No. 31-75 It was moved by Mr. Spiegel and seconded by Mrs. Ward that the minutes of the November 7, 1974, meeting be approved. All members present voting "aye"—the motion was approved unanimously.

Report of the Finance Committee

Mrs. Ward, Chairman, said that the Finance Committee had met on January 8—with all members present—and agreed to make the following recommendations:

1. To grant an easement to the City of Bowling Green for the use of five feet of land on the First Street border of University owned inlots 980, 3688 and 3689 for installation of sewers and water lines, and for street improvements. She added that the University had petitioned for this street improvement several years ago, that there will be assessments in the amount of about $33,000 to be paid by the University, that these improvements will add to the value of the inlots, and that the street improvements will be of great assistance to our students who traverse First Street daily.

No. 32-75 It was moved by Mrs. Ward and seconded by Mr. Lipaj that the following Resolution—with attached exhibits—be approved: Exhibit "A" and "B" written on page 460.

RESOLUTION

Be it resolved by the Board of Trustees of Bowling Green State University that in keeping with Section 3345.18 of the Ohio Revised Code, the Board hereby grants to the City of Bowling Green, Ohio, the right to use for street, utility, sidewalk, and related construction purposes only, the lands as described on Exhibit "A" and Exhibit "B" attached hereto, to be used as a public street, now known as First Street, subject to a reserved right of this Board of Trustees, its successors and assigns, to use, improve, and permit the use and improvement of such land for buildings, structures, and other uses and purposes as shall not interfere with the use granted for street purposes.

Be it further resolved that a certified copy of this Resolution be transmitted to the Auditor of State for filing of the above grant, executed in the name of the State, signed by the Governor, countersigned by the Secretary of State, and sealed with the great seal of the State as provided by Section 5301.13 of the Ohio Revised Code.

The Secretary conducted a roll call vote with the following results: Eight affirmative votes—Mr. Bryan, Mr. Lipaj, Mr. Reams, Mr. Rood, Mr. Savage, Mr. Shanklin, Mr. Spiegel and Mrs. Ward; no negative votes. The motion was declared approved.

2. To authorize the expenditure of $37,000 from the Special Project Fund for the construction of office facilities under the mezzanine in the new warehouse building. Mrs. Ward said that this amount will permit the creation of 1250 square feet of offices for warehouse personnel, 120 square feet of corridor, 145 square feet of storage space, a 235 square foot bid room, and the equipping of 2000 square feet with ceiling, heating
system, and lighting fixtures which then will be available in the future for use by the staff of the Procure-
ment Department.

President Moore added that the construction of these offices will centralize functions and thus permit
a net reduction of one in the manning table.

No. 33-75

It was moved by Mrs. Ward and seconded by Mr. Lipaj that authorization be given for the alloca-
tion of $37,000 from the Special Project Fund for the construction of office facilities in
the new warehouse building.

The Secretary conducted a roll call vote with the following results: Eight affirmative votes—
Mr. Bryan, Mr. Lipaj, Mr. Reams, Mr. Rood, Mr. Savage, Mr. Shanklin, Mr. Spiegel, Mrs. Ward; no negative votes. The motion was declared approved.

3. To authorize the expenditure of $23,000 from the unencumbered balance of $48,000 in the Parking
Services Auxiliary fund for the construction of a rock base addition of 146 parking spaces to Commuter Lot 5.

Mrs. Ward said that by installing rock base now the parking spaces can be used this spring—whereas the
installation of black top could not be completed until later—possibly late summer. Mr. Lipaj said there
is an advantage in using the rock base for parking now—in that such use would assist in packing it prior
to later installation of the hard surface.

No. 34-75

It was moved by Mrs. Ward and seconded by Mr. Lipaj that authorization be given to expend
$23,000 from the unencumbered current fund balance in the Parking Services Auxiliary for the
construction of a "rock base only" extension of Commuter Lot 5 to permit parking of 144
additional cars.

