REPORTS - CONSTITUENT REPRESENTATIVES

Faculty Representative - Richard Ward

Dr. Ward said that Dr. Olscamp's outstanding credentials have been confirmed by the events of the past few days during which time he has met with students, staff, faculty and administration and expressed a "deep concern for this university." He congratulated Dr. and Mrs. Olscamp and extended a warm welcome to Bowling Green.

Dr. Ward reported that a general faculty meeting was held on Tuesday, April 6, at which approximately one-half of the faculty were in attendance and read the following two resolutions which were passed:

RESOLUTION #1

We, the faculty of Bowling Green State University, heartily commend Interim President, Dr. Michael Ferrari, for his executive leadership of the University both as Provost and as Interim President. We especially commend his forthright and decisive leadership style, his willingness to seek and to consider the opinions of all segments of the University community in the process of making decisions, his thorough knowledge of the University, his understanding of the Ohio Legislature, and his clear appreciation of the human values and academic priorities appropriate to an institution of higher education.

Furthermore, we congratulate Dr. Paul Olscamp on his appointment as the next president. His record suggests that he will be a strong president with an appreciation of the need to nurture quality, with experience in dealing with fiscal problems and with a desire to work closely with the faculty. These are characteristics which can make him an able academic leader and which are most likely to ensure his success. We look forward to working with him through BGUS's traditional governance system of consultation and participation during the uncertain decade ahead.

RESOLUTION #2

During the past twenty-one years, participation in a shared system of governance has been central to the health and well being of this University. Attitudes or actions which weaken or violate this tradition of shared governance threaten the very fabric of this institution. Yet, during the past several years, there has been a dramatic erosion of mutual trust and respect between members of the Board and University faculty.

Whatever may have been the cause of this erosion, the Board has shown a growing disposition to act unilaterally and in isolation. It often has failed even to respond—whether positively or negatively—to faculty sponsored recommendations; and it apparently acts with indifference to the counsel of the University's appointed administrative officers. When the Board ignores customary governance procedures, there cannot also exist a basis for collaboration and cooperation and the Board cannot then claim to be meeting the responsibility given them as a trust by the citizens of Ohio.

The Board of Trustees, therefore, must act to reestablish a spirit of openness, must give our new president every opportunity to establish his leadership and must recognize that we—whose lives and
careers are tied to this University—must share responsibility for determining the University's future. Bowling Green State University can flourish only if and when a truly participatory form of governance is restored.

(Presented by Dr. David C. Roller, Professor, Department of History)

Chairman Reams acknowledged Dr. Ward's report and asked Mr. Hall to comment on the second resolution. Mr. Hall said that he believed the third paragraph of the resolution included his view on "how the University should operate" and wholeheartedly endorsed the governance principles outlined.

Chairman Reams indicated strong feelings about the faculty's right and opportunity to express themselves and believed the faculty meeting gave them a chance to speak.

Mr. Ludwig thanked those who took the time to write to him and said that the concerns expressed echoed his concerns.

Graduate Student Representative - Jonathan Rice

Mr. Rice welcomed Dr. and Mrs. Olscamp on behalf of the graduate students and introduced the new president of the Graduate Student Senate for next year—Karen Aldred, a master's candidate in the Department of College Student Personnel.

Undergraduate Student Representative - Bruce Johnson

Mr. Johnson welcomed the Olscamps on behalf of the undergraduate student organization and indicated his confidence in the next leader of the University. He read the following three resolutions passed by the Undergraduate Student Government (USG):

RESOLUTION #1

Dr. Michael Ferrari has devoted several years of outstanding service to Bowling Green State University as Provost and as the Interim President. His contributions to the community as a whole have been both commendable and noteworthy. He has committed himself to facilitating better relations between students and the university administration by discussing and seriously considering student concerns. He has shown a sincere, genuine desire to promote the quality and national stature of Bowling Green State University.

Therefore, we the undergraduate students commend Dr. Ferrari for his distinctive dedication and contributions to the student body and the University as a whole.

Undergraduate Student Government

Student Legislature

RESOLUTION #2

We the Undergraduate Student Government would like to congratulate Dr. Paul Olscamp on his appointment as President of Bowling Green State University.

We commend him on a history of fostering good working relations with university students and look forward to working with him in the future to improve the quality of life and education at Bowling Green State University.

/s/ Bruce E. Johnson, President
Undergraduate Student Government

/s/ George R. Aber, Chief Officer
Student Legislature

RESOLUTION #3

Whereas, last summer the University Board of Trustees implemented a Semester Calendar despite the fact that the Faculty Senate and Academic Council had clearly rejected such a calendar change;

Whereas, the Presidential Selection and Search process was undertaken with complete privacy and the final decision made with very little meaningful input from the University community;

Whereas, there has been very little effort on behalf of the Trustees to seriously confront and discuss the issues highlighted in the Student Body Constitution and statement of student rights;

Therefore, Be It Resolved, that the Undergraduate Student Government, on behalf of the student body, expresses its dissatisfaction and deep concern over the apparent breakdown of communication between the student body and the Board of Trustees;

Furthermore, we strongly urge the Trustees to cooperate with Dr. Olscamp to create an environment conducive to open and meaningful communication between the Trustees and the University community.

/s/ Bruce E. Johnson, President
Undergraduate Student Government

/s/ George R. Aber, Chief Officer
Student Legislature

Chairman Reams thanked Mr. Johnson, stating that he endorsed the first two resolutions and acknowledged the statement in the third resolution relating to the breakdown of communications between the Board of Trustees and the undergraduate student body. The Chairman called on Dr. Olscamp, who thanked everyone he had met on the campus for the warm and courteous welcome and stated that he would be meeting later with individual groups of the central administration.

ANNOUNCEMENTS

Chairman Reams announced the date of the next meeting as Friday, May 14, 1982.

Mr. Dyckes moved and Mr. Hanna seconded that the meeting be adjourned. The meeting was adjourned at 10:05 a.m.
