 of this Resolution are herein sometimes referred to as Costs of the Project; and

WHEREAS, the University has received estimates from its architect of the Costs of the Project, and accordingly, estimates the same, including provision for site improvement, capitalized interest and miscellaneous expenses and contingencies, at $8,294,750; and

WHEREAS, none of the Costs of the Project will be paid for out of funds appropriated therefor by the General Assembly, but such costs will be paid out of funds borrowed as aforesaid or derived from operations of dormitories under control of the Board and available for such purposes or from gifts or legacies; and

WHEREAS, the University has determined to borrow the funds to pay a part of the Costs of the Project by selling $5,500,000 Dormitory Revenue Bonds, 1964 Series (herein sometimes called the "1964 Bonds").

The principal and interest of the 1964 Bonds shall be payable in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts due the United States of America, at the principal office of the Paying Agent (said Paying Agent at the time of issuance of the 1964 Bonds being The Toledo Trust Company, Toledo, Ohio), or, at the option of the holder, at the principal office of the Alternate Paying Agent in the Borough of Manhattan, City and State of New York, such Alternate Paying Agent to be named by the Original Purchaser subject to approval by the President and the Treasurer of the University.
The 1964 Bonds shall be numbered as shall be determined by the Treasurer of the University, and the principal amount represented by one bond shall mature on one date.

The 1964 Bonds shall be subject to call for redemption prior to maturity, from any funds in the Debt Service Reserve Account, or from funds in the Debt Service Fund, for excess of the amounts required to be on deposit to special accounts therein, or from other funds that may be made available therefor, at the option of the Board, either in whole or in part, on any date fixed for redemption interest on bonds so called for redemption shall cease, unless default shall be made on presentation in the payment of the redemption price. In the event of redemption of a portion of a fully registered bond, a new bond in an amount equal to the unredeemed portion of such bond shall be issued.

The 1964 Bonds shall be executed by the President or the Vice President of the Board and by the Treasurer or the Secretary of the Board or the facsimile signatures may be a facsimile signature, shall be attested by the Secretary of the Board or the Treasurer of the University, and shall be sealed with the seal of the University or a facsimile thereof, and interest coupons attached thereto shall bear the facsimile signature of the Treasurer of the University or the Secretary of the Board.

Notice of any such call for redemption shall specify the number of bonds (or portions of fully registered bonds) to be called and, unless all then outstanding bonds are registered, shall be published once a week for two (2) consecutive weeks in a financial journal of national circulation for the Borough of Manhattan, City and State of New York, on the date fixed for redemption and shall be mailed by registered mail addressed to the owners of all registered bonds to be called as their names and addresses appear on the books kept for the registration of bonds, the same to be deposited in any United States Post Office not more than thirty (30) days prior to the date of redemption.

Upon the date fixed for redemption interest on bonds so called for redemption shall cease, unless default shall be made on presentation in the payment of the redemption price. In the event of redemption of a portion of a fully registered bond, a new bond in an amount equal to the unredeemed portion of such bond shall be issued.

The 1964 Bonds shall be sold to the highest bidder at a purchase price of not less than 98% of par and not more than 102% of par, plus accrued interest to the redemption date plus redemption premiums as follows:

- 4% if redeemed October 1, 1976, to April 1, 1979, inclusive
- 3% if redeemed October 1, 1979, to April 1, 1984, inclusive
- 2% if redeemed October 1, 1984, to April 1, 1989, inclusive
- 1-1/2% if redeemed October 1, 1989, to April 1, 1994, inclusive
- 0% if redeemed thereafter.

If less than the entire unmatured portion of the 1964 Bonds is called for redemption at any time, or from time to time, the same shall be called in inverse order of their maturities, and if less than all the outstanding bonds of any one maturity are called, the bonds of that maturity to be called shall be selected by lot in a manner to be determined by the Board. In selecting bonds to be called by lot, the portion of any fully registered bond to be redeemed shall be in the principal amount of the coupon bond denomination or some multiple thereof, and each fully registered bond shall be treated as representing that number of coupon bonds which is obtained by dividing the principal amount of such fully registered bonds by the coupon bond denomination.

Section 3. Sale of the 1964 Bonds. Subject to the provisions of Section 2 hereof, the 1964 Bonds and the coupons appurtenant thereto shall be in substantially the forms provided in Section 9 hereof, with such variations as may be approved by the President or the Treasurer of the University, provided that such bonds shall contain no terms or provisions inconsistent with this Resolution and the Original Bond Resolution.

Section 4. Allocation of Proceeds of the 1964 Bonds. The proceeds of all the 1964 Bonds shall be allocated and applied by the University as follows in the following order of priority:

1. To the Interest Account in the Debt Service Fund, the accrued interest on the 1964 Bonds to the date of delivery plus such amount as shall, together with such accrued interest, be equal to the interest which will accrue on the 1964 Bonds to October 1, 1966.

