After due notice the Trustees met in the Board Room of the Administration Building on July 22, 1965, the following members being present: Delmont Brown, Robert Dorfmeyer, Sumner Canary, J. C. Donnell II, John Ernsthausen, Carl Schwen, Dudley White, Jr., and trustees Mrs. Anita Ward, the late Guy M. Hening. (Mr. Nearing has been appointed by the Governor but not yet confirmed to succeed Mr. Schwyn.)

Also present at the meeting were President Jerome, E. J. Kreischer, E. C. Ringer, Paul Moyer, Dr. Paul Leedy, Dr. Melvin Hyman—Chairman of the University Faculty Senate, and Mr. Joe Cortese representing the law firm of Squire, Sanders & Dempsey, Cleveland, Ohio.

The President of the Board called the meeting to order at 2:40 p.m. Mrs. Ward moved, Mr. Brown seconded, that the minutes of the meeting of March 5, 1965, be approved. All members voting "aye," motion carried.

President Jerome presented three resolutions concerning financing and construction of (1) student health facilities building, (2) student activities building, (3) a new stadium, and (4) ice arena. He explained that these were enabling resolutions and are necessary to provide for the issuance of bonds to finance these student facilities which the state will not finance by appropriation of state funds. He commented that this is one of the problems of university administration...the state appropriations will finance construction of academic buildings but not student facilities such as those contemplated now.

Following a brief discussion Mr. Donnell moved, Mr. Dorfmeyer seconded, that the following resolution providing for the issue of $7.5 million Student Facilities Bonds be adopted. The following members voting "aye," the president of the Board declared the resolution unanimously adopted: Messrs. Brown, Canary, Donnell, Dorfmeyer, Ernsthausen, Schwyn, Simmons, White, and Mrs. Ward.

Section 3. Sale of the Project Bonds. Subject to the provisions of Section 2 hereof, the Fiscal Officer of the University is hereby authorized to offer the Project Bonds for sale, by solicitation of proposals from investment bankers and others or by advertisement or both, to the bidder submitting the highest bid based on the lowest net interest cost and to award the Project Bonds to such highest bidder at a purchase price of not less than 98% of par and not more than 102% of par, plus accrued interest; all in such manner and form as he may choose, together with such other terms, conditions and limitations as he may deem advisable: a maximum rate of interest less than the maximum rate provided in Section 2 hereof; a purchase price or range thereof within the aforesaid limits, a maximum number of different interest rates; and a maximum difference between the highest interest rate and the lowest interest rate. There shall not be more than one interest rate for any single maturity, each Bond must bear interest from its date until its fixed maturity date, subject to its redemption provisions hereof, and each coupon Bond shall be delivered by the University to the Original Purchaser with all interest coupons attached. The University shall provide the printed bonds and the cost of printing shall not be considered in determining the highest bid. The successful bidder to whom the Project Bonds shall be awarded pursuant hereto is herein sometimes called the "Original Purchaser."

Section 4. Allocation of Proceeds of the Project Bonds - Construction Fund - "Project Costs". The proceeds of all the Project Bonds shall be allocated and applied by the University as follows in the following order of priority:

(1) To the Student Facilities Debt Service Fund, established pursuant to Section 5 hereof, the portions of such proceeds representing accrued interest to the date of delivery plus such additional amount as shall be necessary to pay interest on the Project Bonds from such date of delivery to December 1, 1968.

(2) To the Facilities Debt Service Reserve Fund, established pursuant to Section 5 hereof, the portion of the proceeds representing premium, if any, above par.

(3) To the University or its obligees, the amounts, if any, necessary to retire notes issued or to repay borrowings or advances made prior to the delivery of the Project Bonds to pay the Project Costs, all to the extent permitted by Section 3345.11 of the Revised Code of Ohio.

(4) The balance to the 1965 Student Facilities Construction Fund (herein called Construction Fund), hereby established for the Project, to be held by the University in a separate deposit account, except when invested as hereinafter provided, and used to pay Project Costs. The Fiscal Officer is hereby authorized and directed to establish and maintain said deposit account with a bank or trust company which is a member of the Federal Deposit Insurance Corporation.

The Fiscal Officer of the University shall apply said Construction Fund to the payment of Project Costs. As used in this Resolution, the term "Project Costs" shall include, without intending thereby to limit or restrict any proper definition of such costs under any applicable laws or sound accounting practice, the initial and construction costs of constructing, equipping and furnishing the Project, including site improvements, utility connections and all things necessary or incidental thereto, and including all costs and expenses of architectural, engineering, legal and other professional services, administrative and clerical services, and expenses, interest accruing prior to occupancy of the Project (both on temporary financing and on the Project Bonds, but excluding accrued interest paid as part of the purchase price of the said bonds), all costs incurred in connection with the issuance, sale and delivery of the Project Bonds and all other necessary and miscellaneous expenses related to the financing and construction of the Project and placing it in operation. If the proceeds are made with respect to an obligation under a construction contract relating to the Project, such payment shall be made only upon certification by a qualified architect or engineer that such payment is due under such contract.
Proceedings, Trustees Bowling Green State University  

July 22, 1965

The Construction Fund may be invested by the Fiscal Officer of the University in direct obligations of the United States, or obligations the principal and interest of which is guaranteed by the United States, with such maturities or redemption provisions as will provide funds when needed to pay Project Costs. Such investments of the proceeds of sale thereof shall constitute part of the Construction Fund and shall be maintained separately from other investments or funds of the University. Interest on such investments may be paid to the Student Facilities Debt Service Reserve Fund, established pursuant to Section 5 hereof, or, if needed therefor, shall be applied to the purposes of the Construction Fund as from time to time determined by the Fiscal Officer of the University. The said investments shall be sold, exchanged or collected from time to time by the Fiscal Officer of the University.

The proceeds of the Project Bonds may, in the discretion of the Fiscal Officer of the University, be first deposited in their entirety to the Construction Fund, provided that within ten days after receipt the portions thereof to be deposited to other Special Funds, as provided in paragraphs number (1) and (2) of this Section, shall be transferred from the Construction Fund to said Special Funds and the portion to be transferred or applied as provided in paragraph number (3) above shall, at the appropriate time or times, be so transferred or applied from the Construction Fund. Any balance in the Construction Fund remaining after the transfers and application provided for in paragraphs (1), (2) and (3) of this Section and after paying all Project Costs or reserving therein such amounts as shall be necessary to pay the remaining Project Costs, but not exceeding amounts which the University shall have deposited to the Construction Fund from sources other than the proceeds of the Project Bonds and other than Student Facilities Fees collected after issuance of the Project Bonds, shall be returned to the University. Any balance thereafter remaining in the Construction Fund shall be transferred to the credit of the Student Facilities Debt Service Reserve Fund.

