Report of the Finance Committee

At the request of Vice Chairman Savage, Finance Committee Chairman Lipaj presented the report in two recommendations:

1. Repair of Roof Decks on East and West Units of Conklin Quadrangle

Mr. Lipaj described the repair project in Conklin Quadrangle which results from a deterioration of the deck surfaces, openings in the fill material and buckling of deck surfaces. He reported that the committee reviewed the expenditure of an amount not to exceed $140,000 from the 1959 Dormitory Surplus Account and recommends that the expenditure be authorized.

No. 69-76 It was moved by Mr. Lipaj and seconded by Mr. Simmons that approval be given to the allocation of funds to repair the roof decks on the east and west units of Conklin Quadrangle, at a total cost not to exceed $140,000, with the source of funds to be the 1959 Dormitory Surplus Account.

Proposed Charter of Association for the
Public Advisory Council for Television (PACT)

President Moore asked Provost Rothe to report on the proposed Charter. Dr. Rothe said that during the last few years there has been increasing importance placed on the development of a client base to assist in meeting the needs of television stations in the local area. He added that the Public Advisory Council for Television would assist the Board of Trustees and the administration of WBGU-TV in their public mission by providing 1) assistance in Federal Communications Commission required ascertainment studies (studies regarding
community/viewing area problems and programming needs) and public fund raising activities, 2) counsel regarding the public mission and community/viewing area needs and 3) communication from and to the public sector. He indicated that the Charter describes the activities that will be involved, that some of the needs identified are caused by a lack of federal funding thus making it necessary to look toward community resources, and that the University has had the help of legal counsel in the development of the document.

No. 71-76

It was moved by Mr. Reams and seconded by Mrs. Ward that approval be given to the following Charter of Association for the Bowling Green State University Public Advisory Council for Television (PACT), to be effective immediately. The motion was approved with no negative votes.