2. To the Debt Service Reserve Account in the Debt Service Fund, the portion of the proceeds representing premium, if any, above par.

3. To the University, the amounts, if any, necessary to retire notes issued, repay borrowings made or advances received, by the University to pay the Costs of the Project and to restore to the University amounts, if any, used for such costs from other funds of the University prior to the delivery of the 1964 Bonds, all to the extent permitted by Section 3345.07 of the Revised Code of Ohio.
The balance to the 1964 Construction Fund (herein called "Construction Fund") hereby established for the Project, to be held by the University in a separate bank account, except when invested as hereinafter provided, and used to pay Costs of the Project.

The Treasurer of the University shall apply said Construction Fund to the payment of Costs of the Project. As used in this Resolution, the term "Costs of the Project" shall include, without intending thereby to limit or restrict any proper definition of such costs under any applicable laws or sound accounting practice, the following: the costs of constructing, equipping and furnishing the Project, including all costs and expenses of architectural, engineering, legal and other professional services, administrative and clerical costs and expenses, including accrued interest prior to occupancy of the Project (both on temporary financing and on the 1964 Bonds, but excluding accrued interest paid as part of the purchase price of said bonds and the additional amount for capitalized interest deposited to the Debt Service Fund as above provided), all costs and expenses incurred in connection with the issuance, sale and delivery of the 1964 Bonds and all other necessary and miscellaneous expenses related to the financing and construction of the Project and placing it in operation. If the payment is to be made with respect to an obligation under a construction contract relating to the Project, such payment shall be made only upon certification by a qualified architect or engineer that such payment is due under such contract.

The Construction Fund may be invested by the Treasurer of the University in direct obligations of the United States with such maturities and in such amounts, as nearly as practicable, as will provide funds when needed to pay Costs of the Project or his successor in duties, be invested in bonds or notes of the United States maturing not more than five years from the date of such investment which investments and the proceeds of sale thereof shall constitute part of the fund from which the investment was made and shall be maintained separately from other investments or funds of the University. Interest on such investments may be paid to the University or applied to the purposes of the Construction Fund as from time to time determined by the Treasurer of the University. The said investments shall be sold, exchanged or collected from time to time by the Treasurer of the University.

The proceeds of the 1964 Bonds may, in the discretion of the University, be first deposited in their entirety to the Construction Fund, provided that within ten days after receipt the portions thereof to be deposited to other special funds or applied as provided in paragraphs numbered (1), (2) and (3) of this Section, shall be transferred to the Construction Fund to said special funds or so applied from the proceeds thereof. Any balance in the Construction Fund remaining after the transfers and application provided for in paragraphs (1), (2), and (3) of this Section and after paying all Costs of the Project or reserving therein such amounts as shall be deposited in the remaining Costs of the Project, but not exceeding amounts which the University shall have deposited to the Construction Fund from sources other than the proceeds of the 1964 Bonds, shall be transferred to the University, and any balance thereof remaining in the Construction Fund shall be transferred to the credit of the Debt Service Reserve Account.

