REMARKS - INTERIM PRESIDENT FERRARI

Dr. Ferrari reported as follows:

June Commencement

As those of you who were present know, the weather on June 13 tested severely our ability to make rapid changes in plans. This is the first year in over a decade that commencement had to be moved indoors. When the decision was made at 8:10 a.m. to go inside, we were faced with moving 2,000 chairs from the Stadium field to Memorial Hall within an hour—a monumental task that was achieved by members of our maintenance staff, to whom I want to express appreciation publicly. Under the circumstances, it was almost a miracle that everything went as well as it did, and I believe that most of the persons present knew that we were all doing everything possible to stage a successful commencement. The unusually fine cooperation and understanding we received from families of the graduates should be acknowledged.

Nevertheless, the behavior of some members of the graduating class was of concern to me and to many others also. Although Anderson Arena was hot and humid, the customary enthusiasm on the part of June graduates was excessive to the point that the impressiveness and dignity of the ceremony was lessened considerably. I have received letters from a number of parents expressing their disappointment in the behavior of the graduates.

I regret the inconveniences and the lack of decorum, and I wish to assure everyone that inappropriate behavior will not be tolerated at commencements in the future. Graduates will be given advance notice of our expectations, and I hope we can restore the joyous but restrained atmosphere to these important ceremonies.
Grants and Contracts Awarded

A report of the sponsored grants and contracts received during May is in your book. You will note that most of these are renewals of previous grants, but I would like to call your attention especially to the following new grants:

1. A grant of $39,381 from the National Endowment for the Humanities to Ann Bowers, University Archivist, to develop an acquisition program of women's manuscript collections in a nineteen-county area in Northwest Ohio, including the survey of records held by women's organizations, businesses, agencies, and individuals.

2. A grant of $22,610 from the United States Department of Transportation to Dr. Lloyd Buckwell, Jr., Professor of Accounting and Management Information Systems, to study a new rail costing methodology which was developed for and with the assistance of the Interstate Commerce Commission. The study will provide an in-depth understanding of this new computational method.

3. A grant of $57,613 from the United States Air Force/Aeronautical Systems Division to Dr. Lowell Schipper and Dr. Michael Doherty, Professors of Psychology, to investigate the impact of the reliability of information sources, time stress, and data presentation format on decision making. The study is aimed at improving information processing by decision makers in complex work environments.

New Degree Programs

At its meeting on May 15, the Ohio Board of Regents approved two new degree programs for the Firelands Campus. One is an Associate of Science degree program, and the other is an Associate of Applied Science in Manufacturing/Industrial Technology degree program.

Summer Transition Quarter

We are pleased with the interest shown again this year in our Summer Transition Quarter, which began June 22 and ends August 28. More than 500 Bowling Green freshmen have enrolled in this special program designed to help new students bridge the gap between high school and college.

Seventy high school teachers serve as teacher-interns, tutors, and counselors to the freshmen and work with University instructors in conducting classes. In return for their services, the teachers are able to enroll for a full load of courses. The University will pay their instructional fees and room-and-board charges.

Enrollment in the Summer Transition Quarter is voluntary and includes students who have excellent academic skills as well as those who have academic deficiencies and need special help. We believe that the individualized attention we are able to give these students during the summer greatly improves their chances of having a successful university experience.

Freshman Pre-registration, 1981

Over 2,800 incoming freshmen have signed up to participate in the 1981 Pre-registration Program which begins on July 6 and ends on August 7. We anticipate that several hundred more freshmen will take part in these sessions, which are conducted under the able direction of Mr. Greg DeCrane.

Boys State

For the fourth successive year, Bowling Green State University is proud to be serving as host to the largest Boys State program in the nation, with more than 1,400 high school boys enrolled for the nine-day event which began last Saturday.

In addition to "hands-on" experience in every aspect of state and local government, the participants have had an opportunity to take a course which carries one hour of academic credit. Speakers with practical experience in state government, as well as University faculty members, serve as guest lecturers.

The University, city officials, local Legionnaires, and community businesses play an active role in supporting this outstanding program.

FACILITIES COMMITTEE

Committee Chairman Dyckes reported that the members met on Thursday evening and reviewed a number of agenda items, as follows:

1) The Class of 1978 is proposing to erect a 55-foot steel tower to house carillon chimes in the area immediately south of the open space between Memorial Hall and the Business Administration Building. The Class of 1978 has already received funds to improve a small park on the campus and has agreed to participate with the Class of 1978 to construct the tower in a small park area. Completion of this gift to the University is anticipated by the opening of the Fall Quarter, 1981.

2) Proposed Improvement Projects to be Funded as well as those Improvement Projects completed since the May 8 meeting received the approval of the Facilities Committee and members voted to recommend to the Finance Committee funding of the projects totaling $66,841.

3) The members agreed to propose action by the Finance Committee and the full Board on the sale of two residential lots located on Crestview Drive, Bowling Green, in view of the University's not having further need for this land. (The Finance Committee later voted to recommend sale action in accordance with the proposed resolution.)

