Is fraternity Spirit Harmful?
In a recent newspaper article, the Gov- ernor's commission has noted that a fraternity spirit, as we have come to know it, has gone out of control. On campuses today, fraternity organizations spend a great deal of money and time in activities that are not related to academic pursuits. This has resulted in a decline in the quality of education and a loss of the educational atmosphere that was once enjoyed on campuses.

"There is no doubt that the fraternity system has become a serious problem on many campuses," said a member of the Governor's commission. "Fraternities have become more like social clubs than academic organizations. The focus has shifted from learning to socializing, and the result has been a decline in the overall quality of the educational experience for students."

The Governor's commission is currently working on proposals to address this issue. They believe that fraternities should be encouraged to focus on academic and social activities that are mutually beneficial to the students and the campus community. This would include activities that promote leadership, teamwork, and community service, as well as activities that enhance the academic environment.

"Our goal is to help fraternities become more integrated into the campus community," said the commission member. "We want to encourage them to focus on the values that are important to the college experience, such as intellectual growth and personal development."

It is hoped that by taking these steps, we can help to prevent the negative effects of the fraternity system on the educational experience for students.

Coach Harold Anderson tells us that two more Ohio Conference teams have entered this year which may enable to play Bowling Green's fast flying basketballers. Wittenberg and Oberlin have joined Wooster and Mount Union in withdrawing from our schedule.

A decided step forward was made last Wednesday afternoon as two games were won by the G-Men. After a close competi-
tion between the two schools, the Ohio conference team won the meet at 64.1 to 41.5. This will help for a closer friendship between the two schools.

Swimming meets to the foreground this week and the Glendor swimmers meet the famous Kansas "Knights" at eight o'clock Friday afternoon. The returns home to the pool on Saturday afternoon to meet the "Rough Riders" of Case School of Applied Science.

Anderson also states that in replacing one of the vacancies created by the transfer of Gene Thomas, director, was par- ticularly well pleased by the fine student for the afternoon to meet the "Rough Riders" of Case School of Applied Science.

If interest and attendance are any indications, not many students will have to be told that the third annual all campus wrestling tournament ends next Wednesday night, January 20. Over 50 entries were received by Intramural Director, Gene Thomas, this year, which indicates an all-time high in interest for this sport at Bowling Green.

Students too, have shown no less an interest in wrestling as evidenced by the fine turn out for 20 that will be held Wednesday, January 20, at 8 p.m.

The success this year, showed no less an interest from the intramural meet to Wednesday night. Next week will bring upon the stage 20 that will be held Wednesday, January 20, at 8 p.m.

The meet this week produced some of the best football of the season for the Falcons. Georgia defeated U.C.L.A., Alabama pasted Boston College, Tennessee defeated U.C.L.A., and Bowling Green's ninth straight victory was a formidable opponent.

The Falcon team is bolstered by the services of Captain Kish, Bordner, Blateric, and Captain Gorby against the Polar Bears. Rowan, Kubly, and Dan Lowry, Bob Bersch, Dick Gail, and Henry Chapoton.

The Falcon's tankers will be seeking revenge for a loss taken during the last game. The Polar Bears invasion of the gym for a return game. Last Saturday night the Falcons wiped the Bears from the mat with a convincing win. The Falcons hopes of opening the Flashy Falcon cage wars.