Section 5. Payments to Debt Service Fund. In addition to the payments to be made to the Debt Service Fund from the remainder in the Dormitory Revenue Account pursuant to Paragraph THIRD of Section 15 of the Original Bond Resolution for debt service on the 1953 Bonds, the 1961 Bonds and the 1963 Bonds, there shall also be paid therefrom into said Debt Service Fund (1) on or before March 15 and September 15 of each year beginning after delivery of the 1964 Bonds, to the credit of the Interest Account an amount equal to the amount of interest due on the next ensuing interest payment date on all 1964 Bonds outstanding, provided that the amount so payable on any such date into the Debt Service Fund shall be reduced by the amount then available in the Debt Service Fund from the proceeds of the interest and capitalized interest deposited therein pursuant to Paragraph FOURTH of this Resolution; (2) on or before January 1, 1967, and on or before March 15 and September 15 of 1967 and of each year thereafter, to the credit of the Bond Account, an amount equal to one-half of the principal due on the next ensuing principal maturity date on all 1964 Bonds. In addition to and after the payments to be made into the Debt Service Fund pursuant to paragraph FOURTH of Section 15 of the Original Bond Resolution to make up any deficiency, if any, in the payments required by paragraph THIRD of Section 15 of the Original Bond Resolution, there shall also be paid from the remainder in the Dormitory Revenue Account into the Debt Service Fund promptly after the end of each fiscal year to the credit of the Debt Service Reserve Account, in the Debt Service Fund, an amount at least equal to 40% of the amount to be paid into the Bond and Interest Accounts on account of the 1961 Bonds, the 1963 Bonds, the 1964 Bonds and any other Additional Bonds during the preceding fiscal year, plus such amounts as may be necessary to make up any deficiency in any payments in prior years to such Debt Service Reserve Account, until, and from time to time to the extent necessary so that, the funds and/or investments in or to the credit of the Debt Service Reserve Account shall have a balance equal to the principal of and interest on the 1961 Bonds, the 1963 Bonds, the 1964 Bonds and any other Additional Bonds as the case may be, due in the then current fiscal year and the next following fiscal year. The Debt Service Reserve Account is irrevocably pledged to, and shall be used by the Paying Agent, without further direction, for the payment of the principal of and interest on the 1963 Bonds, the 1964 Bonds and any other Additional Bonds if other available funds are insufficient for that purpose and to the extent of any excess over the required reserves as provided, shall be used by the Paying Agent upon direction of the Treasurer of the University, or his successor in duties, for purchase or redemption of Bonds. Until required for such purposes moneys in said account shall, at the direction of the Treasurer of the University, be invested in, or his successor in duties, be invested in, bonds or notes of the United States maturing not more than five years from the date of such investment which investments may be sold, exchanged and collected from time to time as so directed. In determining the balance of the Debt Service Reserve Account at any time, the unpaid balance of the Debt Service Reserve Account shall be valued at its face amount or market value, whichever is lower. The interest on and proceeds of such investments shall constitute a part of the Debt Service Reserve Account. No further payments need be made to the Debt Service Reserve Account as provided for in this Section so long as the amounts in the Debt Service Fund aggregate at least the total principal and interest payable on all Bonds then outstanding to the dates of their respective maturities.
Section 6. General. The appropriate officers of the University and the Board, the architects and engineers employed by the University, and the Paying Agents are authorized and directed to do all things necessary or proper to carry out the terms and provisions of this Resolution, the Original Bond Resolution, and the Sale referred to in Section 3 above, and to effect the execution, sale and delivery of said 1964 Bonds in accordance therewith. The obligations imposed upon the University under this Resolution and the Original Bond Resolution are established as duties specifically enjoined upon the University, the Board and the officials of the University by law and result from their respective offices, trust or stations within the meaning of Section 2731.01 of the Revised Code of Ohio. The terms and provisions of the Original Bond Resolution, to the extent not inconsistent herewith, are hereby ratified, confirmed and adopted and made applicable to the 1964 Bonds.

Section 7. Terms. References herein to the "Dormitory Revenue Account" and the "Surplus Revenue Account" therein, and to the "Debt Service Fund" and the "Bond Account" and "Interest Account" therein, constitute references to such funds and accounts so denominated and established pursuant to the Original Bond resolution.

Section 8. Amendments. The Board by and with the written consent of the holders of at least two-thirds in principal amount of the 1964 Bonds at the time outstanding (excluding Bonds then held or owned by the Board or the University) may modify or amend any covenant, condition or provision of this Resolution provided that no such modification or amendment shall permit or effect a change in the redemption provisions or in the maturity or principal of any 1964 Bond or of any installment of interest or the reduction in the amount of the principal thereof or the rate of interest thereon without the consent of the holder of such 1964 Bond, nor shall permit the imposition upon the receipts of any charge or lien ranking equal or prior to the pledge contained in this Resolution, or in the Original Bond Resolution, nor shall reduce the percentage of the principal amount of the 1964 Bonds consent of the owners of which is required to effect a modification or amendment of the provisions of this Resolution.

Such modification or amendment shall become effective and binding upon the Board, the Paying Agents and the holders of all 1964 Bonds and the coupons appurtenant thereto when there shall have been filed with the Paying Agent the written consents of the percentage of holders herein required and there shall have been published, in the same manner provided herefor of notice of call of bonds for redemption, a notice stating the substance of the modification or amendment and that it has been consented to by the holders of the requisite percentage of the 1964 Bonds, the first publication thereof to be made not more than sixty days after the filing of such consents.

Section 9. Form of 1964 Bonds. The text of the coupon form of the 1964 Bonds and the coupons, if any, to be attached thereto, and the text of the fully registered form of 1964 Bonds shall be substantially in the following forms with such variations as may be approved by the President and the Treasurer of the University, provided that such Bonds shall contain no terms or provisions inconsistent with the Original Bond Resolution or this Resolution.

UNITED STATES OF AMERICA

BOWLING GREEN STATE UNIVERSITY

DORMITORY REVENUE BOND, 1964 SERIES

No. $5,000

KNOW ALL MEN BY THESE PRESENTS, that Bowling Green State University, a State University of the State of Ohio, and its Board of Trustees (herein collectively called the University) jointly and severally acknowledge themselves to owe and for value received hereby promise to pay, from the revenues and in the manner hereinafter set forth, to bearer, or, if registered, to the registered holder hereof, the sum of

FIVE THOUSAND DOLLARS

on the first day of April, 19 , with interest thereon from the date hereof at the rate of

1/2% per annum, payable semiannually on the first day of April and the first day of October in each year commencing September 19 , as evidenced by the coupons hereto attached, until the principal sum is paid. The principal sum and interest thereon are payable in lawful money of the United States of America at the principal office of The Toledo Trust Company in the City of Toledo, Ohio, or its successor as Paying Agent, or, at the option of the holder, at the principal office of

in the Borough of Manhattan in the City and State of New York, without deduction for their costs of constructing and equipping a dormitory quadrangle with dining and other appurtenant facilities, referred to in the resolution of the Board duly adopted October 2, 1964.

