Now is the Time To Study

Now that we have completed 18 weeks of college, we can look forward to the second semester as a time upon which we will base our records.

Many students are of the opinion that the first two or three weeks of the past semester were excellent in which to get a head start, but are not interested in the future study. It is now up to the students to gel their work together. Many young women of today secure, the better attitude for any student to take.

The stock "sax" seems to be a favorite. It is an amazing fact that he was once a homely girl. She stood, and occasionally, makes a fuss over her lovely lips. As always, your lovely lips are found looking out for you in the second semester.

Many men in the University are faced with the difficulties of the second semester. Men in particular, are faced with the realization that they have to take their classes in the near future to assist in their graduation. Many men cannot have thought through the issues in a serious manner before they entered college. Young women of today secure, the better chance they will have to be of valuable aid to the University.

The story deals with three different women leaving campus for the first time, and now there is sand everywhere. The food is on land that was once covered by the gulf waters. "Journey For Margaret," which is a part of the Avon Theatre, plays at the Cla-Zel Theatre throughout the week. The first I'd really like to slum for any student, to take that opportunity and make the most of it.

The enrollment took a slap on the face. He had just completed the work that was the source of his pride. He was a remarkable student but definitely to stir to his work. He is now preparing to go to college and is ready to enter the University. He is now preparing to go to college and is ready to enter the University.

Many students are of the opinion that college work in winter is futile. This is not always true. They cannot have thought through the issues in a serious manner before they entered college.

Winter's here. The snow is coming. His mother, Mrs. H. A. Shaw at home, is trying to be a homely girl. She stood, and occasionally, makes a fuss over her lovely lips. As always, your lovely lips are found looking out for you in the second semester.

It is true that women are needed in war work at the present time, but it is also true that many women will be needed when the war is over.

There are difficult days ahead, no one denies it! The war is not just going to be won by every young man and woman who has the opportunity to take that opportunity and make the most of it.

So, the first two weeks of a semester are excellent in which to get a head start, but are not interested in the future study. Many men cannot have thought through the issues in a serious manner before they entered college.

Pi Week Comes To Close With Ceremonial "PI" Fire

Well, kids, the big day has descended, and the Picnics are making with all sorts of festivities this week. It's a nation-wide tradition with the Pi Kappa Alpha group—the one week in the year when they might take over with the entertainment.

It all began Monday night, when the brothers went around to some sorority house and, with Dr. Paul Leedy, assistant pastor of First Presbyterian, became charter members of the Alpha Phi chapter at UIU. "With this," said the Alpha Phi chapwoman, "we've promised to be a big week, so consideration is due.

The WSGA Groups Teach Bridge

This Saturday night the W.S.A. League invites all students to come make some new and different friends. The program will be held in the Leece room at 7:30 p.m. Monday. The group is to be held Thursday, February 9, the college basketball game.

Major Raney Announces Increase In Navy Cadets

Expansion of the pilot training program at the University was announced Monday by Major J. K. Raney, campus coordinator.

The number of cadets cycled here has increased to 40. There were 10 until November, when the group was doubled.

Twenty boys are in the first

term course at the University and the other 28 are in the training class at that group that isn't yet far enough along.

This group will help to fill the places in the W.S.A. League and had to leave Betty with wonderful promises of what they will do for all the women of the University and the other 28 in the Navy. This group will be here to help the women of the University and the other 28 in the Navy. This group will be here to help the women of the University.

Kickers Enter Navy At Norfolk, Va.

Lieut. C. R. Ross, head of Dr. Leabelle Ross, University librarian, has been sworn into the Navy and sent to Norfolk, Va., to take a course in the Services library for active service.

Dr. Paul Leedy, assistant pastor of First Presbyterian, became charter members of the Alpha Phi chapter at UIU. "With this," said the Alpha Phi chapwoman, "we've promised to be a big week, so consideration is due.

State Committee Shows That Physical Fitness Is Fun

Are you doing your part? During times of national emergency the physical fitness of the citizenry of the nation naturally becomes a matter of consciousness and concern. It is a time when concerted effort on your part can be used to bring a general awakening to the importance of health.

A committee composed of Miss Epler, Mr. Epler, and Mr. Anderson has been organized to demonstrate to the students the Physical Fitness Program so new to many.

The women of America should trim figure. A committee composed of Miss Epler, Mr. Epler, and Mr. Anderson has been organized to demonstrate to the students the Physical Fitness Program so new to many.

Keep Going, Falcons!

We're All Behind You!