Section 5. Application of Receipts; Special Funds. There is hereby established special funds designated "Student Facilities Revenue Fund" (herein sometimes called the Revenue Fund), which fund shall be maintained as a separate and distinct fund on the records of the University, the moneys of which shall be deposited in the name of the University with a bank or trust company which is a member of the Federal Deposit Insurance Corporation, or invested as herein authorized, and which, subject to the withdrawals and uses herein authorized, is pledged to and charged with the payment of the principal, interest, and premium, if any, on all the Bonds.

From and after the issuance of the Project Bonds, all Pledged Receipts including Student Facilities Fee, shall be deposited in the Revenue Fund; provided, however, that prior to completion of the Project the University may deposit all or any part of the Student Facilities Fees to the Construction Fund so long as the Pledged Receipts, after such application to the Construction Fund, shall be adequate to pay the amounts required under paragraphs First and Second below of this Section 5.

The Revenue Fund shall be applied to pay when due Operating and Maintenance Expenses of the Pledged Facilities; provided, however, that nothing contained herein or in the Trust Agreement shall be deemed to prohibit the University of its own volition from paying such expenses, or any portion thereof, from other funds of the University lawfully available for the purpose.

The remainder of the Revenue Fund, after retaining therein such amounts as may be needed for payment of said Operating and Maintenance Expenses, shall be applied as follows and in the following order of priority.

First: Into the Student Facilities Debt Service Fund (herein sometimes called the Debt Service Fund), hereby established and to be held by the Trustee as a separate fund and used for the payment of principal and interest on the Bonds, (1) prior to May 15th and November 15th of each year, beginning with the first such date next preceding the first interest payment date of the Project Bonds, amounts as shall be sufficient, with other moneys on hand therein available for such purpose, to pay the interest due on the next ensuing interest payment date on all Bonds then outstanding; (2) on or before May 15th and November 15th of each year, beginning November 15, 1967, which equal semi-annual amounts as shall be sufficient, with moneys then on hand/available for such purpose, to provide for payment of the next ensuing serial principal maturity on the following June 1 on all Bonds then outstanding; and (3) prior to May 15th and November 15th of each year, beginning November 15, 1967, an amount equal to the largest Principal and Interest Requirements in any subsequent Fiscal Year on all Bonds then outstanding.

Second: Into the Student Facilities Debt Service Reserve Fund (herein sometimes called the Debt Service Reserve Fund), hereby established, to be held by the Trustee as a separate fund for the payment of the Bonds as herein provided, on or before May 15th and November 15th of each year, beginning November 15, 1967, an amount at least equal to 20% of the amount payable on such deposit date into the Debt Service Reserve Fund, to the extent and so long as necessary to create and maintain in said Debt Service Reserve Fund the required reserve, namely, an amount equal to the largest Principal and Interest Requirements in any subsequent Fiscal Year on all Bonds at the time outstanding.

Third: On May 15th and November 15th of each year, to the foregoing funds, such amounts as may be necessary to make up any previous deficiency in any deposits required by the foregoing paragraphs of this Section.

Fourth: So long as there is no deficiency in any of the deposits provided for in Paragraphs First through Third above, any amounts in the Revenue Fund, after reserving therein amounts sufficient to meet Operating and Maintenance Expenses of the Pledged Facilities and an amount equal to the next ensuing payment to the
Debt Service Fund and Debt Service Reserve Fund, may be used for any purpose of the University for which such funds may be lawfully used.

Notwithstanding the foregoing provisions, no payments need be made to the Debt Service Fund or the Debt Service Reserve Fund so long as the amounts in the Debt Service Fund and Debt Service Reserve Fund aggregate at least the total principal and interest requirements payable on all Bonds then outstanding to the dates of their respective maturities.

The Debt Service Fund is pledged to and shall be used by the Trustee for the payment of principal and interest on the Bonds, and until required for such purposes, shall be invested by the Trustee in such direct obligations of the United States, or obligations guaranteed as to both principal and interest by the United States, as the Executive or the Fiscal Officer of the University shall direct in writing addressed to the Trustee, which writing shall determine that the maturity, or first date of redemption at the option of the holder, of the respective obligations is not later than the date on which such funds will be required for payment of such principal and interest, provided that amounts therein deposited pursuant to paragraph First of this Section for the retirement of Bonds shall be invested and applied to such purpose in the manner provided in the Resolution authorizing such term Bonds. The Trustee shall transfer from the Debt Service Fund to the Paying Agents amounts sufficient to enable said Paying Agents to pay when due principal and interest on the Bonds, or the Trustee shall make such credit arrangements with said Paying Agents as to permit such payments.

The Debt Service Reserve Fund is pledged to, and shall be used by the Trustee for, the payment of principal and interest on the Bonds if other available funds are insufficient for that purpose, and, to the extent herein provided, for the purchase or redemption of Bonds. Until required for such purpose, moneys therein shall be invested by the Trustee in such direct obligations of the United States, or obligations guaranteed as to both principal and interest by the United States, as the Executive or the Fiscal Officer of the University shall direct in writing, which obligations shall mature, or be redeemable at the option of the holder, in not more than five years from the date of investment. The Trustee shall transfer from the Debt Service Reserve Fund to the Debt Service Fund such amounts as are necessary in addition to amounts available in the Debt Service Fund to pay when due the principal and interest on the Bonds.

Any amounts in the Debt Service Reserve Fund in excess of the required reserve provided for in Paragraph Second above may be used to purchase Bonds under this subdivision (a) upon or to redeem Bonds then subject to redemption to the extent and in the manner from time to time requested in writing by the Executive or the Fiscal Officer of the University. The purchase price of Bonds or the fair market value of Bonds purchased for cancellation of Bonds shall not exceed their then prevailing call price, if any, nor exceed their fair market value. In determining such excess over the required reserve, the required reserve shall be determined on the basis of only those Bonds to be outstanding after the redemption or purchase for cancellation of the Bonds to be redeemed or purchased with such excess.

The Fiscal Officer of the University may invest amounts in the Revenue Fund in direct obligations of the United States, or obligations guaranteed as to both principal and interest by the United States, maturing, or redeemable by the holder, in not more than five years from the date of investment, provided that the amounts and maturities of such investments shall always be such as to keep available in the Revenue Fund sufficient moneys for payment of Operating and Maintenance Expenses and for the deposits provided above at the times needed for such purposes.

Investments, including the interest and other earnings and proceeds of sale thereof, of any amounts in the Debt Service Fund and the Debt Service Reserve Fund shall be added to that particular Fund and used for the purpose of such Fund; provided, however, that income from investments of the Debt Service Reserve Fund, up to the amount of such Fund in excess of the required reserve therein, may at the option of the University be transferred at any time to the Debt Service Fund aggregate at least the total principal and interest on the Bonds to become due on future interest and principal payment dates. Such transfers shall be made by the Trustee upon the written directions of the Executive or Fiscal Officer of the University.

