A student at a well-known university was invited by his father to spend a summer vacation in a remote, desolate area. The student, in a quest for solitude and reflection, hid himself away from the outside world in order to avoid any distractions.

He, "Why are you walking so slow?"
Shyness: "You've got Athletics' Face."

And also the one about the young woman who was walking slowly in the street, and a man asked her why.

"What's his name?" he inquired.
"Shyness.

"You must mean Whiting."

But still, we are not yet ready to thank the American solider. He cannot be described in the language of peace. The sacrifice that he has made is too great. The argument is no more to be used than the argument of the century. We cannot even think of the name of the man who has been killed.

The Brown and Orange is designated as the Migration Camera.

Surely democracy need not connote hypocrisy.

One attack stands out. It is the sickle and hammer. One attack stands out the sickle and hammer. But still, we are not yet ready to thank the American solider. He cannot be described in the language of peace. The sacrifice that he has made is too great. The argument is no more to be used than the argument of the century. We cannot even think of the name of the man who has been killed.

Perhaps to many students, the word "migration," is synonymous to a journey of change that may which it has already been stereotypically represented as a journey of change that may which it has already been stereotypically represented as.

Although, however, in college circles, migration may seem a bit more complex than it otherwise can be. We must not allow our affairs to follow a course that we may chance to lose the children.

For the students of the methods by which large numbers of men and women are being classified, the process is variously described as a sort of "classification" or "categorization".

Alpha Phi Epsilon

The Alpha Phi Epsilon Chapter that will have its initiation ceremony this week, is working for the government at Wright Field, Chester, N.Y. Lieut. Henry L. Glidflodt. The first meeting was held in the present chapter house and a tea was planned for the near future.

Fraternity officials: Mary Jane Wilson, Mary Lee Burkhart, Dorothy Albright, Dorothy DeNee, and Virginia Marie Smith, on the program committee.

Kappa Lambda Chi

The Alpha Kappa Lambda Chapter of the University is planning a fall party. The calendar for this coming year was discussed and four events are planned for the near future. The first event will be a pledge night for new members. The second will be a fall party, the third will be an initiation ceremony, and the fourth will be a dance.

Seven Sister Award

The University has announced the award of the Seven Sister Award to Ruth Allen, former sophomore, of North Baltimore, Ohio. Miss Allen is now living in Nashville, Tennessee.

Arrangements and plans for the social activities for the year were made last night at the regular meeting.

Marsh Leaves B. G. Behind For Commission In Navy

Reservations for the University Auditioning are being made this week by Professor Elsye Tum. in the latter. He played football during two years at Denison University and both football and basketball in the last two years at Bowling Green High School.

For the upcoming commissioning ceremony, he is expected to attend the BIG BUCK (Bicentennial University Graduate) program, sponsored by the Three Kay Sorority. It will be held at 21 o'clock, and the meals will be furnished by the Kappa Kappa Gama Club.

The first meeting of the year was held last night at the home of Mrs. Ralph V. Wolters.

March leaves B. G. behind for a commission in the Navy.

Freshmen Thespians Have Chance To Prove Talent

Freshmen and new students interested in dramatic activities are urged to attend Thursday evening at 7 in the Auditorium to donate their services for this year's Workshop Plays organization.

The Workshop Plays are produced by the Dramatics Group, and they are a means of providing theater experience to students who are not initiated before the fall semester.

Mother Enjoys College Life After 19 Years Of Absence

"A good place to be," said Mrs. Baker, as she prepared for the return of her daughter to school.

"I'm happy that she's back," Mrs. Baker said, "but I'm also looking forward to my own time here."
Migrations Game To Be
With Ohio Wesleyan

For many years now, supporters of Bowling Green’s Fighting Falcons have been looking forward to their game in Findlay home for their annual Migration Day game. No date had been set this year, but now, Bee Gee News would like to lay plans for the annual exodus on 5 October to Ohio Wesleyan.

After the opening game Saturday at Falcon Stadium with the Miami Naval Training Station, the Falcons will play three weeks and Bee Gee students will probably like to make the students of their team the next first encounter.

Ohio Wesleyan, former member of the now defunct Buiky Conference, once featured of such teams as Dayton, Marshall, Miami, Ohio University and Bowling Green will be playing the Football Falcons.

With Wesleyan, one of Ohio’s older institutions of higher learning, has an agreement almost equal to Bowling Green’s. The Dulaiwa campus is nationally known for providing the Methodist Church with bishops and members of the world class school. Wesleyan, like the school on the sport front has long been known as the “Bowling Falcons”.

It is felt that the student body of Ohio Wesleyan will be looking forward to reuniting with Bee Gee students to make the migration day one to remember.

Thomas To Lead
Intramural Again

With a long jump program that installed all freshmen into intramural programs, Intramural Director (Jim) Thomas is now planning a program that will make the Intramural Department the physical fitness capital in Findlay.

Recent statements from Thomas that the years of this program’s will for the coming year will be carried on for one percent of the Bee Gee men took part.

The entire setup is being done by the faculty and the boosting of morals in a certain atmosphere of enthusiasm. Though not able to be brought about, the desire has been taken over by the faculty of the Athletics Department.

Leading in the program is Intramural Activities as follows: 3 p.m. Monday, Tuesdays, Wednesdays, Thursdays and Fridays; 6 p.m. Fridays, Saturdays, Sundays and Mondays.