No. 57-81

Mr. Dyckes moved and Mr. Ludwig seconded that approval be given to the following Resolution:

WHEREAS, the University now owns two residential lots, each having eighty-five-foot frontage, on Crestview Drive, which were transferred from the Bowling Green University Housing Commission; and

WHEREAS, the Facilities and the Finance Committee of this Board of Trustees, after having reviewed the long-range needs of the University, have determined that these properties are not required to fulfill the mission or goal of the University,
NOW, THEREFORE, BE IT RESOLVED, That this Board authorizes the Interim President or his designee to proceed with the seeking of legislative approval and the taking of whatever other actions may be required to effect a sale by competitive bid at the earliest practical date.

The motion was approved with no negative vote.

In response to a question concerning the need to incorporate a selling price in the Resolution, Interim President Ferrari indicated that a minimum price would be a part of the competitive specifications in the bid as well as the right to refuse any and all bids.

Proposed Instructional Fees, Nonresident Surcharge, Fall Quarter, 1981

Mr. Shanklin reported that the fees for the fall quarter have been reviewed at some length by the Finance Committee and that in view of the situation not only at this university but also across the state it is apparent that a rather substantial increase in the fee structure will be necessary for the fall quarter. He noted the increase for summer quarter which was approved at the May 8 meeting and added that even though the Board is unable to adopt a budget in its final form an increase in the instructional fee is recommended by the Committee. He emphasized the attempt to keep the bottom line cost to the parents and students as low as possible.

Chairman Reams commended the administration for efforts not only during the past six months but for the past six years in holding down the costs to students and parents.

Mr. Shanklin noted that consideration should be given to the possibility of a change from the quarter system to the semester system and that a recommendation should be one of the items for consideration of the Board when the budget for next year is adopted.

Proposed General Fee - effective Fall Quarter, 1981

Mr. Shanklin moved and Mr. Ludwig seconded that the General Fee for the Main Campus and Off-Campus Centers be amended as listed, effective beginning with the Fall Quarter, 1981.

REPORTS

In response to the call of Chairman Reams for the report of the Ad Hoc Committee for Presidential Search Procedures (Trustees Dyckes, Reams, Russell, Shanklin), Committee Chairman Shanklin recommended that the Board meet in executive session at the conclusion of consideration of formal agenda items.

Report of Examination of Bowling Green State University by the Auditor - State of Ohio

Treasurer Nusser reported that the University staff has worked closely with the State Auditor’s Office in the completion of the final reports for the Fiscal Years Ending June 30, 1978, and June 30, 1979, and that copies of the complete report, including financial data, are available in the Office of the Treasurer as well as in the Office of the Secretary to the Board of Trustees. He called attention to the following information which was extracted from each report and included in the agenda book for each Board member:

Report for Fiscal Year Ending June 30, 1978 - Pages 3, 4, and 5
Report for Fiscal Year Ending June 30, 1979 - Pages 2 and 3.

REPORTS - CONSTITUENT REPRESENTATIVES

Faculty Representative - Richard Ward

Dr. Ward summarized his perception of the "mood of the faculty" as

1) appreciative of the willingness of Dr. Ferrari to share budgetary concerns and data;
2) pleased that the budget adjustments to date are minimizing the negative impact on the mission of the University: teaching - research - service;
3) concerned that the process of change created by the budget yet to be approved would be a planned one rather than last minute actions such as "across-the-board" cuts; and
4) confident that Dr. Ferrari can guide the University in the appropriate change process this year.

Undergraduate Student Representative - Randal Reardon

Mr. Reardon welcomed Mr. Hall on behalf of the undergraduate student body; announced the recipients of the Hollis A. Moore Service Awards on June 3: Dr. Stuart Givens, faculty; Glenn Sharp, staff; David Weinandy, student. He complimented the Board on the action taken on student fees.

Graduate Student Representative - Jonathan Rice

Mr. Rice welcomed Mr. Hall on behalf of the Graduate Student Senate and the graduate student body.

The written report concerning the Professional Development Fund was referred to by Mr. Rice and he noted that a cut in the funding this next year would undermine the activity of the graduate students.
EXECUTIVE SESSION

Chairman Reams announced the Board would adjourn and move to an executive session for the purpose of discussing personnel matters and that the regular session would be reconvened in approximately 30 minutes for final adjournment.

The members adjourned at 11:18 a.m. and convened in executive session in the McFall Center Chart Room. The regular session was reconvened at 12:12 p.m. and Chairman Reams announced that members had met in an executive session to consider personnel matters and that no formal action was taken during this time.

Report of Ad Hoc Committee for Presidential Search Procedures

Chairman Shanklin recommended that the 1981 Presidential Search and Screening Committee be established and that the following members be notified of this action by the Board of Trustees:

Chairman - Frazier Reams, Jr.
Trustees - Albert E. Dyckes
Robert C. Ludwig
Charles E. Shanklin

Mr. Shanklin said that the work of the Ad Hoc Committee is now completed and that the Committee is now dissolved.

No. 72-81

Mr. Ludwig moved and Mr. Spengler seconded that approval be given to the appointment of the eighteen (18) persons listed as the 1981 Presidential Search and Screening Committee. The motion was approved.

Chairman Reams complimented the members of the Ad Hoc Committee for their report. Mr. Shanklin, Committee Chair, noted that a special effort was made to make the Presidential Search Committee broadly representative of the campus.