The Secretary conducted a roll call vote with the following results: Eight affirmative votes—
Mr. Bryan, Mr. Lipaj, Mr. Reams, Mr. Rood, Mr. Savage, Mr. Shanklin, Mr. Spiegel and Mrs.
Ward; no negative votes. The motion was declared approved.

In summary, Mrs. Ward added that the Finance Committee recommends that the University begin considera-
tion of updating and/or revising the 1966 Long Range Plan for Land Use. She added that committee members
believe that the 1966 Plan has served its purpose well but that recent changes in enrollment patterns,
academic emphases, needs for recreational facilities and attitude of the State toward financing of capital
improvements give high priority to the updating of this Plan.

Report of the Committee to Update Trustee Bylaws

Mr. Spiegel, chairman of the ad hoc committee, said that he, Mr. Bryan and Mrs. Ward had consulted with
President Moore, Attorney C. Richard Marsh and Richard Edwards in the development of recommended changes
in existing Bylaws.

No. 35-75

It was moved by Mr. Spiegel and seconded by Mrs. Ward that in compliance with the following
excerpt from Amended Substitute House Bill 86 — the 1973-75 appropriations act — the
revised Bylaws of the Board of Trustees be approved and that this motion be duplicated
and attached to the official copy and all duplicated copies of the Bylaws which are
distributed: (See page 468 - Revised Bylaws of the Board of Trustees - approved 1-9-75)
"The general assembly hereby declares its expectation that the authority of government vested by law in the board of trustees and in the boards of directors of state-assisted institutions of higher education shall in fact be exercised by said boards. Boards of trustees and boards of directors may consult extensively with appropriate student and faculty groups. Administrative decisions about the utilization of available resources, about organizational structure, about disciplinary procedure, and about administrative personnel shall be the exclusive prerogative of boards of trustees and boards of directors. Any delegation of authority by a board of trustees or by a board of directors shall be accompanied by appropriate standards of guidance concerning expected objectives in the exercise of such delegated authority and shall be accompanied by periodic review of the exercise of this delegated authority to the end that the public interest in contrast to any institutional or special interest shall be served."

All members present voting "aye"--the motion was approved unanimously.

Proposal to Create a College of Musical Arts

President Moore said that it was just two years ago that the trustees had approved the addition of the first new college in over thirty years and that now an additional new college is being recommended for approval. He traced the history of music offerings from the departmental stage to the School of Music designation in 1970 and added that the progress of music during the past four and one-half years is a sound basis for the establishment of a college as is proposed today.

He asked Provost Rothe to discuss the proposal and to call upon the representatives of the School of Music who may want to speak.

Dr. Rothe stressed the rationality of the proposal from an organizational standpoint. He pointed out that since 1970 none of the impetus for the preparation of public school music teachers has been lost, but that the School has built from that into the performance area and its relationship to the surrounding community. One of the most important goals of the new college will be to provide instruction in arts management. The staff will work closely with the College of Business Administration to develop a curriculum to educate students in the area of management of the arts from a business standpoint. Dr. J. Paul Kennedy, Director of the School of Music, then expressed the goals of the new college as "educating a few to earn a living with music, and educating the many to learn to live with music," the latter being the public outreach mission. Also speaking in support of the proposal were Mr. Pope and Dr. McCready.

In discussion of the added costs for implementation of the proposal, Dr. Rothe explained that the new position of assistant dean would be the only additional staffing request for the 1975-76 budget year.

All members present voting "aye"--the motion was approved unanimously.

Proposals for New Degree Programs

President Moore said that two of the programs are sponsored by the College of Health and Community Services and one emanates from a department in the College of Education. He asked Dr. Rothe to present the programs with the assistance of representatives from the two colleges.

Dr. Rothe said that each of the three programs has strong employment orientation, each is needed in the area served by the University and each will attract both present and entering students.