This Bond is one of a duly authorized series of Bonds, herein called the Bonds, or like tenor and effect, except as to redemption provisions, interest rate, number and maturity, aggregating in amount $5,500,000 and issued pursuant to and in full compliance with the general laws of the State of Ohio, and particularly Section 3345.07 of the Revised Code, and pursuant to resolutions duly adopted by the Board of Trustees on April 23, 1955 and October 2, 1964 (herein collectively called the "Bond Resolution"), for the purport of constructing and equipping a dormitory quadrangle with dining and other appurtenant facilities, referred to in the resolution of the Board duly adopted October 2, 1964.

The Bonds are subject to redemption prior to maturity at the option of the Board, either in whole or in part, on October 1, 1974, or any interest payment date thereafter at par and accrued interest to the date of redemption, plus redemption premium as follows; 4% if redeemed October 1, 1974 to April 1, 1979, inclusive; 3% if redeemed October 1, 1979 to April 1, 1984, inclusive; 2% if redeemed October 1, 1984, to April 1, 1989, inclusive; 1-1/2% if redeemed October 1, 1989 to April 1, 1994, inclusive; and without redemption premium if redeemed thereafter.
The Bonds are negotiable instruments but anything in the Bonds or the Bond Resolution to the contrary notwithstanding, neither the Bonds nor the indebtedness evidenced thereby shall constitute a claim against or lien upon any property of the State of Ohio or any property of or under the control of the Board of Trustees excepting such parts of the property of or under the control of the University as the University has pledged pursuant to the Bond Resolution and the Bonds to secure the payment thereof, nor shall the general resources of the University or of the State of Ohio be required to be used for, nor the general credit of the University or of the State of Ohio be pledged to the payment of the Bonds or interest thereon, or the performance of any duty or obligation provided for in the Bond Resolution or said Bonds, provided, however, that nothing herein shall be deemed to prohibit the University from using, of its own volition, any other funds held by it and available for use in performance of any of the duties and obligations, or in payment of any of the liabilities, provided for in the Bond Resolution or said Bonds.

The Bonds, together with the Dormitory Revenue Bonds, 1955 Issue, 1961 Series and 1963 Series, hereof issued pursuant to the Bond Resolution and such Additional Bonds as may be issued on a parity therewith, are, and are to be, equally and ratably secured by the pledge of the net receipts of the Pledged Dormitories, as defined in the Bond Resolution, subject to the provisions thereof, and by the other terms, covenants and conditions contained in said Bond Resolution, and the University agrees to perform the terms, covenants and conditions thereof. Reference is hereby made to the Bond Resolution for a more complete description of the nature and extent of the security, the rights of the holders of the Bonds and coupons and the terms and conditions upon which the Bonds and coupons are, and are to be, issued and secured, to all of the provisions of which Bond Resolution each holder, by the acceptance hereof, assents.

The Bonds are issuable as coupon Bonds, registrable as to principal in the denomination of $5,000, and as registered Bonds of $5,000 and any multiple thereof. As provided in the Bond Resolution, registered Bonds without coupons may be exchanged for coupon Bonds bearing interest at the same rate, maturing on the same date, and having attached thereto all unmatured coupons and any matured coupons in default or for registered Bonds without coupons bearing interest at the same rate and maturing on the same date, of authorized denominations, and coupon Bonds bearing all unmatured coupons and any matured coupons in default may be exchanged for registered Bonds without coupons bearing interest at the same rate and maturing on the same date.

This Bond may be registered as to principal only in the name of the owner of the books kept by or on behalf of the University for that purpose at the principal office of the Paying Agent, such registration to be noted hereon, after which no transfer hereof shall be valid unless made on said books by the registered owner in person, or by his duly authorized attorney, and similarly noted hereon; but this Bond may be discharged from registration by being in like manner transferred to bearer, after which it shall again become transferable by delivery; and this Bond may again and from time to time be registered or discharged from registration in the same manner. Such registration, however, shall not affect the negotiability of the coupons which shall remain negotiable to be payable to bearer and be transferable by delivery. The University and the paying agents above named may deem and treat the bearer of this Bond, or, if this Bond be registered as herein authorized, the person in whose name it is registered, and the bearer of any coupon attached thereto, as the absolute owner of this Bond or of said coupon for the purpose of receiving payment of, or on account of, the principal, premium, if any, and interest due hereon for and for all other purposes.

