In keeping with the official notice, the Board of Trustees met in the Assembly Room, McFall Center, with the following members present: Robert C. Ludwig, Chairman; M. Shad Hanna, Vice Chairman; James Warren Hall; Melvin L. Murray, Richard A. Newlove, Charles E. Shanklin; and William F. Spengler Jr., Trustees Albert E. Dyckes and Ann L. Russell could not be present due to schedule conflicts.

Also present were President Paul J. Olscamp; Philip R. Mason, Assistant to the President and Secretary to the Board; Betty van der Saissen, Faculty Representative to the Board; Brian J. Baird, Undergraduate Student Representative 1983-84; Robert A. Wade, Undergraduate Student Representative 1984-85; Beverly E. Baker, Graduate Student Representative 1983-84; Kory J. Tilgher, Graduate Student Representative 1984-85; William J. Parker, Firelands College Board Member, representing George R. Mayer; Firelands College Board Representative; Richard R. Eskin, Vice President for Planning and Budgeting; Mary M. Edmonds, Vice President for Student Affairs; Richard A. Edwards, Vice President for Institutional Advancement; Paul R. Huesker, Treasurer; Karl E. Vogt, Vice President for Operations; media representatives; and a number of observers.

Chairman Ludwig called the meeting to order at 10:01 a.m.; the Board Secretary called the roll and announced that a quorum was present (seven members). Prior to consideration of agenda items, Chairman Ludwig recognized former members of the Board of Trustees in the audience: Ashel G. Bryan of Bowling Green; Donald G. Simmons of Perrysburg.

ELECTION OF OFFICERS

Mr. Spengler presented the slate of officers for 1984-85 and moved it be adopted by the Board. Mr. Murray seconded and members present voted to adopt the following slate:

- President: Robert C. Ludwig
- Vice President: M. Shad Hanna
- Secretary to the Board: Philip R. Mason

MINUTES

No. 58-84

Mr. Hanna moved and Mr. Newlove seconded that the minutes of the meeting of April 13, 1984, be approved as written. The motion was approved.

PRESIDENT'S REPORT

Summer Session Registration

As of May 3, 1984, 3,965 registration requests have been received for Summer, 1984. In a comparison with last summer's registrations, the current summer registration count appears to be running 367 ahead of Summer, 1983 count. As of May 4, 1983, registrations totaled 43,959 for Summer, 1983. We are continuing to monitor summer registrations closely.

Undergraduate Admissions

Freshman and transfer admissions for the Fall Semester, 1984 continue as expected. To date, we have received 8,014 freshman applications seeking admission to the Fall Semester. This represents an increase of 193 or 2.3% over last year at this time. Transfer applications total 805 which is 91 fewer than last year (-10.2%). The number of new freshman entering in September, 1984 is now projected to be 3,235 and the transfer class is expected to number 400.

As of May, 1984, we have received 553 post cards from new summer freshmen indicating they plan to register for summer classes on Friday, May 11, 1984. This compares to a total of 361 new freshmen who attended last year's Summer Registration program -- an increase of 192 or 53.2%.

Graduate Admissions

The number of applications received by the Graduate College totaled 2,363 as of April 30, 1984. This total represents an increase of 28 from the same reporting period in 1983.

Within the various application categories, positive and negative changes were observed during April. The changes reveal that applications to degree programs increased 6%, while applications to Special Standing (non-degree) status decreased 7%.

Because of the different opening dates for the five terms offered during the 1984 Summer Session, it is apparent that some part-time and non-degree graduate students are delaying the submission of their applications for admission and registration for course work.

1984-85 Budget

University budget planning each year is highly dependent upon the level of state support. Over one-half the University's operating budget comes from such support. Late in May, the Ohio General Assembly will consider a capital appropriations bill which is expected to include an allowance for instructional equipment. University budget planning for 1984-85 has assumed funding from the Legislature for vital equipment needs. If equipment needs are not met by the General Assembly, present tentative budget recommendations for 1984-85 will have to be reconsidered to provide for the most critical equipment needs within expected income levels. Therefore, it is prudent for us to define the 1984-85 budget planning until the General Assembly adopts a capital appropriations bill, which is likely to occur early in June, 1984. If the Governor does not sign a capital bill in June however, we will be forced to bring forward a budget based upon our assumptions about what the bill will finally contain.