Investments of amounts in the Debt Service Fund and the Debt Service Reserve Fund shall be sold, exchanged or collected from time to time as directed by the Executive or the Fiscal Officer of the University, and the Trustee shall be under no liability and have no responsibility in connection with such investment, or the sale, exchange or collection thereof, provided the directions of the officer acting are followed. Investments of moneys in Special Funds shall be valued at their face value amount or market value, whichever is lower.

Section 6. Additional Bonds. (a) The University shall also have the right from time to time to issue Additional Bonds to provide funds for any purposes authorized by Section 3345.11 of the Revised Code of Ohio. The Trustee shall authenticate and deliver Additional Bonds under this subdivision (a) upon (but only upon) receipt of the documents required by the Trust Agreement and also a certificate of the Executive Officer and the Fiscal Officer of the University (1) showing that the Net Income Available for Debt Service (as defined in Section 10 hereof) is equal to or greater than one and twenty one-hundredths (1.20) times the largest Principal and Interest Requirements in succeeding Fiscal Year on all Bonds to be outstanding hereunder immediately following the issuance of such Additional Bonds, less such requirements on any Bonds or portion of fully registered Bonds which are to be redeemed or retired with the proceeds of such Additional Bonds, or with the proceeds of any Bond or Bonds theretofore issued, or to be redeemed or retired concurrently with issuance of such new Additional Bonds; (2) showing that there were not included in such Net Income Available for Debt Service any prior or deferred payments which there is any provision for the Operating and Maintenance Expenses of the Pledged Facilities; and (3) furnishing such other information in support of the foregoing as may reasonably be requested by the Trustee.
(b) In the case of Additional Bonds to be issued for the purpose of refinancing any Bonds, prior to authentication of such Additional Bonds there shall be delivered to the Trustee evidence satisfactory to the Trustee, (1) that a sufficient amount of moneys has been made available to assure that such moneys are sufficient to retire the Bonds to be refinanced or funded, (2) that moneys sufficient to pay interest to the extent of interest accruing prior to such retirement or funded, and are committed to such purpose, and (3) that moneys sufficient to pay interest to the extent of interest accruing from the date of the last payment on the Bonds or portions of fully registered Bonds to be paid in, and shall provide for deposit of the proceeds of sale thereof in the Debt Service Reserve Fund except to the extent of any moneys in such Special Funds in excess of the balances required to be maintained therein under the provisions of Section 5 hereof, the transfer of which excess moneys for such purpose is hereby authorized, or (ii) will be deposited to the Debt Service Fund from earnings on direct obligations of the United States deposited with the Trustee, or (iii) will be deposited to the Debt Service Fund from appropriate portions of the proceeds from the sale of such Additional Bonds pursuant to the resolution authorizing such Bonds, or (iv) will be available in the Debt Service Fund from any combination of the aforesaid sources.

(c) The resolution authorizing such Additional Bonds shall contain such provisions as necessary to distinguish them from other series of Bonds having different provisions. The Bonds shall be payable in lawful money of the United States and shall be registered as to principal in the name of the persons in whose names the same are registered as registered Bonds or in coupon form registrable as to principal, and shall be made payable to the order of the persons in whose names the same are so registered. The Bonds shall be executed in the manner provided in the resolution or resolutions authorizing their issuance or sale, provided, however, that such signatures or facsimiles of signatures shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until that time.

Notice of redemption of Bonds, specifying the designation and numbers (and denominations, if Bonds are issued in coupon form) of Bonds held for redemption, shall be published once a week in a financial journal of national circulation, the first publication to be not less than thirty (30) days prior to the redemption date. If Bonds or portions of registered Bonds are duly called for redemption and if on such redemption date moneys for the redemption of all the Bonds to be redeemed, together with interest to the redemption date, shall be held by the Trustee, or (b) or (c) as therein so as to be available therefor, then from and after such redemption date such Bonds or portions of registered Bonds shall cease to bear interest and any coupons for interest thereon maturing subsequent to the redemption date shall be void, and such Bonds or portions of registered Bonds shall no longer be deemed to be outstanding hereunder.

As provided herein, the Bonds shall be equally and ratably payable from, and secured by, a pledge of the Pledged Receipts including the Student Facilities except for the purposes of the Operating and Maintenance Expenses of the Student Facilities, and anything in the resolution, the Bonds or the Trust Agreement to the contrary notwithstanding, neither this Resolution, the Bonds, nor the Trust Agreement shall be a claim against or a lien upon any property of the State of Ohio or any property of or under the control of the Board except the Pledged Receipts including said Student Facilities Fee, and neither the State of Ohio nor the University shall be obligated to pay or provide for payment thereof from any funds except such Pledged Receipts, including said Student Facilities Fee; the Bonds are not general obligations of the State or the University, neither the full faith and credit of the State nor of the University are pledged to their payment and the Bondholders shall have no right to have any taxes levied, collected or applied for or to the payment of principal or interest thereon; provided, however, that nothing herein shall be deemed to prohibit the use, benefit, or ownership, of its own volition, from using to the extent it is lawfully authorized to do so, any of its other resources or revenues for the fulfillment of any of the terms, conditions or obligations of the Trust Agreement, this Resolution or any of the Bonds.
Section 8. Covenants of the University. The University covenants with the holders of the Bonds and with the Trustee as follows:

(a) The University will, while any of the Bonds remain outstanding, fix and adjust the fees, charges and rates comprising the Pledged Receipts, including the Student Facilities Fee, so that the receipts from the Student Facilities Fee will, together with other Pledged Receipts, be sufficient to pay the Operating and Maintenance Expenses of the Pledged Facilities and provide for the payment of the principal and interest on the Bonds and other payments to Special Funds required by Section 5 of this Resolution.

(b) From funds lawfully available, the University will cause the Project, and any project to be constructed from the proceeds of Additional Bonds, to be completed and equipped in an efficient and economical manner with reasonable dispatch, in compliance with all applicable laws, ordinances and regulations, and, if substantial construction is involved, in a manner consistent with the plans and recommendations of responsible architects or engineers.

(c) Subject to the right of abandonment under conditions provided in the Trust Agreement designed to prevent adverse effect of such abandonment on the expected earnings coverage of Debt Service, the University will maintain, preserve and keep the Pledged Facilities in good repair, working order and operating condition, or cause the same to be done, and will apply the Pledged Receipts only as provided in Section 5 of this Resolution and in the Trust Agreement.

(d) If requested in writing by the Trustee or Original Purchaser, the University will furnish to the Trustee and the Original Purchaser of the Bonds within 120 days after the close of each fiscal year an annual report of the accounts (including each Special Fund provided for in Section 5 of this Resolution) of the Pledged Facilities prepared by a qualified accounting firm operating generally throughout the United States, having a national reputation and approved by the Trustee, or prepared by the State auditing official if the same be acceptable by the Trustee or Original Purchaser making the aforesaid request for such annual report.