Criminal Justice

Dean Balogh described the criminal justice program as a culmination of ten years of preparation for such an offering and added that the program had excellent possibilities for attracting assistance from Federal law enforcement administration.

He emphasized that this program is a solid step forward in the cooperation of higher educational institutions in Northwest Ohio—inasmuch as it includes a combination of studies with Michael J. Owens Technical College. He anticipates later similar cooperation with Terra Technical College and Northwest Technical College.

No. 36-75

It was moved by Mr. Shanklin and seconded by Mr. Spiegel that authorization be given to change the status of the School of Music to a College of Musical Arts, effective January 9, 1975.

In discussion, Mr. Bryan expressed approval of creating the new college but said he would abstain from voting because a projection of added costs was not included in the proposal.

Upon call for the question, seven members voted "aye"--Mr. Bryan abstained. The motion was declared approved.

No. 37-75

It was moved by Mr. Shanklin and seconded by Mr. Spiegel that the program leading to the degree of Bachelor of Science with Specialization in Gerontology be approved as recommended by Dean Joseph Balogh of the College of Health and Community Services, the Academic Council, Provost Kenneth Rothe, and President Moore.

All members present voting "aye"--the motion was approved unanimously.

No. 38-75

It was moved by Mr. Rood and seconded by Mr. Savage that the program leading to the degree of Bachelor of Science with Specialization in Gerontology be approved as recommended by Dean Joseph Balogh of the College of Health and Community Services, the Academic Council, Provost Kenneth Rothe, and President Moore.

All members present voting "aye"--the motion was approved unanimously.
At Dr. Rothe's request, both Dean Elsass and Dr. Williams discussed the proposed program leading to the Master of Education in Educational Media. Dean Elsass recommended this as a well-conceived, carefully prepared proposal from a department with a faculty highly qualified to offer the courses leading to this degree.

Dr. Williams added that this is a field in which the demand for qualified personnel is strong, that the projected cost is within reason and should be matched by subsidy and tuition income within three years, and that experts in the field agree that this is a valid proposal.

It was moved by Mr. Lipaj and seconded by Mrs. Ward that the program leading to the degree of Master of Education in Educational Media be approved as recommended by Dean Charles Leone, the Graduate Council, Provost Kenneth Rothe, and President Moore.

All members present voting "aye"—the motion was approved unanimously.

Revision of the Bylaws of the Firelands Campus Advisory Board and Reappointment of Two Members of the Board

Chairman Bryan introduced Alice Rau of Huron, Chairman of the Firelands Campus Advisory Board, who asked Dean Douglas Reed to report on the proposed revision in the Firelands Board Bylaws. He said the revision of the Bylaws is merely reflection of a desire to update them to be more in line with the philosophy of operation of the Advisory Board.

It was moved by Mrs. Ward and seconded by Mr. Savage that the following Revised Bylaws, Firelands Campus Board, be approved to become effective January 9, 1975.

All members present voting "aye"—the motion was approved unanimously.

## Resolutions

### No. 44-75

It was moved by Mrs. Ward and seconded by Mr. Lipaj that the following Resolution be adopted:

**RESOLUTION**

WHEREAS, the Board of Trustees has learned of the death of Lloyd A. Helms, Professor Emeritus of Economics, on December 22, 1974; and

WHEREAS, Dr. Helms served Bowling Green State University with distinction from 1938 to 1970 as Assistant Professor, Associate Professor, Professor and Chairman of the Department of Economics; and

WHEREAS, his unique qualities of leadership brought regional and national recognition to the Graduate School of the University during the twelve years he served as Dean from 1955 to 1967; and

Reports

Faculty Representative

In addition to a written report, which will placed in the official files, Dr. Cormier stated that the COUGAR (Committee on University Governance and Reorganization) document is to be considered by Faculty Senate and should be ready for consideration by the Board of Trustees in late spring. The Faculty Senate is disappointed that the snow storm of December 1 and 2 caused cancellation of the Forum with the trustees but looks forward to meeting with the trustees on February 11, the day prior to the next meeting.