RESOLVED, that the President of the University is authorized and directed to establish from revenues consisting of amounts for capital facility additions and improvements, and bonds principal, interest, and reserves as required; and

RESOLVED, that prior to the sale of Dormitory Revenue Bonds to be issued to pay a part of the cost of the Project, the President and the Treasurer of the University are hereby authorized to make changes in the terms and provisions of such Bonds, including, without limitation to, a change in the designation of such Bonds to "Dormitory Revenue Bonds, 1965 Series", a reduction of the principal amount of the Bonds with related changes in the maturity schedule thereof, and to solicit offers or bids for the purchase of said Bonds on such terms; provided that such changes shall not be substantially adverse to the University that the principal amount of said Bonds shall not be increased, that the security for said Bonds shall not be altered, that the maximum maturity, maximum interest rate and the maximum redemption premiums of said Bonds shall not be increased, and that the provisions for method of taking such Bonds as set forth in the Resolution authorizing such Bonds shall not be altered; and said changes shall be reported to this Board at its next meeting for approval and the said Resolution shall be spread on the minutes as so changed; and

Life Sciences Building

Mr. Brown moved, Mr. Simmons seconded, that the following resolution concerning the Life Sciences Building be adopted. All members voting "aye," the motion carried.

RESOLUTION CONCERNING LIFE SCIENCES BUILDING

WHEREAS, it has been determined by the faculty and administration of Bowling Green State University that the constructing and equipping of a new Library is most urgent to meet the critical need for the enhancement of the intellectual pursuits of all its students, and is necessary to permit the acceptance of additional students, and is necessary to provide study and research facilities for the expansion of academic programs, and

WHEREAS, the General Assembly of the State of Ohio has recognized the need for additional library facilities in an appropriation of $3,401,500 for the construction of said facility, and

WHEREAS, architectural services have been secured for the purpose of developing plans and specifications for said facility, such plans and specifications indicating that the amount appropriated by the General Assembly of the State of Ohio is inadequate to provide library facilities consistent with the rapidly increasing student body and faculty, and the expansion of programs of study, and

WHEREAS, the need for such facility is so urgent that the plans and specifications have been developed in two phases to permit the taking of construction bids for that portion of the Library which can be constructed from available funds as soon as possible; the remainder of the building to be designed to permit the taking of alternate bids if additional funds from other sources can be made available, and

WHEREAS, the Congress of the United States recently passed the Higher Education Facilities Act of 1963, which makes available financial assistance for the construction of qualified college and university library buildings.

NOW, THEREFORE, BE IT RESOLVED, that the President and other appropriate officers of the University be authorized to approve final plans and specifications for the proposed Library facility, and that said officers be authorized to make application to the United States Department of Health, Education, and Welfare for financial assistance for the construction and equipping of the proposed Library in its entirety, and to provide the federal government with the necessary items of "assurance" required by the Higher Education Facilities Act, and any other certifications that may be required by any federal or state agency; and that the President or his designee be authorized to serve as the official representative of the University in all matters pertaining to such application; and

BE IT FURTHER RESOLVED, that the President or the appropriate officer of the University be authorized to do any and all things necessary for the implementation of construction contracts and the completion of the project as may be deemed necessary by agencies of the federal government or the State of Ohio.

Student Health Center

President Jerome recommended approval of the proposal concerning the new Student Health Center which will be built on Ridge Street where the present "Leedom property" is now located. Following discussion the following action was taken:

RESOLUTION CONCERNING STUDENT HEALTH CENTER

WHEREAS, the Ohio General Assembly has appropriated by the Ohio General Assembly for this building.

WHEREAS, architectural services have been secured for the purpose of developing plans and specifications for said facility, such plans and specifications indicating that the amount appropriated by the General Assembly as part of the University's share of the $250,000,000 bond issue passed last year. President Jerome explained that the University will apply for a grant from the Federal Government in order to complete this facility as planned and that approval of this proposal will give the University authority to make application to the Department of Health, Education and Welfare for funds to supplement the amount of $2,611,500 estimated to be approximately $1,100,000, shall be paid from funds other than State-appropriated funds, which may be used lawfully for this purpose.

All members voting "aye," the motion carried.

Library

In presenting this proposal, President Jerome told Board members that this building is particularly significant in the development of educational facilities for an expanding enrollment. The University will make application to the United States Department of Health, Education and Welfare under the Higher Education Facilities Act of 1963 for additional funds to supplement the $3,401,500 appropriated by the Ohio General Assembly as part of the University's share of the $250,000,000 bond issue passed last year. President Jerome pointed out that without federal assistance it will not be possible to build the upper two floors of the library as planned and that without this space the library would not satisfy the University's near-term needs.

Mr. White moved, Mr. Donnell seconded, that the following resolution concerning the new library building be adopted. All members voting "aye," the motion carried.