(e) The University will keep proper books of record and accounts separate from all other records and accounts, in which complete and correct entries will be made of all transactions relating to the Pledged Facilities and will at all reasonable times permit the Trustee, the Original Purchaser or any of their authorized representatives, to inspect the Pledged Facilities and any books, documents and vouchers relating thereto.

(f) The University will furnish heat, light, power, water and other necessary services to the Pledged Facilities at not in excess of reasonable cost.

(g) The University will insure the Pledged Facilities as required by the Trust Agreement and apply the proceeds of such insurance as provided therein.

(h) The University will observe and perform all its agreements and obligations provided for by the Bonds, the Trust Agreement or this Resolution.

Section 9. Trust Agreement. WHEREAS, the terms "Pledged Facilities", "Student Facilities Fee", "Facilities Charges", "Pledged Receipts", "Operating and Maintenance Expenses", "Special Funds", "Project" and "Project Costs" shall have the same meanings as used herein as are prescribed for them in Section 10 of the Bond Resolution; and

WHEREAS, Section 5 of the Bond Resolution provides that prior to completion of the Project all or part of the Student Facilities Fees may be deposited to the Construction Fund thereby established for the Project, so long as the Pledged Receipts after such application to the Construction Fund shall be adequate to pay the amounts required under paragraphs First and Second of Section 5 of the Bond Resolution; and

WHEREAS, the University has prior hereto levied as part of the Incidental Fee an amount of $25 per student per regular semester of the academic year and appropriated same to the Local Capital Improvement Fund and the Athletic Facilities Improvement Fund, pursuant to Revised Code Section 3345.11, in contemplation of construction of the Project; and

WHEREAS, this Board desires to make provision with respect to said Student Facilities Fee, Pledged Receipts and Local Capital Improvement Fund and the Athletic Facilities Improvement Fund, consistent with the Bond Resolution and Revised Code Section 3345.11; and does hereby determine that the provisions of this Resolution are consistent therewith and that the Student Facilities Fee herein provided for will be sufficient to satisfy the covenants of the University set forth in the Bond Resolution and the requirements of Revised Code Section 3345.11;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of Bowling Green State University, as follows:

Section 1. Levy of Student Facilities Fee. Commencing with the first semester of the 1965-1966 academic year, and until further action by the Board or by the President pursuant to Section 5 hereof, there is hereby levied and assessed and shall be collected a Student Facilities Fee in the amount of $25 per regular semester of the academic year for each full-time student and a proportionate amount for each part-time student and summer student, enrolled at the main campus of the University for the construction, acquisition, equipment, renovation, repair, improvement, remodeling and use of the Pledged Facilities. Until further direction of the Board, said Student Facilities Fee shall be collected as a part of the Incidental Fee, heretofore established, but is hereby specifically allocated therefrom, on a pro-rata basis, to and shall be immediately earmarked for the purposes and applied as herein provided.

It is hereby determined, on the basis of present information, that the receipts from the aforesaid Student Facilities Fee will at least equal the aggregate of the amounts which would be necessary to pay, as to each building, structure or facility constituting part of the Pledged Facilities, the Operating and Maintenance Expense allocable thereto and a pro-rata portion of the principal and interest on Bonds and other payments required by Section 5 of the Bond Resolution allocable to the financing thereof, after deducting the other Pledged Receipts allocated to such building, structure or facility; and the Treasurer is hereby directed to report to the Board and to the President of the University any changes in estimates and results of operation as shall necessitate revision of the amount of the fee, so that either may take timely action to adjust said fee from time to time to produce aggregate receipts as aforesaid.

Section 2. Application of Student Facilities Fee. The Student Facilities Fees are hereby appropriated to the purposes stated in and shall be applied as provided in the Bond Resolution. Until completion of the Project, the Treasurer of the University is authorized to deposit to the Construction Fund for the Project such portion of the receipts from the Student Facilities Fees as may be needed to pay Project Costs, provided that the Pledged Receipts, after such application to the Construction Fund, shall be adequate to pay the amounts required under paragraphs First and Second of Section 5 of the Bond Resolution. Student Facilities Fees received prior to the issuance of the Project Bonds and not needed to pay Project Costs shall be applied to the payment of interim financing notes, if any. Issued to pay Project Costs, and otherwise shall be deposited to the Student Facilities Revenue Fund established under the Bond Resolution.

Section 3. Fixing and Adjusting Fees and Charges. Pursuant to the Bond Resolution and this Resolution, the President of the University shall from time to time, as the Board deems necessary, fix and adjust the Student Facilities Fee, the Facilities Charge, the Operating and Maintenance Expenses, and charges making up the Facilities Charge, and the Facilities Charge, as he may determine, consistent with the provisions and covenants of the University in the Bond Resolution, but subject to the continuing authority of the Board of Trustees to make changes therein consistent with the Bond Resolution, which Student Facilities Fee and Facilities Charges are hereby appropriated and shall be applied as provided for Pledged Receipts under the Bond Resolution.

Section 4. Appropriation of Funds on Hand to Project. From the unencumbered moneys available in the Local Capital Improvement Fund and the Athletic Facilities Improvement Fund of the University available for such purpose, which this Board finds to be in excess of $700,000 and $350,000, respectively, there is hereby appropriated and encumbered $600,000 and $200,000, respectively, to pay
the Project Costs to the extent needed to supplement the proceeds of the sale of the Project Bonds or such notes as may be issued prior thereto; and the Treasurer is directed to set aside said aggregate amount of $800,000 in a separate bookkeeping account therefor, to pay such portions thereof into the Construction Fund for the Project as may be needed, from time to time, and to close out such account and transfer the balance thereof, if any, to the aforesaid Funds from which the aforesaid appropriation is made hereby when he shall be satisfied, on the basis of architects' or engineers' reports, that such balance will not be needed for the aforesaid purpose; and the Treasurer is further authorized to expend for Project Costs such additional amounts from the Local Capital Improvement Fund and the Athletic Facilities Improvement Fund as may be needed to supplement such bond proceeds and encumbered amount.

Section 5. Bank Accounts. The President, Vice President of Finance, and the Treasurer of the University, or any of them, are hereby authorized to establish such bank accounts and make such withdrawals therefrom and to give such instructions as the officer acting shall from time to time deem advisable in connection with the Bond Resolution and the resolution authorizing notes as aforesaid, and this Board hereby adopts such forms of resolutions as may be required in that connection by any such bank.

Section 6. Regarding Plans, Contracts, and Project Completion. The President, Vice President of Finance, Treasurer, Controller and Business Manager of the University, or any of them, are hereby authorized to cause to be developed plans, specifications and estimates for the Project, in cooperation with the Director of Public Works, State Architect and consulting architects and engineers, and to do all things necessary or incidental to the taking of bids for, the award of, and the execution, implementation and performance of construction contracts for the Project. The Board also declares and determines that the provisions for acquisition of equipment and furnishings for the Project are necessary and incidental to the acquisition of equipment and furnishings for the Project and the successful completion of the Project and placing the Project in operation.

