Another Armistice Day

Another Armistice day: another war year. Perhaps, so far, but now is the time for us to think armistice.

They signed a treaty this past 25 years, and it is now time that we analyze the present armistice treaty. We may realize that fact, but are not helping to give this present armistice treaty the attention it deserves. Will be able to say in a few years when we celebrate a real and lasting Armistice, "I helped make this possible."

Or rather, they talk! But we must. The people want to know what they did in the last war, the job they did in the last war. We do not believe in wars, but we do believe in the people. We should be working and helping to keep the world just as it is now.

"After all," we say, "This is not our fault." Perhaps not, but in a democracy such as ours we must work to make it possible that such a condition never happens again. We must work to prevent it.

A Student Government...

Student Council ordinarily means "governed by the students, for the students." Many say that the students are a very good idea, but do not function in this way. At the present time the students are following an old pattern that is not being used to revise the constitution of the student council, but rather is being followed by the students: the students.

Under the new system, the council will be more representative, and will include the freshmen. They will work to help the students Over There with the merchandise that we all are sure.

Only when this end has been accomplished; only when all this is done, will all that is possible for us to do, can we consider that we have a true and real Armistice—P8

Miami Redskins Too Much For Shattered Falcons

The Miami Redskins proved too much for the Falcons last Saturday afternoon at Oxford, O. As they rolled up a decisive 6-0 victory, fighting for their life, Green was no match for the powerful Redskins' running and passing attack. Beanie was badly handicapped by the loss of many first-stringers.

It was the second period Miami scored on a penalty play. That gave a Reveiling Green fumble from which they gained field position. A few plays later Miami clicked again for 59 yards and Miami 42. Six plays later Gaby Tevis ran 19 yards for Miami's third touchdown in four attempts. Beanie was badly handicapped by the loss of its own 32 yard line Miami when Tevis scored from the one yard line. A few plays later Miami intercepted a Reveiling Green pass on the field goal post.