BE IT FURTHER RESOLVED, That the President or the appropriate officer of the University be authorized to do any and all things necessary for the implementation of construction contracts and the completion of the project as may be deemed necessary by agencies of the federal government or the State of Ohio.

University Television Station

President Jerome stated that this facility, costing approximately $145,000, will house studios, offices and engineering control rooms, that the alternative to building this facility would be to allocate for this purpose presently used and much needed classroom space in University Hall. He added that the two sites being considered are east of Troup Avenue and south of Urschel Apartments, and on the south campus east of what is known as the Urschel Pond and south of Clough Street.

It was moved by Mrs. Ward and seconded by Mr. White that the President and the Treasurer of the University be authorized to do any and all things necessary to proceed immediately with plans and specifications for and construction of a television building of approximately 10,000 square feet at a cost of approximately $145,000, such amount to be paid from other than State-appropriated funds, which may be used lawfully for this purpose.

All members voting "aye," the motion carried.

Changes in Campus Traffic Regulations

Mr. Ernsthausen moved, Mr. Donnell seconded, that the University Motor Vehicle Regulations as adopted by the Board of Trustees on March 8, 1963, be revised as indicated in the printed announcement "You and Your Automobile"—September 1964.

Mr. Simmons stated that he would send letters to the survivors of the two deceased members of the University staff--Daniel Crowley and Dr. John H. Marsh and submit copies at the next Board meeting.

Changes in Constitution of the University Alumni Association

Mr. Simmons explained to the trustees the significant changes in the revised copy of the constitution of the University Alumni Association. He stated that these changes had already been approved by the Board of Directors of the Alumni Association but that approval of the Board of Trustees was needed. Mr. Simmons explained that the Alumni Association originally needed the assistance of the University in getting a program under way. The directors now feel that the Alumni Association by working as an independent body can contribute more to the University in the years to come.

Mr. Simmons moved, Mr. White seconded, that the following revised Constitution of the University Alumni Association be approved. (Significant changes underlined)

The following members voted "aye": Messrs. Brown, Canary, Donnell, Dorfmeyer, Ernsthausen, Schuyrm, Simmons, White. Mrs. Ward abstained. Motion carried.

1965-67 Biennium Budget Request

The biennium budget for 1965-67 which was sent to each Board member and which was filed with the Board of Regents on August 31, 1964, was unsatisfactory, according to President Jerome. Additional funds would have to be obtained from sources other than state funds if the University is to handle increased enrollments and expanded graduate programs.

Capital Improvements Requests

A copy of the Capital Improvements request for the next three biennium as submitted to the Board of Regents on September 30, 1964, was handed to each member of the Board for review and comment. President Jerome called attention to the summary of capital expenditures for the last ten years from state-appropriated funds and other than state-appropriated funds. During this period, $20,132,684 came from other than state-appropriated funds and $8,576,457 came from state-appropriated funds. For projects now in progress, $6,671,091 were derived from other than state-appropriated funds and $755,394 from state-appropriated funds.

Operating Budgets for Auxiliary Enterprises for 1964-65

Mr. Kreischer distributed a copy of the detailed operating budgets for auxiliary enterprises for the year 1964-65 to each Board member and indicated that each enterprise would operate without a deficit under these projections.

Resume of Capital Improvements

The President presented the following progress report on capital improvements:

Football Practice Field. During the summer months, a great deal has been accomplished in this area. Four new practice football fields were tiled, graded, and crowned. Presently an underground irrigation system is being installed prior to the final grading and seeding of the four areas. These fields are located north and east of the Stadium site.
Proceedings, Trustees Bowling Green State University

October 2, 1964

Golf Course. In the golf course area, all tees and sand traps were constructed thereby completing the final phase of this development. There should be no question as to the availability of this area at the opening of the season in the spring of 1965.

Water Conservation. Due to the inadequacy of our water supply in the Athletic Facilities area, it was mandatory that we find an additional water supply. The first attempt was made by drilling a well adjacent to the six-million-gallon reservoir ponds to augment the supply. It was our hope that this would supply an adequate amount of replacement water. The results of the drilling produced only 1,600 gallons per hour, which proved to be inadequate for our needs.

The next step taken was to divert water from Poe Ditch by pumping into the pond areas. With a potential capacity of more than a million gallons of water a day, this source proved adequate. The State Department of Health and local officials were brought into this operation; and as a result of weekly bacteriological testing, it was found that the diverted water carried a purification rating to that received from the average domestic water faucet in the city of Bowling Green. This procedure will assure us of an unlimited water supply in the entire Athletic Facilities area.

Varsity and Freshman Baseball Fields. A complete renovation of the turf and special areas of these fields was undertaken this summer, along with the installation of additional underground irrigation piping. The success of this undertaking can best be summed by a statement of the baseball coach in which he states, "The fields are excellent."