Section 7. Concerning Changes in Bond Terms. Prior to the sale of the Project Bonds, the President and the Treasurer of the University are hereby authorized to make changes in the terms and provisions of the Bonds, including the provisions of such Bonds, without limitation to, reduction of the principal amount of the Bonds with related changes in the maturity schedule thereof, and to solicit offers or bids for the purchase of said Bonds on such terms; provided that such changes shall not be substantially adverse to the University, that the principal amount of said Bonds shall not be increased, that the security for said Bonds shall not be altered, that the maximum interest rate and the maximum redemption premiums of said Bonds shall not be increased, and that the provisions for method of sale of said Bonds as set forth in the Resolution authorizing such Bonds shall not be altered; and said changes shall be reported to this Board at its next meeting for approval and the Bond Resolution shall be spread on the minutes as so changed.

Mr. Canary moved, Mrs. Ward seconded, that the following resolution be adopted. The following members voting "aye" the president of the Board declared the resolution unanimously adopted: Messrs. Brown, Canary, Donnell, Dorfmeyer, Ernsthausen, Schwyn, Simmons, White, and Mrs. Ward.

On August 18, 1965, Bowling Green State University and its Board of Trustees will pay to bearer at the principal office of The Ohio Citizens Trust Company, Toledo, Ohio, upon the presentation and surrender hereof, the sum of _______ Dollars ($______) in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts, solely from the special sources referred to in, and for the annual interest then due upon, its Bowling Green State University Student Facilities Note of 1965, dated as of August 18, 1965, No. ________.

Vice President of Finance of Bowling Green State University

(* on coupon No. 2 add ---, unless the note mentioned below shall previously become payable as provided therein and provision for payment thereof shall have been made.)

President Jerome explained that the above resolutions provides that $25.00 per student per semester be assessed as a part of the fund to provide for maintenance of the facilities and debt service. This is in lieu of the two capital improvement fees now collected as a part of the incidental fee in the amount of $12.50 each. Since there is no further anticipated increase in the capital facilities fees, it is necessary that the present allocation of the incidental fees for capital facility purposes be discontinued.

It was moved by Mr. Brown, seconded by Mr. Canary, that the 12½ per cent allocation of the Incidental Fee to Athletic facilities and the 12½ per cent allocation of the Incidental Fee to Local Capital Improvements be discontinued at the end of the 1965 summer session, and that commencing with the first semester of the 1965-66 academic year, such 25 per cent of the Incidental Fee shall be the Student Facilities Fee levied by resolution adopted this day, which is to be collected as part of the Incidental Fee. Upon roll call vote, all members voting "aye," motion unanimously carried.

Educational and General Budget

President Jerome presented the proposed Educational and General Budget for 1965-66, pointing out that salary recommendations had been mailed to members of the Board for their review and consideration. He called attention to the fact that the budget is a tight one, leaving few unallocated funds. An increase in fees for 1966-67 probably would be recommended at the October meeting.

Following a brief discussion, it was moved by Mr. White, seconded by Mr. Brown, that the 1965-66 Education and General Budget as proposed reflecting total estimated availability of funds for the period July, 1965 to June 30, 1966 of $13,148,750 and total estimated expenditures of $13,074,666 be approved, and

FURTHER, that the summary of income by sources and estimated expenditures by programs as reported on the summary submitted to this Board be spread upon the minutes for this meeting.

All members voting "aye," motion unanimously carried.

### Capital Improvements Budget

In recommending approval of this budget, President Jerome reminded the trustees that the first classroom building is designated primarily for the College of Education. He stated that this budget also includes Phase II and Phase III of the Science Complex and other improvements. The so-called Industrial Technology building represented rather more a hope than a probable accomplishment in the current biennium.

Following a brief discussion on the state appropriation for 1965-67 for capital improvements, it was moved by Mr. Simons, seconded by Mr. Dorfmeyer, that the following resolution be adopted. All members voting "aye," motion unanimously carried.

**Resolution**

WHEREAS, the General Assembly of the State of Ohio has appropriated funds to Bowling Green State University for capital improvements for the biennium 1965-67 as follows:

- **H.B. 202**
  - General Classroom Building: $1,800,000
  - Repairs and Improvements: 703,500

- **AM. H.B. 949**
  - Repairs and Improvements: 481,263
  - Science and Research Complex (Phase II): 2,060,000
  - Science and Research Complex (Phase III): 1,250,000
  - Industrial Technology Building: 810,000

WHEREAS, the above facilities and projects are in accordance with the master capital plan for Bowling Green State University and consistent with the long-range master plan, and

WHEREAS, it is in the interest of Bowling Green State University and the State of Ohio to proceed with the greatest dispatch with the selection of architects, the awarding of contracts, and the completion of the facilities at the earliest possible time.

NOW, THEREFORE, BE IT RESOLVED, that the President and other appropriate University officials, working in cooperation with the various state officials and agencies, be authorized to select architects and engineers for the development of plans and specifications, the taking of bids, the awarding of construction contracts, and to do any and all things necessary for the successful completion and implementation of said projects, and

FURTHERMORE, to authorize the President and other appropriate University officials to file requests with the appropriate federal agencies for participating funds which may be available to supplement the above state appropriations, and to do any and all things necessary or required by such federal agencies incidental to the filing of requests, execution of contracts, and expenditure of funds.
Personnel Changes (as of July 1, 1965)

President Jerome spoke briefly regarding the personnel changes as reported to the Board and asked Dr. Leedy to comment on some of the new faculty appointments.

Dr. Leedy informed the trustees that the University had lost several outstanding faculty members through resignations but that among the 98 new staff appointed to this date some distinguished appointments had been made. He mentioned Dr. Theodore J. Jenson, Dean elect of the College of Education who will be taking office in September. "He is coming here from Ohio State and is nationally recognized in the field of education. We expect significant developments in this area."

He told the trustees that fine appointments had been made in the Departments of Business Administration, Education, English, German, Music, Political Science, Sociology, Speech Therapy, and Audio-Visual Aids. He also stated that the Library staff is being built up as we look forward to the new library building.

Mr. Dorfmeyer moved, Mrs. Ward seconded, that the personnel changes as reported to the trustees be approved. All members voting "aye," motion unanimously carried.

**Emeritus Status**

President Jerome presented the statement of policy on emeritus status, commenting that this represented considerable study by the University Senate and that it carried his approval.

It was moved by Mr. Simmons, seconded by Mr. Ernathausen, that the recommended Statement of University Policy on Emeritus Status---as developed by the University Senate and modified by the Academic Council---be approved, and further that the Senate Committee be complimented for the time and effort spent in preparing this recommendation. All members voting "aye," motion unanimously carried.