It is clear that the Board of Trustees will not have sufficient financial information until June to adopt the 1984-85 budget, including a salary pool for continuing full-time faculty and administrative staff. Thus it was necessary to repeat the "letter of intent" approach used in the past three years to permit contracts to be issued after the start of the fiscal year. This memorandum served to notify continuing faculty and contract staff that individual 1984-85 contracts would carry no less than the 1983-84 base academic or fiscal year salary (including, of course, contract conversions from fiscal year to academic year salaries and/or changes of position).
PRESIDENT'S REPORT (Continued)

Grants and Contracts Awarded

The comparative numbers for grants and contracts for the April 30, 1984 month ending as opposed to the same period in 1982-83 is as follows:

1982-83 - Total special projects grants and contracts = $3,129,735.42.
1983-84 - Total special projects grants and contracts = $3,525,180.31. The total for 1982-83 of all grants and contracts = $7,613,693.42 for 1983-84 it is $8,747,142.31.

One grant of special interest was received by Professor David S. Newman of the Chemistry Department from the National Science Foundation for $33,480.00. This grant is funding for the purchase of a Perkin-Elmer DCS-4 Differential Scanning Calorimeter, Systems 4 Temperature Programmer and a Thermal Analysis Data Station. The award's purpose is to purchase research-grade instruments for four-year colleges, will provide a significant addition to the research instrumentation of the Chemistry Department. Dr. Newman, by the way, has won a Senior Fulbright Fellowship for 1984-85 and will spend the year doing research at the University of Trondheim in Norway. This is his second Fulbright Scholarship.

Role and Mission Statement

Mr. Chairman, I am pleased to announce that the Faculty Senate adopted a new Statement on the Role and Mission of the University at its May 1 meeting. The roll call vote on approval of the Mission Statement was 61 affirmative; one negative; two abstentions. This well written statement is the result of hard work and many long hours contributed by over 130 faculty members of the University. Trustee Russell was very helpful as the Representative from the Board of Trustees on the Role and Mission Committee. The Role and Mission Statement will be presented for consideration by the full Board of Trustees after the necessary 15 class day waiting period, and is being distributed to you today. I fully support it, because I believe it is the most important and well-justified policy change for this University in the last 15 years.

NCATE (National Council of Accreditation for Teacher Education)

A 14-member evaluation committee representing the National Council of Accreditation for Teacher Education has unanimously recommended that the council renew accreditation of all teacher-education programs at Bowling Green State University.

NCATE is the only nationally-recognized accrediting agency in the field of teacher preparation. Bowling Green first requested and received NCATE accreditation in 1954 and has subsequently undergone the review procedure every 10 years.

NDSL (National Default Student Loan) Defaults

According to the U.S. Department of Education the national average NDSL default rate for colleges and universities is 10.5%. I am pleased to report that BGSU's 2.27% default rate is well below the national average. The state of Ohio has 134 institutions participating in the NDSL program and the state's average default rate is 16.80%. I believe BGSU's low NDSL default rate of 2.27% speaks well of the kind of student attending BGSU as well as for our Financial Aid and Bursar offices.

West Hall Renovation

The asbestos removal work has been completed on the first, second and third floors of the building with work in the basement underway. The upper floors are being turned over to the contractors to resume the building renovation work. Completion of the asbestos removal work is expected by the end of May.

IVY Award to BGSU Food Service Operations

BGSU food service operations has been selected by their peers in the food service industry as one of the twelve best operations in the country and we are the recipient of the coveted IVY Award. Our food operation, directed by Mr. James Corbitt competed with all categories of food preparation including hotels, restaurants and others. The National Default Student Loan Commission. The facility will serve as a major link in the new statewide voice and data transmission network and will provide an upgrade of the OEBNC's educational television network of which WBGU-TV is an affiliate.

1984 Spring Commencement

Saturday, May 12, 1984 Bowling Green State University will hold the Spring Commencement at the BGSU Stadium. Commencement speaker will be Steve Bell, anchorman for "ABC News This Morning" and the news segments of "Good Morning, America." Major General Myles J. Fuller, a 1952 graduate of Bowling Green State University, has been selected to receive the twenty-fifth Distinguished Alumnus Award.