Paving Lot No. 6. Plans were drawn and a contract, in the amount of $86,440.40, was awarded to the Bowers Asphalt and Paving Company for the construction of a 720-car storage parking lot. This lot is located along Wooster Street and east of Harshman Quadrangle. This project should be completed by the middle of November.

University Laundry. Installation of the new laundry equipment was completed during the summer in the new Laundry area, located in the basement of the new Commons. The Laundry is now in complete operation, with greatly expanded capacity.

Williams Hall. Conversion of Williams Hall from dormitory usage to that of faculty offices has been completed and all faculty personnel moved into their new offices. It is quite apparent that this conversion has produced 60 excellent faculty offices.

Prout Hall Lounges. Complete renovation of the Prout Hall lounge furniture was accomplished and ready for use of the residents at the opening of the fall semester.

Home Management House. The remodeling necessary to convert the Ursachel Apartments into a Home Management Center for the Department of Home Economics has been completed and is in use by the Home Management personnel.

Health Center Annex. A new Health Center Annex was constructed in the basement of Shatze1 Hall to replace the structure which will be demolished at the start of construction of the new Health Center. It is our estimate that the quarters in the basement of Shatze1 Hall will be required for approxi- mately two years.

Alumni House. Conversion of the former Home Management House, located on East Wooster Street, was completed to house the Director of Alumni Relations, Director of Development, Coordinator of Student Activities, and Coordinator of University Space Assignments. This remodeling provides a beautiful and functional operation for these activities.

Addition to the Heating Plant. Construction started late in the summer on the Addition to the Heating Plant, and the work is proceeding on schedule. The delays in the release of these funds by the State of Ohio may prove to be very critical during the current heating season since it will be impossible to complete this addition in time to be of any assistance this year. Should we experience a severe winter, any major breakdown of one of our boilers will force us to a serious curtailment of our steam supply.

Harshman Quadrangle. While the final inspections on the construction of this building have not been completed, all occupants were housed in the building at the opening of the school year without major inconveniences. It is anticipated that a final inspection on the entire project will be held on October 13, 1964.

Miscellaneous Improvements. Dozens of minor improvements were made throughout the campus area during the three summer months. Among these were:

1. Construction of six new faculty offices and attendant facilities for the Women's Health and Physical Education Department, located in the old Laundry area of the Women's Building.
2. Renovation of a property at 225 Thurston (the Mayfield House) to house the International Student Center and the Alpha Phi Omega service fraternity.
3. Construction of three faculty offices in a room in the Men's Gymnasium for the use of the Men's Health and Physical Education Department.
4. Conversion of two locations in Hayes Hall for the use of the College of Business Administration.
5. Construction of six additional areas in the new Administration Building.
6. Landscaping and plantings around the President's residence at 625 Hillcrest. Landscaping, fencing, and decking around the swimming pool area at 625 Hillcrest. Completion of the bedroom-study addition to the President's House.
7. Conversion of Rodgers Northwest into a fraternity house.
8. Interior and exterior painting of a large number of buildings on campus.
New Capital Improvement Projects

University Health Center. The architectural firm of Munger, Munger, and Associates, of Toledo, Ohio, are working on the basic drawings for this facility. It is anticipated that the final working drawings and specifications will be completed and ready to advertise shortly after the first of the year.

Science Complex. Richards, Bauer, and Moorhead, of Toledo, Ohio, are finalizing the preliminary planning on Phase I of the Science Complex. It is anticipated that the final working drawings and specifications will be completed and ready for advertising in the late spring of 1965.

University Library. Mr. Carl Bents, the State Architect, is preparing final working drawings and specifications on the Library. This building should be ready to advertise in late December, 1964, or early January, 1965.

New Television Studios. The firm of Buehrer and Stough, of Toledo, Ohio, have been selected to prepare the plans and specifications for the Television Studios. The schedule for this structure calls for advertising in early January, 1965, in order that the building may be equipped and ready for operation during September 1965.

Ph.D. Program in Speech

President Jerome recommended that a program of graduate studies leading to the degree of Doctor of Philosophy in Speech be authorized. Rule No. 5 of the Ohio Board of Regents which includes the guidelines under which the University had been operating in developing this program was distributed and discussed.

President Jerome stated that the program, if approved by the Board of Trustees, would be submitted to the Board of Regents for appraisal and analysis, with a request for authorization to begin the program in September 1965.

It was moved by Mrs. Ward and seconded by Mr. Simmons that the proposed program leading to the degree of Doctor of Philosophy in Speech as recommended by the Graduate Council, the Academic Council, and the University Provost, with the endorsement of President Jerome, be approved and that requests be submitted to the Board of Regents for authorization to start the program beginning with the fall 1965 semester.

All members voting "aye," the motion carried.

Emeriti

President Jerome presented to the Board the names of six faculty members who retired this year from active duty and asked the Board's approval of their life appointment as emeriti members of the faculty. He stated that his proposal was based on the unanimous recommendation of the four deans and the concurrence of Dr. Paul Leedy, Provost. He expressed the opinion, however, that the granting of emeriti status to retiring faculty members be customary practice.