**University Policy on Emeritus Status**

**Criteria**

1. The person must retire under regulations of the State Teachers Retirement System. This does not exclude employment which does not conflict with the regulations of the State Teachers Retirement System.

2. Under normal circumstances, the retiree must have served at least ten years at BGSU. Time spent on authorized leaves of absence is to be included in the indicated time as service. Faculty members who retire due to disability after many years of service prior to the earliest recognized age for a normal retirement are eligible to receive the emeritus title.

3. Designation as an emeritus member of the University will be made under the authority of the Board of Trustees, acting with the advice of the President and Provost. Nominations to emeritus status may be made by these officers or the appropriate dean and/or department and/or the appropriate university committee. Retiring presidents may be designated as emeriti by the Board directly.

4. The title emeritus may attach to any position which the retiree has occupied in the University and for which he indicates a preference, provided that there is appropriate administrative concurrence in the choice.

**Privileges**

All privileges accorded to members of the regular faculty should be accorded to emeritus faculty wherever appropriate and feasible.

**Procedure**

1. An appropriate committee shall examine the list of nominations as made under criterion #3 and make recommendations to the Provost, who will then transmit them with his recommendation to the President for recommendation and transmittal to the Board of Trustees.

2. When approval for emeritus status has been registered by the Board, the following procedure is proposed:

   a. A formal document, signed by the officers of the Board and the President of the University, designating the retiree as "...emeritus" and expressing appreciation for distinguished service. This document should be suitable for framing.

   b. A letter of appreciation from the Provost, expressing appreciation for distinguished service, and enclosing all appropriate membership cards, I.D. cards, etc., needed to implement the privileges noted above.

   c. Provision of an attractive folder or case to contain these and other pertinent documents, such as letters from the dean, department chairman, other associates, students, and alumni.

   d. Presentation of materials noted above to be made by the President and Provost formally on a public occasion, open to the Press and interested persons.
President Jerome stated that in keeping with the policy just approved, a resolution was in order to recognize Mrs. Anna Gryting's long service at the University.

Mr. Simmons made the resolution and moved, Mr. Ernsthausen seconded, that it be adopted. All members voting "aye," motion unanimously carried.

RESOLUTION

WHEREAS, Anna N. Gryting has announced her intention to retire from active duty as Assistant Professor of Mathematics at Bowling Green State University; and

WHEREAS, she has performed faithful, efficient and loyal service as a teacher of thousands of students who have been privileged to study under her tutelage; and

WHEREAS, she joined the staff of the University when it was known as a normal college and gave selfless service each year since 1928, including the added duties as head of the committee which organized the mathematics curriculum for elementary teachers; and

WHEREAS, said Mrs. Gryting has brought wisdom in her devoted years of teaching for a longer period than any other member of the mathematics staff.

BE IT HEREBY RESOLVED, That the University Board of Trustees, in recognition of her achievements and in appreciation of her effective service, hereby does appoint Anna N. Gryting as Assistant Professor Emeritus of Mathematics and directs that she be given all of the rights and privileges appertaining to this permanent rank;

Moved by , seconded by  and unanimously passed by the Board of Trustees of Bowling Green State University this day of , 1965.

President

Revision of Rules Governing the Conduct of the Board and Assignment of Administrative Duties

President Jerome indicated to trustees that a proposed resolution relative to the conduct and management of the affairs of the University and assignment of duties to supplement the one under which we are now operating had been included in the materials sent to them a week earlier for their consideration and recommended its approval.

Mrs. Ward moved, Mr. Dorrneyer seconded, that the following resolution be adopted. All members voting "aye," motion unanimously carried.

RESOLUTION TO SUPERSEDE THE RESOLUTION ADOPTED JULY 22, 1961

Report of Trustee-Faculty Committee on "Policy Statement on Freedom of Political Expression"

Mrs. Ward, chairman of the committee appointed by Mr. Schwyn (Messrs. Dorfmeyer, Ernsthausen, Simmons, and Mrs. Ward) to study the Policy Statement on Freedom of Political Expression adopted by the University Faculty Senate on January 20, 1965, and submitted to the Board of Trustees at the March 5, 1965 meeting for its consideration, reported the committee's recommendation.

She told the trustees that the committee had a very worthwhile and productive meeting with a faculty committee appointed by the Senate (Messrs. Platt, Sutton-Smith, Baldanza, and Barrell), and that the cooperation from this committee had been excellent.

Mrs. Ward stated that the committee felt there should be no change in present policies suggested, but did discuss the advisability of evolving certain ground rules so that there could be orderly conduct of all university activity insofar as freedom of political expression was concerned. She said, "If we adopt this resolution today, we are not changing anything. We will be underscoring principles previously adopted when we approved the amended Charter of the University Faculty in March 1964. Therefore in order to place the resolution on the faculty agenda, I move the acceptance of the resolution of the trustee committee, with the insertion of the word 'alleged' before the word 'infraction' where it twice appears on page 2 of your copy."

Mr. Brown seconded the motion. All members voting "aye," motion carried unanimously. Resolution as follows adopted:
WHEREAS, A Policy Statement on Freedom of Political Expression (the stated purpose of which was to promote public understanding and support of the political aspect of academic freedom), as adopted by the Bowling Green State University Faculty Senate January 20, 1965, was presented by the President to the Board of Trustees for consideration on March 5, 1965, and

WHEREAS, The Board of Trustees on March 6, 1964 had amended the Charter of the University Faculty, said amended Charter containing in Article I, thereof, a list of Basic Principles (which are the guiding principles upon which the Faculty Charter is based), among which items a and b read as follows:

a. Full freedom for the expression of differing opinions and the acceptance of the spirit of criticism are essential to the atmosphere of a great University;

b. Academic freedom is indispensable to the University. The freedom of the individual teacher-scholar, however, carries with it unmistakable acceptance of responsibilities with regard to the good of the University and of society.