Bowling Green State University will be graduating approximately 2,020 students. They represent 31 states; 14 foreign countries; and 75 of the 88 Ohio counties. 12 students will graduate summa cum laude, 57 magna cum laude, 135 cum laude, and 204 with honors.

Mr. Chairman, this concludes my report.

President Olscamp reported additionally that it is clear that the Board of Trustees will not have sufficient financial information to adopt the 1984-85 budget until June 1, 1984. Faculty and administrative staff will continue with the NDSL program to purchase research-grade instruments for four-year colleges, will provide a significant addition to the research instrumentation of the Chemistry Department. Dr. Newman, by the way, has won a Senior Fulbright Fellowship for 1984-85 and will spend the year doing research at the University of Trondheim in Norway. This is his second Fulbright Scholarship.

The Role and Mission Statement has been presented to the Board. Dr. Olscamp stated, and will be considered for action after the 15-day waiting period required by the Academic Charter.

PERSONNEL/FACILITIES COMMITTEE

Mr. Spongier reported that the members met on Thursday evening to consider the following personnel-related matters: Personnel changes since the April 13 meeting; Promotion and Tenure Recommendations for 1984-85; and Appointments to Emeritus Status. He stated that one of the tasks delegated to the Trustees is consideration of the promotion and tenure recommendations each year and that in the past the Board members relied heavily on the University process. This year, he added, the Committee met on May 3 with President Olscamp, Vice President Clark, Chairman Ludwig and Academic Deans Kendall Baker, Dwight Burlingham, Ramona Cormier, Garrett Heberlein, Edward Morgan, Sandra Packard, Robert Patton, Jerry Strickler and Robert Thayer to review the qualifications of the faculty members recommended for promotion and/or tenure and assured the Board that 1) this is a very thorough process, 2) contrary to what some members of the Board thought in the past, it is not easy to become tenured, and 3) the faculty members proposed for promotion and/or tenure are well qualified.

Mr. Spengler said that the Committee reviewed the recommendations for emeritus status for those faculty members who will retire in May, 1984, and asked Dr. van der Smelssen to present the candidates: Stewart Berry, Professor, Educational Foundations and Inquiry; Joyce Myles, Assistant Professor, Educational Curriculum and Instruction; and James Ruehl, Associate Professor of Health, Physical Education and Recreation. Dr. van der Smelssen reviewed the activities and accomplishments of each candidate during his/her period of employment at Bowling Green State University and detailed the qualifications for emeritus/emerita status.

Personnel Changes since April 13, 1984 -
Including Promotion and Tenure Recommendations for 1984-85 and Appointments to Emeritus/Emerita Status

No. 59-84

Mr. Spengler moved and Mr. Hanna seconded that approval be given to the Personnel Changes as listed — Including Promotion and Tenure Recommendations for 1984-85 and Appointments to Emeritus/Emerita Status. The motion was approved with no negative votes.

Personnel Changes - ACADEMIC AREA

Retirements

Terrye Gregory, Instructor of Accounting and Management Information Systems; effective May 22, 1984; relocating with husband who will be on Faculty Improvement Leave 1984-1985

Elizabeth Knowles, Assistant Professor in the University Library; effective June 30, 1984; relocating to another state

John W. Pittner, Instructor of Natural and Social Sciences at Firelands; effective May 22, 1984; entering private sector

Sharon Rogers, Associate Professor and Associate Dean in the University Library; effective June 30, 1984; accepted another position

Changes in Assignment, Rank and Salary

Kalman Szekely, Associate Professor in the University Library, from $27,393 fiscal year rate to $22,412 academic year rate; due to conversion to academic year status

Part-Time Appointments

New Appointments - Faculty Technology

Martin Skolnick, Instructor $3,000 temporary January 1-June 1, 1984

Administrative Staff - ACADEMIC AFFAIRS

New Appointments - Full-time

Ellen Dalton, Project Coordinator, Chemistry
Barbara P. Keeney, Coordinator, School of Nursing
Linda Sue Schemley, Research Assistant, Biological Sciences

Reappointments - Full-time

Michelle Gamet, Polygraph Technician, Psychology
Kay C. Reed, Staff Coordinator, Institute for Organizational Research & Development

Resignations

Beverly Anthony, Research Assistant, Biological Sciences
Jamie Pfeifer, Design/Layout Phototypesetting Services

Notes & Period of Employment

1983-84 Year; Special Period of Employment

Accepted another position

Return to school

EMERITUS STATUS RECOMMENDATIONS

Ms. Joyce Myles, Assistant Professor, Educational Curriculum and Instruction

Dr. Stewart Berry, Professor, Educational Foundations and Inquiry

Mr. James Ruehl, Associate Professor of Health, Physical Education and Recreation

Mr. Hanna reported that the Committee reviewed the employee handbooks for Administrative Staff 1984-85 and for Classified Staff 1984-85 and recommends approval of the revised editions by the full Board.

Administrative Staff Handbook for 1984-85 - Annual Review

No. 59-84

Mr. Hanna moved and Mr. Spengler seconded that approval be given to the Administrative Staff Handbook for 1984-85. The motion was approved with no negative votes.
PERSONNEL/FACILITIES COMMITTEE (Continued)

Classified Staff Handbook for 1984-85 - Annual Review

Mr. Hanna moved and Mr. Hall seconded that approval be given to the Classified Staff Handbook for 1984-85. The motion was approved with no negative votes.

Mr. Spengler noted also that the Committee reviewed improvement projects proposed for funding, totaling $256,822.00, and that the members' recommendation for funding of the projects was forwarded to the Finance Committee for submission to the full Board. He said that the report item concerning State-Funded Capital Improvement Projects, as submitted by Architect Roland Engler, was reviewed and accepted for the official record.

FINANCE COMMITTEE

Mr. Hall reported that the Committee met on Thursday evening to review the following action items and all are recommended for consideration by the full Board.

Proposed Improvement Projects to be Funded

Mr. Hall moved and Mr. Murray seconded that approval be given to the allocation of funds for improvement projects totaling $256,822.00, as listed.

The Secretary conducted a roll call vote with the following results: Voting "yes"—Mr. Hall, Mr. Hanna, Mr. Ludwig, Mr. Murray, Mr. Newlove, Mr. Shanklin, Mr. Spengler. The motion was approved by seven affirmative votes.

Microcomputer Purchase Plan

No. 64-84

Mr. Hall moved and Mr. Shanklin seconded that approval be given to the adoption of the Resolution concerning the University's participation in a Microcomputer Purchase Plan. The motion was approved with no negative votes.

WHEREAS, the Board of Trustees recognizes the increasing importance of computers in the education of our students;

WHEREAS, Microcomputers present an educational opportunity for the advancement of student understandings and skills throughout the University curriculum;

WHEREAS, many faculty, staff, and students do not have ready access to microcomputers;

WHEREAS, it is desirable to encourage the personal acquisition of microcomputers and their use by faculty, staff, and students in all aspects of University programs; and

WHEREAS, vendors of microcomputers including International Business Machines Corporation and Apple Computer, Inc., have made plans available which provide an opportunity for University faculty, staff, and students to purchase microcomputers at an educational discount in recognition of their educational responsibilities; now, therefore, be it

RESOLVED: 1) That the University President or his designee is authorized to enter into an agreement with the International Business Machines Corporation to participate in the Education Affiliate Volume Procurement Amendment and Quantity Discount Agreement;

2) That the University President or his designee is authorized to enter into an agreement with Apple Computer, Inc., to participate in the University Purchase Agreement; and

3) That the University President or his designee is authorized to seek bids from other microcomputer suppliers for educational discount plans for faculty, staff, and students and to enter into such other agreements as the President or his designee deems appropriate.

REGULAR ITEMS

**Sponsored Grants and Contracts Awarded - April, 1984**

No. 65-84

Mr. Hall moved and Mr. Murray seconded that grants and/or contracts in the amount of $1,006,862.40, as listed for the following period, be accepted and expenditures applicable thereto in that amount be authorized.

The motion was approved with no negative votes.

Reports - Constituent Representatives

Faculty Representative - Betty van der Smissen

Dr. van der Smissen reported to the Board and expressed appreciation for the opportunity during the past year to share information at the meetings. Her remarks related to the following topics: 1) interaction of faculty-students and faculty-administration; 2) evaluation of the Faculty Senate from the Board's perspective; 3) the Solicitation Policy and need for further study; 4) record number of appeal cases this year brought to the Faculty Senate committee; 5) final report of the Role and Mission Committee and publication of the document; 6) benefits package of the University; and 7) appointment of an Ad Hoc Committee on Configuration.

Dr. van der Smissen stated that she looked forward to continued dialogue with the Trustees during the Trustee-Administrative Retreat scheduled May 14 through May 16.

Undergraduate Student Representative - Brian J. Baird

Mr. Baird reviewed the major accomplishments of the past year in undergraduate student government affairs:

1) State Issues 2 and 3 and the registering of the highest number of voters of any university student body in Ohio;
2) establishment of the Student Legal Services Program and the employment of an attorney;
3) development of a mutual understanding among the Board of Trustees, the students, and the administration.

He termed his service as the student representative during the past year "a learning experience" and expressed thanks to the Trustees, Representatives to the Board, President Olscamp, and the Vice Presidents. The following new officers of the Undergraduate Student Government were introduced by Mr. Baird: Robert A. Wade, President and the 1984-85 Representative to the Board; Cindy Smith, Vice President.

Graduate Student Representative - Beverly E. Baker

Ms. Baker read a resolution passed by the Graduate Student Senate (GSS):

BE IT RESOLVED: That we, the 1983-84 Graduate Student Senate of Bowling Green State University, strongly disagree with Bowling Green State University and the Ohio Board of Regents decisions to carry out potentially illegal or morally questionable Federal policies.

And, that the Institutions of Higher Education and the banking establishments of Ohio are vigorously urged to not arbitrarily single out scholars and interfere with their rights to obtain an education or to terminate the scholar's rights to grants and/or loans guaranteed by federal sources. We urge that a moratorium on any such action be imposed at least until all suits and torts concerning the so-called Solomon Act or Son of Solomon Act are settled in Federal Courts.

FURTHERMORE: That Form SC 0101, (3/83), the Statement of Education Purpose/Registration Compliance form not be required of prospective GSL users and that the banking establishments of Ohio delete this form from their loan package.

A representative of the graduate student body commented concerning the resolution.

Ms. Baker said the important issue of off-campus housing is being addressed by Trustee Newlove, Vice President Edmonds and President Olscamp.

She thanked the officers of the GSS and introduced the newly elected President, Kory J. Tilgner. Ms. Baker's comments to the Board included emphasis on "the quality of life at Bowling Green," "understanding different points of view," "considering the work of the individual," and the necessity for functioning with a "sense of humor and patience." She expressed thanks to her family, the members of the Board, President Olscamp, the Vice Presidents and the staff in each Vice President's office, and special appreciation to Trustee Shanklin as he leaves the Board on May 16. Announcement was made by Ms. Baker of the scholarship fund for graduate students which is being established in Charles Shanklin's name.
REPORTS - CONSTITUENT REPRESENTATIVES (Continued)

Firelands College Board Representative - George R. Mayer

Mr. William J. Parker, representative of Mr. Mayer, who could not be present, stated that the Firelands Board is appreciative of the many courtesies extended to each member by the University Board of Trustees during the meeting held at the Huron campus in April. He announced two events scheduled at Firelands: 1) Awards Banquet - April 24; 2) Recognition Banquet - May 12 (44 graduates will be honored).

He said the number of students admitted in 1984 is up 10 percent over last year.

ANNOUNCEMENTS

Chairman Ludwig announced the date of the next meeting: Friday, June 8, 1984.

COMMENTS - TRUSTEE CHARLES E. SHANKLIN

Mr. Ludwig acknowledged that "Chuck" Shanklin will be missed by each member of the Board.

Mr. Shanklin asserted that his service on the Board for the past 15 years "has been a pleasure." He said "Bowling Green is a great university" and "statements made here today really speak of the greatness of the institution."

He spoke of the decision-making at the University and said that he could not recall a decision made by the Board of Trustees, or others, that was made on the basis of partisan politics or one that was made to benefit the decision-maker.

He expressed confidence in the Institution becoming an even greater university and informed those present that "he will be back on the campus."

President Olscamp stated that it is clear that Mr. Shanklin "participated in every decision made at this modern University."

ADJOURNMENT

Chairman Ludwig adjourned the meeting at 11:58 a.m.