Student Representative

In the absence of Michael Wilcox, the Assistant Student Representative, Dennis Bottonari, reported that the Recreational Facilities Committee has been at work visiting several institutions—including Boston University, where the architect in charge of facilities is willing to visit Bowling Green State University if asked to do so. The committee also plans to visit the University of Illinois and the University of Indiana with Mr. Rood to view their facilities. He also praised President Moore for his appointment of a committee to review campus safety and to deal with the ammunition issues which caused concern among the students.

Mr. Wilcox's written report was received and placed in the official file.

Food Service

Using visual aids, Mr. Milliron reported that since the inception of the food coupon system in 1971, he has spoken to visitors from more than 40 colleges who have come to the campus and in addition has made presentations on the food service at several national meetings. Several universities have adopted Bowling Green's system.

He stated that the food service costs have remained fairly constant since the inception of the coupon system, despite an increase in the starting wages from $1.85 an hour in 1971 to $2.86 an hour this year. In 1971 there were 168 employees in the food service area, compared with 118 now; the morale of the employees is high and they have much pride in their work; annual savings in labor costs are $274,732 and the savings in food costs are $393,647, for a total of $668,579, or $107.02 per student, per year; the labor savings do not include the expenditure for retirement or other fringe benefits—they reflect payroll savings only, yet a comparison of board rates with those at other universities places Bowling Green as the lowest in the state.

Mr. Milliron reviewed the menu selections and reported that these have been expanded since the coupon system was instituted in 1971 and that the number of hours during which meal service is available has been increased; he summarized the gains received as: (1) increased menu selection, (2) additional dining options,
(3) reduced food and labor costs, (4) an 80 per cent reduction in waste, and (5) an improved dining atmosphere.

In response to a question, Mr. Milliron said that it is difficult to predict whether students would eat in campus dining facilities if the University did not sell them coupon books. He said that the University sells only a few extra coupon books at the end of each quarter, but that students may sell coupon books to each other.

Electricity Consumption Economies

Mr. Scheuerman reported on the economies which have been achieved in electrical consumption on campus. He said that thanks to President Moore an Energy Conservation Task Force Committee was created a year ago, chaired by Professor George Scherff of the Industrial Education Department. As a result of the committee's efforts, the University community has become aware of energy usage. Lights which will not affect reading and safety levels have been turned off, "flick off" signs have been posted throughout the campus, and an energy monitoring computer system has been inaugurated to shut off fans and motors on campus when the peak demands are reached. These actions have reduced the University's electricity bills appreciably, since charges are based on peak demands. If these can be lowered, electric bills will be reduced accordingly.

He noted that the increased unit charges for electricity have absorbed almost all of the savings that have been achieved and, as a result, the University is now in a "break-even" situation. On the surface, the economies do not appear to be as great as they actually are unless the amount that would have been spent without conservation is considered.

Mr. Bryan called attention to the following written reports which were given to each trustee and said that these are to be placed in the official trustee file:

- Winter Quarter Enrollment and Housing (preliminary reports)
- Student Interchange between the University and the University of Toledo
- Capital Improvements under Construction
- Audit Reports by the Bureau of Inspection and Supervision of the State Auditor:
  - National Direct Student Loan Program (NDSL), July 1, 1972—June 30, 1973
  - College Work Study Program (CWS), July 1, 1972—June 30, 1973
  - Educational Opportunity Grant Program (EOG), July 1, 1972—June 30, 1973

Next Meeting

The Chairman announced that the next meeting will be on Wednesday, February 12, at 10:00 a.m., in place of Thursday, February 13, and said that it will be preceded by a 3:15 - 5:00 p.m. Forum with the Faculty Senate on Tuesday, February 11.

Adjournment

There being no further business, the meeting was declared adjourned at 12:50 p.m.