WHEREAS, The Board of Trustees is of the unanimous opinion that consideration of the political aspect of academic freedom is already implicit in the above stated Principles;

NOW THEREFORE BE IT RESOLVED, That the Board of Trustees reaffirms the aforesaid Principles pertaining to academic freedom;

AND BE IT FURTHER RESOLVED, The University, through its President, shall prepare and submit to the Board of Trustees for its consideration rules and regulations applicable to the political aspects of academic freedom which are deemed advisable by the Administrative Board and by the Bowling Green State University Faculty Senate, provided that any such rules and regulations (1) shall be consistent with the Charter of the University Faculty, (2) shall acknowledge the rights of a citizen, (3) shall not detract from the academic development of the student and the University, (4) shall recognize the over-all intent of the Policy statement on Freedom of Political Expression, which was adopted by the Bowling Green State University Faculty Senate on January 20, 1965, (5) shall identify the responsibilities of the student, faculty and the University which must be met in order to maintain academic freedom and the political aspects thereof, and (6) shall vest ultimate control on all matters relating to academic freedom and the political aspects thereof in the President and the Board of Trustees;

AND BE IT STILL FURTHER RESOLVED, That the Faculty Senate be asked to submit a resolution to the Board of Trustees, providing for an amendment to Article IV (President's Advisory Council) of the Charter of the University Faculty (as amended March 6, 1964) adding under Section 3, thereof, as an additional function the consideration of any alleged infraction of such above-mentioned rules and regulations as may be adopted by the Board of Trustees pertaining to academic freedom and the political aspects thereof;

AND BE IT STILL FURTHER RESOLVED, That in the event a student is involved in any alleged infraction of such above-mentioned rules and regulations pertaining to academic freedom and the political aspects thereof, as is referred to and considered by the President's Advisory Council, said Council shall become an ad hoc committee and shall include, in addition to its regular members, the Dean of Students, the President of the Student Council and a representative of the Student Body, (the latter to be appointed by the President of the University).

WHEREAS, The Board of Trustees on March 6, 1964 had amended the Charter of the University Faculty, said amended Charter containing in Article I, thereof, a list of Basic Principles (which are the guiding principles upon which the Faculty Charter is based), among which items a and b read as follows:

a. Full freedom for the expression of differing opinions and the acceptance of the spirit of criticism are essential to the atmosphere of a great University;

b. Academic freedom is indispensable to the University. The freedom of the individual teacher-scholar, however, carries with it unmistakable acceptance of responsibilities with regard to the good of the University and of society.

WHEREAS, The Board of Trustees is of the unanimous opinion that consideration of the political aspect of academic freedom is already implicit in the above stated Principles;

NOW THEREFORE BE IT RESOLVED, That the Board of Trustees reaffirms the aforesaid Principles pertaining to academic freedom;

AND BE IT FURTHER RESOLVED, The University, through its President, shall prepare and submit to the Board of Trustees for its consideration rules and regulations applicable to the political aspects of academic freedom which are deemed advisable by the Administrative Board and by the Bowling Green State University Faculty Senate, provided that any such rules and regulations (1) shall be consistent with the Charter of the University Faculty, (2) shall acknowledge the rights of a citizen, (3) shall not detract from the academic development of the student and the University, (4) shall recognize the over-all intent of the Policy statement on Freedom of Political Expression, which was adopted by the Bowling Green State University Faculty Senate on January 20, 1965, (5) shall identify the responsibilities of the student, faculty and the University which must be met in order to maintain academic freedom and the political aspects thereof, and (6) shall vest ultimate control on all matters relating to academic freedom and the political aspects thereof in the President and the Board of Trustees;

AND BE IT STILL FURTHER RESOLVED, That the Faculty Senate be asked to submit a resolution to the Board of Trustees, providing for an amendment to Article IV (President's Advisory Council) of the Charter of the University Faculty (as amended March 6, 1964) adding under Section 3, thereof, as an additional function the consideration of any alleged infraction of such above-mentioned rules and regulations as may be adopted by the Board of Trustees pertaining to academic freedom and the political aspects thereof;

AND BE IT STILL FURTHER RESOLVED, That in the event a student is involved in any alleged infraction of such above-mentioned rules and regulations pertaining to academic freedom and the political aspects thereof, as is referred to and considered by the President's Advisory Council, said Council shall become an ad hoc committee and shall include, in addition to its regular members, the Dean of Students, the President of the Student Council and a representative of the Student Body, (the latter to be appointed by the President of the University).

President Jerome introduced Dr. Melvin Hyman, the new chairman of the University Faculty Senate, and asked if he cared to make any comments. Dr. Hyman told the trustees that the Senate had received very fine cooperation from the trustee committee and that the Senate will continue to cooperate with the President. Dr. Hyman said, "I have felt that this resolution represents the feeling and the consensus of the faculty and I have discussed it with the Board on this basis. You can be very proud of your action today."

Establishment of Department of Marketing

Mrs. Ward read the following resolution to establish a Department of Marketing and moved, Mr. Dorfmeyer seconded, that it be adopted. All members voting "aye," motion unanimously carried. (Dr. Maurice Mandell will be chairman of the new department.)

WHEREAS, the marketing function has become one of major significance in American business employing approximately 20% of all persons engaged in business activity, and

WHEREAS, marketing has, because of its importance to the welfare of industry, come to participate in top-level decisions of industrial corporations and during the past quarter century has developed a body of principles and literature constituting for all practical purposes a specialized discipline, and

WHEREAS, the marketing area at Bowling Green State University has grown from one requiring the activities of one person to an area in which more than six full-time faculty members will be employed next year, with approximately 200 students majoring in this field in addition to non-majors from Education, Liberal Arts, and Business Administration, and

WHEREAS, the creation of a separate Department of Marketing will enable the College of Business Administration to increase its research efforts, recruit promising scholars in the discipline, and otherwise to further its objectives, and
WHEREAS, the Executive Committee of the College of Business Administration, the Dean and Faculty of that College, and the Academic Council of the University have recommended approval of a separate Department of Marketing.

NOW, THEREFORE, BE IT RESOLVED, That commencing with the fall semester of 1965-66 there shall be established within the College of Business Administration a Department of Marketing, and

FURTHER, That the appropriate officials of the University be authorized and directed to do any and all things necessary for the implementation of this Department.

Regulations pertaining to payment of nonresident fee

Mr. Canary read the following resolution pertaining to the payment of nonresident fee and moved, Mr. Simmons seconded, that it be adopted. All members voting "aye" motion unanimously carried.

RESOLUTION

WHEREAS, this Board of Trustees on January 15, 1965, amended University regulations pertaining to the payment of the non-resident fee which changes were made upon the recommendation of the office of the Attorney General of Ohio, and

WHEREAS, it now appears that such changes may be in conflict with certain rules adopted by the State Board of Regents, and

WHEREAS, University regulations should be compatible with the regulations of the State Board of Regents.

NOW, THEREFORE, BE IT RESOLVED, that the University regulations pertaining to the payment of the non-resident fee be reviewed with the Board of Regents or the office of the Attorney General, and

FURTHERMORE, that any such changes in University regulations be referred to this Board to be incorporated in the minutes of the Board at a later date.

Library Fund Drive

President Jerome distributed to the trustees materials prepared by Charles Perry, Director of Development, pertaining to the plans for the Library Gift Campaign. He expressed the hope that at least $500,000 would be received for the Library and stated that he was depending very heavily upon the trustees to give their assistance in encouraging their support from the many friends and Alumni of the University.

President Jerome called attention to the report on Activities of the University Senate and President's Advisory Committee for 1964-65, and Faculty Achievements for 1964-65, copies of which were in the agenda book. He commented that these materials are suggestive of the great number of activities accomplished under the new Faculty Charter.

