HELP WITH CELEBRATION!

For the first time in the history of the University, the Week Seeks Society is holding 'under lights' Friday evening. The program, under the direction of a committee of students, will be one that will long be remembered.

May Day will have a special significance this year. This day marks the end of the year, and the beginning of summer. The first day of warm weather, and the first day of the courting season.

May Day in the early years was a time for youthful dalliances. In those days, the May Day celebration was more like a prom. The men and women of the university were allowed to choose partners for the dance. The partners would dance together throughout the evening, and the dance would end with the selection of a may queen.

Today, May Day is a time for celebrations and festivities. The university will hold a number of events throughout the day, including a parade, a picnic, and a concert. The parade will begin at 10 a.m., and will feature floats, bands, and students dressed in costumes.

The picnic will be held at 1 p.m. in the picnic area on the campus. The event will feature live music, food, and entertainment. The concert will take place at 7 p.m. in the amphitheater, and will feature a variety of musical acts.

May Day is a time for students to come together and enjoy the end of the school year. It is a time for celebration, and a time to look forward to the future.

LETTERS TO THE EDITOR

Student Offers Ideas On Soldiers' Memories

I couldn't help but think last week in reading over the first editorial how vastly much has been lost if, to those boys who only rode back in the war, we all agree you couldn't have gone any better; we all agree you couldn't have gone any better; we all agree you couldn't have gone any better; we all agree you couldn't have gone any better; we all agree you couldn't have gone any better; we all agree you couldn't have gone any better; we all agree you couldn't have gone any better; we all agree you couldn't have gone any better; we all agree you couldn't have gone any better.

We go heedlessly along the path of life, thinking of our-}
Seniors Farewell Formal Staged by Seven Sisters

BY TOBY RUE

After the May Night Festival next Friday, the Seven Sisters are giving the final all-campus dance of the year—the Senior Ball. The dance will be held in the Hall from 10 to 1 a.m. Tommy Green and his band, from Toledo, will play during the event. The dance is semi-formal, with a $1.00 permit for the boy and free, please, for the girls. Tickets are available at the Student Union center among the seniors and the queens with their court.

Chairpersons are: Mr. and Mrs. Ralph Schallert, Mrs. James R. Lant, and Miss Caroline Webster. The following committee chairmen have been appointed: Mary Bright in the case of the door prize, and Mrs. J. K. Raney is vice president; Mrs. Herschel Litherland, secretary, and Mrs. Ralph Schallert, treasurer. The students' committee plans every detail of the picnics. 

The Alpha Xi Delta chapter decided on its last meeting of the semester program which it held previously. The committee plans will give its radio program on Tuesday, May 4, at 6:30 p.m. Virginia Dulson is director of this program. Edith Johnson was chosen for work with a basket containing网络安全 which will be sold.

These are among the 400 plates which are among the 400 plates. The plates are among the 400 plates. The Three Kays entertained the students' committee plans every detail of the picnics.

THE ZONE

WHERE CIGARETTES ARE JUDGED

The "Z-ZONE"—Taste and Throat—is the proving ground for cigarettes. Only your taste and throat can decide which cigarette tastes here to you—and how it affects your throat. For your own nose and throat are absolutely independent in you. Based on the experience of millions of smokers, we can say with confidence that when you smoke a Camel you will suit your "Z-ZONE" to a "T."
The Falcon baseball nine will take the field this Saturday against a stellar Oberlin nine at Oberlin for a double-header. The AERC baseball boys are regarded as among the best teams in the State since their surprise wins over Ohio Wesleyan and Wittenberg and their recent bay with the Bishop's. Oberlin, coached by Guy Turner will probably start their star bowler Friedi Andere in the first game and in the first position. Hugh Kernohan, in for the second, Finster will fill.

**Score Forecast**

*Call Of AERC*

**Dooms Athletics**

Coll Of AERC

Dreaded for many months has gone most of the sports that campus. And with their parting has left the remainder of the semester but we begin complaining about the quality of the sports. But let's spend a few minutes contemplating just what our bad luck, let's spend a few minutes contemplating just what our bad luck, let's spend a few minutes contemplating just what our bad luck, let's spend a few minutes contemplating just what our bad luck, let's spend a few minutes contemplating just what our bad luck, let's spend a few minutes contemplating just what our bad luck.

--

The Yeoman nine amassed 25 seconds last Tuesday in defeating DuPare in a double-header. And Coach Stellar predicted that Oberlin would be the toughest obstacle yet in the pack of undefeated nines trod by the band of the German marines.

No, it is a very small price to pay, just to having to give up our athletics for the duration. We will miss them, yes, but we have the future to look to, and the future that I mentioned a few seconds ago, but the future of the return of our supremacy on the gridiron, on the basketball court, and on the baseball diamond. In the future we will again have a Intramural Program unexcelled in the whole country. That is the future that the AERC dreamers dream of as far as we are at it it's by a big tribute to the man who made our intramural Intramural Program possible—Gene Thomas. Before the departure of Gene Thomas the men of the AERC will rally as soldiers. For some new from Bowling Green will already have a big tribute to the Army.

One of these men were not quite ready for the vittles they had prepared as to the ambitions for the return of our supremacy on the gridiron. In the future we will again have a Intramural Program unexcelled in the whole country. That is the future that the AERC dreamers dream of as far as we are at it it's by a big tribute to the man who made our intramural Intramural Program possible—Gene Thomas. Before the departure of Gene Thomas the men of the AERC will rally as soldiers. For some new from Bowling Green will already have a big tribute to the Army.

Gene Thomas also brought to the University the Pre- 
induction classes and Rifl 
instruction. Due to his far-sightedness he has brought the day of victory a little nearer. We salute Gene Thomas of the United States Army.
