Her incisive, intelligent approach to the solution of University problems, unwavering devotion to her duties as a member of committees and councils on which she served and her wholehearted participation in the affairs of the University—often at great personal sacrifice of her time and energy—mark her as outstanding among all trustees of the universities of this State.

Her achievements have been acknowledged by verbal accolades of faculty, students and fellow trustees, but her outstanding performance calls for something more permanent.

THEREFORE, BE IT RESOLVED, That the Board of Trustees of Bowling Green State University expresses to a good friend, an excellent associate and an ardent supporter its appreciation and that of the University for the valuable services she has given during these many years.

AND BE IT FURTHER RESOLVED, That this Resolution be spread upon the Minutes of this Board of Trustees and that a copy be forwarded to her.

Minutes - June 12, 1976 - Meeting

No. 1-77 It was moved by Mr. Savage, seconded by Mr. Lipaj, that the minutes of June 12, 1976, meeting be approved as written. The motion was adopted unanimously.

Employment of Consultant to Study University Health Services

Mr. Rood, Chairman of the Ad Hoc Student Services Committee, reported that the committee's recent study efforts have been directed toward an assessment of the University's health services. He cautioned that the committee's work has not been aimed at discontinuing the Health Center operation, but rather toward the problem of solving continuing deficits and in improving overall management. Mr. Rood stressed the committee's intent to support a health services program that is appropriate to need and yet economical.

In pursuing its work, Mr. Rood said the committee made several visits to the Center, reviewed in depth all basic documents and data, and conferred on June 28 with the President and Executive Vice President of the Ohio Hospital Association, who in turn recommended the hiring of a consultant (see OHA letter dated June 29, 1976). He commended Richard Eakin, Bob Arrowmith and John Ketzer for their assistance to the committee.

While recognizing the need for a more effective student health services program, Mr. Rood said the committee has reached a point in its deliberations where more technical assistance is needed. He said the committee therefore recommends the appointment of a consultant. Mr. Lipaj spoke in support of the recommendation as did Mr. Dyckes, who said he is personally familiar with the OHA recommended consultant, Dr. Richard Meiling, the former Vice President for Medical Affairs at The Ohio State University.

In the course of discussion, it was agreed that it would be premature to set a dollar amount for consultation. Mr. Savage stressed that limitations not be placed on the University administration in checking out the availability of consultants. President Moore said that one major area of concern is the need to identify and clarify as soon as possible what the goals and priorities for student health services should be.

No. 2-77 It was moved by Mr. Rood and seconded by Mr. Lipaj that authorization be given for the President of the University to seek consultative services in the evaluation of the total health care program offered to the students, as recommended in the report of the Ad Hoc Committee appointed to study the student services. The motion was approved with no negative votes.

Purchase of a Stockpicker for the Central Stores Warehouse

Mr. Postich reported that following an inspection by representatives of the Occupational Safety and Health Administration in the spring of 1975, one of the areas identified as hazardous to the employee was the handling of warehouse stock from elevated levels. He stated that the purchase of the stockpicker recommended would permit the safe and efficient handling of materials at elevated levels.

No. 3-77 It was moved by Mr. Lipaj and seconded by Mr. Savage that approval be given for the allocation of $15,000 from Central Stores Current Fund Balance to the operating budget for the purchase of a stockpicker for the Central Stores Warehouse.

The following votes were recorded in response to roll call by the Secretary: Voting "yes"—Mr. Dyckes, Mr. Lipaj, Mr. Reams, Mr. Rood, Mr. Savage, Mr. Shanklin, Mr. Simons, Mr. Spiegel. (Mr. Hanna was not present at the time the roll call was made.) The motion was approved by eight affirmative votes.

Capital Improvements Requests - 1977-1983

President Moore said the Ohio Board of Regents has requested each university to submit a summary of the proposed capital improvements for the next three biennia, 1977-1983, with the understanding that the plan can be amended at a later date as the needs of the campus change. He said that while funds for capital improvements in the state may be quite limited in the next biennium and beyond, the University no longer needs to view such a plan as an "idle wish list." In developing the plan, President Moore said that the OBR guidelines were followed and that special care had been taken to assess carefully and realistically the needs and estimated costs.

Mr. Postich distributed copies of an outline of points to be covered in his presentation and informed the Board that Robert McGeen, Director of Facilities and Energy Planning, monitors space utilization on the campus and coordinates space requirements with the Office of the Board of Regents.