Mr. Simmons moved, Mr. Dorfmeyer seconded, that the faculty members listed below who retired from active duty this year be appointed as emeriti members of the faculty.

All members voting "aye," the motion carried.

President Jerome expressed his appreciation to the Board of Trustees for their cooperation and support during the inaugural proceedings. He told the trustees that Dr. Tolley, Chancellor of Syracuse University, had written that he had never attended any affair that was better handled. Other friends had commented the same. The inauguration was a total University undertaking which involved nearly everyone. He complimented Dr. Platt for his part in the inauguration and stated that he had heard many fine comments about his remarks at the ceremony.

President Jerome mentioned that Lester Perry, Charles Perry's father, had made the first contribution as a charter member of the Falcon Club; that Charles Perry as Director of Development had inaugurated the program to solicit money for the University.

Mr. White called the Board's attention to the article about Doyt Perry in the September 28 Sports Illustrated magazine and commented that he thought this very good publicity for the University.

Several of the trustees stated that they had heard many fine comments about the inauguration. President Jerome indicated that the inaugural proceedings will be edited and published. He also hoped to get the faculty to submit position papers on the issues raised during the inauguration. Such papers would be helpful to long-range planners and to a critical examination of the University's academic posture.
Mrs. Ward moved, Mr. Ernsthausen seconded, that the Board's thanks be expressed for the help given during the inauguration ceremonies. All members voting "aye," motion carried.

President Jerome told the trustees that he would be pleased if several Board members would meet with the "squatters" from Caudill, Rowlett and Scott, consultants on long-range planning for the University. The "squatters" would be on campus the week of October 10 and all department chairmen were invited to attend the meetings. "This visit can be very critical and I want to make certain that the Board is well represented at these meetings," he said.

There being no further business, Mr. Schwy needs called for a motion to adjourn. Mr. Simmons moved, Mr. White seconded, that the meeting be adjourned. All members voting "aye," motion carried and meeting adjourned at 3:30 p.m.

Resolution from University Faculty Senate on Selective Admissions.

President Jerome presented a memorandum addressed to him from Grover Platt, Chairman of the Executive Committee of the Faculty Senate, which contained the following resolution—the intent of which is to strengthen the stand of Dr. John D. Millett, Chancellor-Director of the Ohio Board of Regents, on the problems of selective admissions:

BE IT RESOLVED that the Senate go on record as endorsing the principle that state universities in Ohio be permitted to operate on a policy of selective admissions; and further, that this endorsement be submitted to the Board of Trustees for transmittal to the Board of Regents.

After discussion the Trustees requested that no formal action be taken until a further study of selective admissions is made, but that President Jerome—in keeping with the request of the Senate Executive Committee—forward to Dr. Millett the resolution as passed by the Senate indicating the position taken by Bowling Green State University Faculty on admissions policy.

Recommendation of Evaluation Committee on operation of the Report of the Faculty Study Committee.

The resolution approving the Report of the Faculty Study Committee, which was adopted on October 3, 1963, by the Board, included the provision that a Joint Faculty and Administrative Committee be appointed to report to the President for transmittal to the Trustees at annual periods for the next five years. President Jerome presented the report of the committee, the members of which are: Dean Lloyd A. Helms, Chairman; Dr. Gilbert Abcarian, Associate Professor of Political Science; Dr. Robert Henderson, Professor of Business Administration; and Dr. Mary Watt, Professor of Health and Physical Education.

It was moved by Mr. Brown and seconded by Mrs. Ward that the report of the faculty and administrative committee, which evaluated the first year of operation under the recommendations of the Trustee-appointed Faculty Study Committee, be accepted; that the committee's recommendation "that no major change be made in the Charter of the University Faculty at least through the academic year of 1964-65" be approved; that the areas of concern as identified by the committee be subject to continuing observation; and that President Jerome express to each member of the committee the appreciation and thanks of the members of the Board for his efforts and work in completing this assignment.

All members present voting "aye," the motion carried.

Proposal to establish a program of study at the graduate level leading to (1) the degree of Doctor of Philosophy in Psychology, and (2) the Master of Arts degree in Geography.

The proposal of the Department of Psychology, endorsed by the Graduate Council, the Academic Council, the Provost, and recommended by President Jerome, was discussed. President Jerome indicated that the program would include studies in the areas of clinical-general-theoretical-experimental and industrial psychology. He described research in psychology as "one of the frontier areas in which the University could make a great contribution."

Following the discussion, it was moved by Mr. Canary and seconded by Mr. Dorfmeyer that a program leading to the degree of Doctor of Philosophy in Psychology, as recommended by the Graduate Council, the Academic Council, and the University Provost, with the endorsement of President Jerome, be
