The Student Activities Board held their eleventh meeting of the quarter on Thursday evening at 7 o'clock in the Administration building.

Several important matters were discussed at this meeting, but before going into detail, there will be a brief review of what has been accomplished since the last board meeting.

The Student Union outside the main entrance has been considerably enlarged and renovated, and the Student Band will begin rehearsal on February 11. The program for the evening of March 23rd has been revised and is now tentatively scheduled for February 28th. The program for the evening of March 30th has also been changed and will now be held on April 1st.

The Student Union has been the subject of considerable discussion, and the board has been working on plans for its future development. The Student Union will be the center of all student activities, and the board is making every effort to ensure its success.

The Student Band is being reorganized, and the board is looking into the possibility of forming a small group of student musicians to perform at various events.

The Student Activities Board is grateful for the support and cooperation of all members of the student body, and they look forward to a successful quarter.