Mr. Postich described the procedure in the development of capital improvements requests and used drawings to indicate the location of the proposed new structures and those structures for which major renovations are planned. A total of $14.75 million is proposed for three new projects in the 1977-79 biennium: a physical sciences building, the aquatic center in the new recreation facility, and an addition to the fine arts building. The renovation project requests total $4.2 million.

Dr. Douglas Neild, Chairman of the Chemistry Department, presented slides showing space and facilities for instruction and research in the Departments of Chemistry, Geology and Physics in Overman Hall. He described the areas shown as crowded, inadequate and, in a number of instances, unsafe. Dr. Rothe indicated that efforts are being made to improve the building where deficiencies exist. He also noted that a separate chemical storage building will be constructed this fall.

Dr. Joseph Spence, Director of the School of Art, described the need for improved and expanded office, studio, lecture hall and storage spaces to accommodate increased student enrollment and the need of the arts as an integral part of the university's program growth and the quality of education in the visual arts are threatened due to the lack of adequate space.

Following a discussion of building conditions and possible corrective measures, President Moore said he will return to the Board with a report which will outline those steps undertaken in Overman Hall to eliminate or alle-
It was moved by Mr. Spiegel and seconded by Mr. Savage that the President and his staff be authorized to proceed with the planning and correction of safety deficiencies which exist in Overman Hall and to report to the trustees on actions undertaken at the October meeting or earlier. The motion was approved with no negative votes.

It was moved by Mr. Savage and seconded by Mr. Simmons that approval be given to the Capital Improvements Requests for the 1977-1979 Biennium, as identified in the following summary of requests for the next three biennia, 1977-1983, and as requested by the Ohio Board of Regents. The motion was approved with no negative votes.

In addition to the authority to levy fines, the Traffic Court of Faculty/Staff Appeals Board shall have the authority to impose, for continued or serious violations of the Motor Vehicle Regulations of the University, any one of the following penalties: (1) Temporary revocation of the student’s or faculty-staff member’s motor vehicle permit; (2) Full revocation of the student’s or faculty-staff member’s permit, requiring that the motor vehicle be removed from University-owned or controlled property immediately.

F. Responsibility of Permit Holder

Parking offenses, resulting from the operation of the vehicle by one other than the registered student or faculty or staff member, shall be charged to the permit holder. All moving violations will be charged to the operator of the vehicle.

SECTION VII. RIGHT OF APPEAL

A. Students

Any fine or other penalty imposed by the Traffic Court for a violation of these Motor Vehicle/Bicycle Regulations shall constitute an obligation of the student to the University. A student has the right to appeal a parking violation for 21 days. After 21 days the violation may be heard at the court’s discretion. A student convicted by the Traffic Court under these regulations may, by filing notice thereof with the Clerk of Traffic Court within fourteen days of his conviction, appeal his conviction or penalty to the Student Arbitration Board. Traffic Court is located in Room 460, Student Services Building. Firelands Branch Campus students may request a hearing before the Traffic Appeals Board situated on the Firelands Branch Campus.

B. Faculty and Staff

All employees receiving tickets are advised of their right to appeal a violation (within fourteen days after the issuance of the violation) to the Faculty/Staff Appeals Board. Appeal forms are available at either Parking Services, or at the Bursar’s Office, Administration Building, and may be submitted to: Recorder, Faculty/Staff Appeals Board, Personnel Office, Basement Suite, East Entrance, Shatzel Hall.

Questions regarding motor vehicle regulations should be referred to Parking Services, phone 372-2776. Office hours: 8 a.m. to 5 p.m. weekdays. If, for any reason, a motorist finds he cannot comply with the regulations, he should contact Parking Services immediately.

Senior Adult Grants for Education (SAGE) Program

President Moore described the program submitted by the Office of Continuing Education. He noted that the action is proposed in anticipation of the passage of State Senate Bill No. 497 which will require state-assisted universities and colleges to permit persons over age sixty to attend university classes in which there is space available, on a non-credit basis, without payment of instructional or matriculation fees. To qualify, a person must have resided in Ohio for at least one year, the President stated. Dr. Rothe said that other applicable special fees will be paid by the enrollee, and that publicity in the surrounding communities and registration of persons will be handled by the downtown Center for Continued Learning.

No. 8-77

It was moved by Mr. Simmons and seconded by Mr. Dyckes that approval be given to establish a Senior Adult Grants for Education (SAGE) Program—which permits persons over age sixty to enroll in University courses on a space available basis without payment of instructional or matriculation fees, beginning with the Fall Quarter, 1976. The motion carried.