The President also called attention to the informational report on Grants for Research, Institutes, and Equipment, summarized as follows:

During the 1964-65 fiscal year, Bowling Green State University had available as active grant funds from outside sources, other than appropriated funds, all or part of the following grants for capital facilities construction, student loans, work opportunities, research, scientific equipment, organization of institutes, and experimentation in teaching methods.

1. For - Capital Facilities Construction $1,133,833
   Received from U. S. Office of Education, under Title I of the Higher Education Facilities Act.

4. For - Grants to the University for Research, Institutes, Equipment, and Experimentation in Teaching Methods in Special Fields 980,048

$2,441,805

President Jerome stated that he expects considerable work to be done under the new Dean of the College of Education in the field of educational research.

Capital Improvements and Long Range Planning

The President called attention to the capital improvements projects to be performed this year, most of which are to be financed from other than state-appropriated funds. The following summary of these projects was prepared by Mr. Beatty:
Maintenance Building and Commons Mall Area

With the relocation of the maintenance department and related facilities, we have the first opportunity to improve an area which is probably the most congested student traffic area on campus. This area located east of University Hall between the football field and the Wooster Street complex of buildings has long been a very unattractive area. The tentative plans call for construction of a campus mall providing decent walk areas for the student traffic, as well as landscape development to beautify the area. It is planned to accomplish this beautification in three major steps.

A. The area immediately east of University Hall.
B. The area from the maintenance building to the commons dining hall.
C. From the commons dining hall to the new University Library.
Steps A, and B, should be accomplished during the next few months.

Warehouse and Shop Addition to the Central Storage and Receiving Building

An addition of approximately nine thousand square feet is proposed to be added to the existing structure to house the various maintenance shops and supply rooms. This addition will enable the maintenance department to centralize many of its activities, affording many economies in its operation. This construction will also release office space for approximately thirty graduate assistants in the department of Speech.

Vehicular Approaches to the Campus

The construction of the University Library created certain changes in the vehicular pattern around the campus. Two areas have become so congested that definite hazards have been created. The most serious of these hazards occurs at the intersection of Thrustin Avenue and East Wooster Street adjacent to Founders Quadrangle. The second hazard occurs at the intersection of Kohl Drive and East Wooster Street. A meeting was held with the city officials of Bowling Green, and as a result of these discussions it was recommended that a relocation of the intersection of Thrustin and East Wooster should be accomplished on a temporary basis, and that a relocation of Kohl Drive should be made to coincide with the entrance of South College Drive. Plans and specifications are being drawn for these changes.

Campus Landscaping

Certain areas have been selected by the Committee on Campus Beautification and recommendations made for the improvement of these areas. These areas are:

A. Interior and exterior areas around Conklin Quadrangle.
B. Exterior area around Prout Hall.
C. Television Studio Building Landscaping.
D. Cottages and W Dormitory areas.
E. Inner campus landscaping and development.

Remodeling of Gallery in Fine Arts Building

For the past several years this facility has been inadequate to meet the needs of the Department of Fine Arts. Plans and specifications are being prepared for renovation in this area.

New Administration Building Equipment

Continued upgrading of the old equipment in this building will take place during the coming year. The areas involved will be the second, third, fourth and seventh floors.

Athletic Area Plantings

This program is a continuing development of the athletic area, planting of trees and shrubs, and serves as an addition to the outdoor biological laboratories, as well as beautification of the area.

Many other improvements of a minor nature are planned for completion during the summer. Most of these improvements are of a repair or operational nature, and will involve many of the structures on campus.

President Jerome informed the trustees that the outline of our long-range plan, as developed by Caudill, Rowlett, and Scott, is being further refined; mimeographed forms of major recommendations will be distributed to the faculty before the long-range planners are asked to put the plans in final form as a brochure describing these plans.

Mr. Scheney reminded the trustees of the death of Dr. Wayne Huffman, Professor of History, on May 11, 1965, and asked for a motion to request the secretary to write a letter to Mrs. Huffman.

Mrs. Ward moved, Mr. Canary seconded, that a letter be written to Mrs. Huffman expressing the Board's sympathy in the death of her husband. All members voting "aye." motion carried.

President Jerome called the Board's attention to the excellent comments of the faculty committee on the Master Plan, copies of which were in agenda book.

Mr. Brown told the trustees that in the meeting which he, Mrs. Ward, and President Jerome attended with the Board of Regents, Dr. Millett made a point that the Regents were open for statements from the Board of Trustees.
The Regents would like to know what the trustees think of the Master Plan and if we think we are being treated fairly—if not, now is the time to speak up.

The trustees authorized President Jerome, at his request, to transmit to Mr. Briley and Dr. Millett the comments of the faculty and trustees. President Jerome stated that his only reservation thus far is that concerning the doctoral program...it is not clear why some of the municipal universities and community colleges may have their programs approved before our program in the Department of Speech is approved; this is difficult to explain to faculty members. "I am very anxious to move ahead with our Department of Speech proposal in the doctoral area."

The President informed the trustees that the Regents would like to dispel any preconceived ideas about the Board of Regents running things for us.

Mr. Canary, on behalf of the trustees, welcomed Mr. Guy Nearing as the appointed member of the Board succeeding Mr. Schwyn. He expressed the Board's regret that this is Mr. Schwyn's last meeting and further expressed appreciation for the time and energy that Mr. Schwyn had given to the University. "He has been of tremendous help in the transition period from President McDonald to President Harshman to President Jerome, and I would like to express my personal appreciation for all of the time and all of the work these many years. I suggest that the secretary, before the next meeting of the trustees, draft an appropriate resolution expressing the appreciation of each trustee individually."

Mr. Schwyn answered that he wants to continue to be a friend of the University and expressed his willingness to help whenever possible.

President Jerome expressed his gratitude to the trustees for attending the meeting. He stated he believed "more important decisions were made today than any time since I have been president...an accumulation of decisions which will leave an imprint on the University for many years."

President Jerome called attention to the report submitted by Mr. Beatty relative to capital improvement projects now under construction.

Mr. Brown commented that he had been serving as trustee representative on the Capital Improvements Committee and as such had been viewing the selection of brick for new construction. He felt there should be some other means of selecting brick, possibly following a recommendation of the long-range planners and the architects. He did not feel qualified as a "brick picker." He hoped he might avoid the repetition of a hodgepodge of different colored bricks in buildings on the campus. President Jerome stated that the architects do make recommendations for the ranges of bricks for their projects and that these ranges were consistent with preliminary recommendations from Caudill, Rowlett, and Scott. Moreover he personally had no hesitancy in accepting final responsibility for selecting the specific brick within the ranges recommended by the architects and our long-range planners since unanimity in such choices could rarely be achieved.

No action was taken on this matter.

There being no further business, the meeting was adjourned at 4 p.m.
