**Woolley Will Speak In Chapel Today At 10:15**

Dr. Mary E. Woolley, president emeritus of Mount Holyoke College, who has been a busy man while attending George Washington University, and was reappointed to President Roosevelt. She is chairman of the People's Mandate to End War and honorary chairman of the American Boycott against Aggressor Nations. Her two best-known works are an outstanding authority on "World Affairs" and "Why Wars Most Cost". She has also written many historical monographs and numerous articles in leading American, British, and European periodicals.

Dr. Woolley is famed for her keen observance, brilliant mind, and speaking ability. No woman's opinion in America is today so respected as hers. The students who have heard her in the past have asked her advice.

Dr. Irving Fisher, president emeritus at Yale University and an outstanding authority on money and finance, will speak in chapel next week.

**CPT Quota Not Met, May Drop Course**

The Civilian Pilot Training Program has been suspended because of an insufficient enrollment according to J. R. Kayne, who teaches aviation at the Yale University. A class of 12 is necessary in order to have the course open on the campus. If the class here is dropped, the present 6 applicants may go to Findlay and enroll in the C. F. T. course there.

Sunday, June 25, is the extended deadline for application. This may be made at the office of the Newt.

Upon completion of this training the student is issued a private pilot's license and is eligible to enter secondary pilot training in government service.

**Visiting Prof. Gets Thrill- Teaches Former Classmates**

By RUTH HARDING

William Miller, visiting professor of English, considers it quite a thrill to be teaching now in the school that he attended and where he received his degree. When Mr. Miller started to Bowling Green it was still a normal college, he was then a college, and is now back teaching when it holds the title of University. He received his Bache- ler of Arts degree here in 1933 and his Master of Arts in 1938. Besides he has done gradu- ate work at Duke and Ohio State University.

Mr. Miller is anxious at the changes that have taken place. When he started his studies here the library and the men's gymnasium were part of the construction. The Rec hall was the center of all school life with even the physical education classes held there. Everyone attended chapel and all had special seats assigned to them in chapel services.

In his American Problems course, Mr. Miller is now teaching students who were in classes with him when he attended Bowling Green. He is teaching a woman who was in his graduating class in high school. Mr. Miller said, "I find it hard to call her 'Miss,' we used to attend classes to- gether as fellow students." He teaches regularly at Ryaigna, Ohio, a suburb of Toledo. There is his job teaching Social Studies to junior high school students.

Davidson: An elderly and distinguished gentle- man.

**Two Murals Added To Campus During Last Year**

Summer students may have been surprised to see that two murals have been painted on the campus during the regular session this year. One of these is in the dining room of the North- east cottage and the other, which is in reality two murals—one of each of the opposite walls—is in the second floor of the Women's building.

These murals were the cre- ation of Miss Francis Gaines and Miss Doris Maxson, both of the Yale art school. They con- stitute an unusual service to their college and are receiving only room and board for their work. It was the first mural either of the two had done, and they have received much praise for their skill.

Miss Grace Wills of the art department had this comment on making the paint- ing made by Miss Gaines in the statement, "These murals, with their awakening life, become such as an old woman's door-mat; its coloring of warm brown and yellow tones, combination of patterns and blues is a part of the gen- eral atmosphere of the college. It is refreshing to look at, as befits the spirit of a dining room; it is not too serious in ideas nor

Magna Cum Laude...  
Dick Lilley, former associate editor of the Bee Gee News, and receiver of a magna cum laude degree in June, 1940, is now a private in the Army. So is Robert Habenstein of the class of '41, who also got a magna cum laude and two degrees in education and one in liberal arts. To speak at the height of such stupidity to induce men like these and others of equal caliber into the art of rifle driving and bayonet jibbing. To waste a four year college education together with a brilliant mind by putting them in the "defense industry" class are deferred from other skills which puts them in the "def- 

drafted upon graduation. "Why; try to in the handling of arms. I-eave 
cept as such perfection will benefit the 
ranks.

And at the same time, those who have never attended college but who have some knowledge of machine tools or other skills which put them in the "defense 
dustry" class are deferred from military service. Brawn, not brains, 

and turret lathe operators with no 

The teacher, who plays so important a 

for the present, but what of the future? The war will come to an end sometime, and when that time comes we will have an army of machinists, grinders, welders and turrent lathe operators with no work. And the thinkers, the college trained men who would go into the profession of teaching, will find no 

A strict system may be satisfactory for the present, but what of the future? The war will come to an end sometime, and when that time comes we will have an army of machinists, grinders, welders and turret lathe operators with no work. And the thinkers, the college trained men who would go into the profession of teaching, will find no

Golf, Tennis Instruction
To Be Given
The department of physical education is sponsoring the following recreational program for both faculty and students:

Golf Instruction

Those interested may join the regular golf class which meets Monday at 1 p.m. Report on Monday. Tuesday and Wednesday at 9:10 a.m. Tennis Tournament

If enough student and faculty members are interested, the following types of tournaments will be sponsored:

1. Men—singles, doubles and ladder tournament
2. Women—singles, doubles and ladder tournament

Women will have no fees. Prizes, consisting of tennis equipment, will be awarded the winners.

Where To Sign Up

You may sign up for these tournaments on the intramural Bulletin boards in the main entrance of the Men's gym. This is your chance to get better acquainted with your professors and to challenge them on the field of combat if you feel that you are at a handicap in the classroom.

Those interested may join the regular tennis class which meets Monday, June 30, at 9:10 a.m.

A mixed student and faculty tournament will be sponsored for the men. There will be no entry fee, and prizes will be awarded the winners.

Junior Tennis at the Bowling Green Country Club

The club is located on Fairview Ave. next to the City Park.

Monday—Mornings except Sundays and Holidays.
Tuesday—Afternoons, except Sundays and Holidays.
Wednesday—$1.10—Sundays and Holidays.
$5.00—Special monthly rate

To Be Given

Tourneys Will Be Held, Prizes Given

Faculty Seeks
Softball Game
With Students

Teachers Are Tired
Of Being Hazed

Some of the men students have been guilty of speaking lightly, yes, even derisively of the athletic prowess of the faculty. This is the faculty's answer. On Thursday afternoon, faculty, the entire teaching staff will be on the playing field. The game will be played June 26, at 3:30 p.m., with an impartial umpire chosen by the faculty. The evening will be ready to meet all comers in softball or with any weapons the students choose. Doubtless, the students will be afraid to appear; if so, they had better hold their tongues.

Equipment for shuffleboard, archery, horseshoes, and badminton is available to all men and women students and faculty members. This equipment may be borrowed in the stock room in the Men's gym during the afternoon hours. Come out, men and women! Get a few laughs, some needed exercise and a lot of sunshine!