REPORTS

Report of the President

President Moore brought to the attention of the Board:

1) the study undertaken by the Battelle Memorial Institute of Columbus concerning the services of the J. Preston Levis Regional Computer Center—operated jointly with the University of Toledo and the City of Toledo—and progress being made to implement the recommendations;
2) the report of the consulting firm of Peat, Marwick, Mitchell and Co. and the subsequent report of the Chairman of the Regents Finance Committee, James J. Flannery, which revealed that Bowling Green’s efficient management of the residence and dining hall program resulted in the lowest cost per student of any state university. Particular praise was given to the dining hall coupon system.

3) the recent proposal of the Chancellor of the Ohio Board of Regents for the next biennium which would —
   a) establish once again a maximum level for state universities;
   b) provide a bi-level tuition structure in the interest of promoting access and reflecting general costs, i.e., $210 for the first two years and $230 for the junior-senior level;
   c) roll back the tuition level adopted by the trustees last March (first two years only). President Moore observed that if the Chancellor’s proposal is adopted, the University would lose one-half million dollars in instructional fees.

4) the likelihood that the Governor will continue an across-the-board two per cent cut for all state agencies and institutions. Mr. Savage asked whether or not universities could be exempted from such action and Mr. Dykes responded that it is doubtful, given the revenue picture and funding priorities.

5) the Governor’s proposal to build a major state park in the northwest Ohio area and the University’s interest. Mr. Postich attended a recent public hearing conducted by the Department of Natural Resources regarding the location. President Moore said it is expected that a site will be selected before the end of August and he expressed University preference for a Maumee Valley location.

Faculty Representative
The Chairman called upon Joseph Perry, who indicated that he did not submit a written report but appreciated being welcomed and having the opportunity to speak. He announced that the offices of the Faculty Senate are now located on the third floor of the University Union in view of the renovation of the McFall Center.

Undergraduate Student Representative
Mark Kerns submitted a written report which will be placed in the official files. He introduced the Assistant Undergraduate Student Representative, Peter Villari, a junior in the College of Business Administration, and welcomed Mr. Dykes to the Board.

Graduate Student Representative
Mr. Coffman submitted a written report and in addition said that he looked forward to working with members of the Board and the Secretary to the Board, Richard Edwards. He indicated that the Graduate Student Senate is working on the establishment of summer hours in the Library.

Capital Improvements under Construction
The report of the Status of Capital Improvements, which was prepared by the University Architect, was submitted to the Board and will be placed in the official files.

College of Musical Arts Building - Status of Plans
Dean Robert Glidden reported on the planning of the new music building and used charts and a scale model of the building to describe the design proposed by the project architect—Richards, Bauer and Moorhead.

Dr. Glidden said that the design of the building will complement the adjacent structure—the student recreational facility—and will include practice rooms, faculty studios, a recording studio, a 600-seat recital hall and an 850-seat concert hall with a common lobby, a full stage to house the musical theater and opera presentations, a studio seminar room for private recitals and an outdoor area which will utilize a specially designed covering for presentations and concerts. He commented further that sound and acoustics have been considered in the planning of nearly every room in the building and expressed the hope that a dining area can be included in the final plans.

Dr. Glidden pointed out that the planning committee had visited other universities and inspected buildings for similar purposes—including the facility at the University of Cincinnati. He noted that a number of tradeoffs are included in the plans for the proposed building in the event private funds cannot be raised to meet the $1.25 million necessary for the concert hall. The total cost of the building is projected at $8.5 million with $7.25 million to be provided by the state.

Mr. Savage complimented Dr. Glidden on the design of the building and for the successful cooperative effort with the project architect in providing a facility to meet the program needs and those of the region.

Enrollment — Summer 1976 (Preliminary Report)
A pre-enrollment report for the Summer Quarter 1976 was submitted by the Office of Resource Planning indicating a total enrollment, as of July 6, 1976, of 5,328, compared with a total head count as of July 8, 1975, of 5,476. The report will be placed in the official files.

Ad Hoc Charter and Bylaws Committee
Mr. Savage, Chairman, said that a copy of the revised academic charter had been given to the trustees and that it would be inappropriate to take action at this time but that a report should be on the agenda for the next meeting. He stated that a number of changes were made in the charter document following meetings with faculty members and the administration. He added that the faculty members have met and gone over the document and the committee believes it will serve the University well over the next few years.

Date of Next Meeting
The next meeting will be held on Thursday, October 21, with the possibility of a meeting being scheduled following the Summer Quarter Commencement on Saturday, August 28, 1976.

Adjournment
The meeting was adjourned at 12:55 p.m.
