Call for Editors
Mid-Western Educational Researcher
Journal of the Mid-Western Educational Research Association

Proposals are currently being sought for the Editorship of the Mid-Western Educational Researcher. The Researcher is the quarterly publication of the Mid-Western Educational Research Association. The journal serves the dual function of providing MWERA members with timely information about the organization and of providing a vehicle for dissemination of scholarly work in education or education related fields. This dual mission reflects growth and change of the organization itself in recent years.

The appointment of the next editor or editorial team will be from October, 2010, through October, 2013, with duties commencing at the Annual Meeting in October, 2010. Proposals are sought from individuals or teams interested in assuming responsibility for the operation and direction of the Researcher for a three-year period. The format for proposals is open, but each proposal should include at least the following:

1. Name, institutional affiliation, address, telephone and fax numbers, and e-mail address of each prospective editor;
2. A vision statement indicating the editor(s) intended goals for the journal, and an explanation of how this vision reflects the membership, perspectives, and direction of MWERA;
3. A proposed plan for promoting this vision;
4. An explanation of the expertise and qualifications of the editor(s) which are likely to encourage the continued improvement plan and development of the Researcher.

Questions may be directed to Dr. Doug Feldmann at the address below. Proposals should be submitted no later than November 15, 2009, to:
