MINUTES

No. 25-85

Mr. Hall moved and Dr. Platt seconded that the minutes of the meeting of November 9, 1984, be approved as written. The motion was approved.

PRESIDENT'S REPORT

Dr. Olscamp reported as follows:

I would like first to introduce to you Joshua E. Kaplan, M.D., formerly a physician in the Emergency Department at Marshall Hall Memorial Hospital in San Francisco, as our newly appointed physician and Director of the Student Health Service. Dr. Kaplan received a bachelor's degree from Princeton University in 1967 and earned his M.D. degree from the Downstate Medical Center, part of the State University of New York system, in 1971.

He interned at San Francisco's Presbyterian Hospital and completed his medicine residency at St. Luke's Hospital in Denver. In 1978 he was certified by the American Board of Internal Medicine. Dr. Kaplan was appointed after a national search.

We welcome you, Dr. Kaplan, to the Bowling Green State University Campus.

Subsidy Update

The Ohio Board of Regents approved 1984-85 state subsidy allocations on December 21. The approved state subsidy for the main campus is $42,046,212, which is somewhat higher than our June 1984 projection. The improved main campus allocation is due largely to a better-than-expected distribution of enrollment among the various subsidy categories. The Firelands subsidy allocation is $1,545,661, which is $14,339 below our June, 1984, projection. This decrease is due to a lower-than-expected Firelands enrollment.

Spring Semester Update

Spring Semester main campus registration totals 15,814 as of January 9, 1985. This figure is 68 less than the corresponding registration count for Spring Semester, 1984.

As of December 17, 1984, Spring Semester paid housing contracts are projected to be 7,700. Thus, we project that approximately 52 fewer students will reside in University residence halls this spring than last year's total of 7,752.

Undergraduate Admissions Update

To date, we have received 5,388 applications from freshmen seeking admission to the 1985 Fall Semester and/or Summer Session. This represents an increase of 28 or .52%. Transfer applications number 226, a decrease of 90 or 29.4%.

Graduate Admissions Update

For the reporting period July 1, 1984, through November 30, 1984, the number of new applications received by the Graduate College totaled 1,042. This persistent pattern of increase represents a total of 179 applications or 21% from the same reporting period last year.

Applications to degree programs continued to indicate an upward trend through the month of December. A total of 659 applications to degree programs were received indicating an increase of 193 or 41%. The 383 applications for non-degree status represent a decrease of 4% in the number of part-time students applying and enrolling in the Graduate College compared to the same reporting period in 1983.

Grants and Contracts Awarded

The comparative numbers for the grants and contracts for December 31, 1984, month ending as opposed to the same period in 1983-84 are as follows:

1983-84

Total special projects grants and contracts = $2,683,202.62.

1984-85

Total special projects grants and contracts = $2,876,254.72. The total for 1983-84 all grants and contracts = $7,376,875.62 and the total for 1984-85 = $7,626,151.72. These totals include student aid grants for the respective years.

I will mention a grant of particular interest received by Paul E. Brauchle, Professor in the School of Technology. The grant received by Professor Brauchle was for $88,298.00. This project will provide funds to re-train fifty unemployed persons for positions in manufacturing. These participants will also receive counseling in personal and professional development, on-the-job training, and classroom instruction.
Minority Affairs

As you are aware, last year I appointed a committee to study the minority affairs area of the University and to recommend ways of enhancing the recruitment of and service to the minority community. After review of the recommendations submitted by the committee, I concluded that a different administrative structure would better meet the special needs of the minority community. I have met with the leaders of the minority affairs organizations to go over the reorganization and to answer questions they might have concerning it. The changes would be effective July 1, 1985.

Mary Edmonds will be responsible for supervising the reorganization of the Educational Development Office and the creation of the new Minority Affairs Office on the campus. She will work with Vice Presidents Richard Eaklin and Eloise Clark to establish time lines for the implementation of phases of this reorganization. An important part of this reorganization is the counseling of the individuals who will be transferred from their present administrative locations into different line areas, and another important feature will be the publication of new organizational charts with appropriate titles in time for the next academic year. Dr. Edmonds is now in the process of establishing committees to implement the process.

Reconfiguration

Relative to the reconfiguration, I had asked the Chairman of the Board to appoint a subcommittee from the members of the Board to advise me about the various recommendations. Chairman Ludwig appointed Trustees Hanna and Platt to serve as the subcommittee. I have met with Trustees Hanna and Platt to discuss the process of advising. We decided that since the proposals doubtless will change as they move (or don’t move) through the Charter-defined approval process we shall wait until the end of that set of procedures and then meet to discuss what has emanated from them.

In summary, the recommendations are as follows:

1) Change the name of the School of Technology to “The College of Technology,” with appropriate changes in title for the administrators.

2) Change the name of the College of Health and Community Services to “The College of Health and Human Services.”

3) Transfer the program in Speech Pathology and Audiology to the College of Health and Human Services.

4) House the Environmental Studies Program in the College of Health and Human Services.

5) Eliminate the concept of the “autonomous school” at the University, leaving only departments, schools within colleges, and colleges as the units comprising the University. (The reason for this recommendation is that there is no functional difference between an autonomous school and a college and the nomenclature is therefore simply confusing.)

6) Create a new college, to be known as “The College of Mass Communications,” which would contain the present School of Journalism, the Department of Popular Culture, and the Radio-Television-Film program.

Legislative Affairs

Phil Mason and I have met with over 25 legislators from both parties during the last few months. We will continue to meet with legislators and express support for the Ohio Board of Regents’ budget which, for the first time in memory, enjoys support from all university presidents in Ohio. We have been told by OBOR officials and the Governor’s Office that the Higher Education budget to be recommended to the legislature later this month will be progressive and one with which “we will be pleased.”

Another issue of concern to Bowling Green State University in the Legislature includes the requirement that under H.B. 798 universities must pay for 20% of new construction costs from local sources. In our case it will amount to $780,000 for the Business Administration addition. We are seeking relief from the 20% pickup requirement as stipulated in H.B. 798, and we are hopeful at this point. We will attempt to involve students, alumni and others at the University in legislative affairs during the upcoming session.

Faculty

I look forward to hosting two “Fireside Chats” each month with randomly selected faculty (12 each time for the rest of the year). The topics will be whatever they wish.

Vice President for University Relations

Dr. Dwight Buringame, Acting Vice President for University Relations, has informed me that he will not be retiring in January. Instead, he has been named to serve as Vice President for University Relations. Dwight has done a superb job in the interim position in the University Relations area. He has asked permission to return to his previous post as Dean of the Libraries and Learning Resources. I have asked Dwight to continue in the post of Acting Vice President for University Relations until we complete the search for a new person which will begin in the next couple of weeks.

Fall Commencement 1984

The Fall Commencement marked the 191st graduation at Bowling Green State University with a total of 856 degrees being awarded. This brings to 64,861 the number of men and women who have graduated from the University. Mr. Gunther Schuller received an honorary Doctor of Performing Arts and Dr. William Hoskins gave one of the finest commencement addresses ever given at Bowling Green.

Mr. Chairman, this concludes my report.

Chairman Ludwig announced that there was not a quorum present at the meeting on Thursday evening to consider the one action item of Personnel Changes.

Proposed General Education Policy

President Olscamp stated that the University is dedicated to the principles of general education and that work has been going on for some time through a committee on the general education requirements of the University. He terms the proposed action a step in the right direction in identification of a core curriculum that will be applicable to every student at the University regardless of major field. The motion calls for the altering of the general education requirements in such a way that students are required to take certain core courses from identified areas of study in order to qualify for the baccalaureate degree.

Dr. Clark commented that the policy comes with the recommendation of the Undergraduate Council, the Committee on Academic Affairs and the Faculty Senate; each college has individually adopted the core and favorable action by the Board of Trustees will make the policy University-wide.

In response to Dr. Platt's comment concerning the inadequacy of one course in a foreign language, Dr. Olscamp and Dr. Clark responded that this is one of the points of continuing discussion and will be considered as the University examines the enhancement of the general education core over the next several years.

No. 32-85 Dr. Platt moved and Mr. Hall seconded that approval be given to the General Education Policy in accordance with the Resolution with the provision that the committee further investigate the functional area of foreign language requirement. The motion was approved.

Resolution

WHEREAS, the Statement of the Role and Mission of the University, as approved by the Board of Trustees on June 8, 1984, affirms that the central mission of BGSU is to provide its undergraduate students with a "practical liberal education"; and
WHEREAS, the Role and Mission Statement further affirms that "undergraduate education at Bowling Green State University should include as a minimum: (a) a core of common learning to provide students with functional understanding of the arts and humanities, natural sciences, social and behavioral sciences, and cultures other than their own; (b) skills in writing and reading, speaking and listening, computation and mathematics, problem solving and critical thinking, and decision making and value analysis";

NOW, THEREFORE, BE IT RESOLVED;

That the Board of Trustees approve the "University General Education Policy" as adopted at the November 6, 1984, meeting of the Faculty Senate.

The motion was approved with no negative votes.

Bowling Green State University

GENERAL EDUCATION POLICY

The General Education Core Curriculum is the foundation of Bowling Green State University's emphasis on a practical liberal education for all undergraduate students. The core is a body of learning designed to give students an understanding of the multiple realities of a complex and culturally diverse world and is organized to provide a basic framework of the modes of inquiry common to each of four functional areas: Foreign Languages and Multicultural Studies, Social Sciences, Natural Sciences, and Humanities and Arts.

All candidates for the Baccalaureate Degree at Bowling Green State University must take at least eight courses from the University General Education Core Curriculum. At least one of these eight courses must be taken in each of the four functional areas: Natural Sciences, Social Sciences, Humanities and Arts, Foreign Languages and Multicultural Studies.

Courses included in the General Education Core must be foundational in character and broad enough to serve adequately as the sole experience of the student in the selected area of understanding. Additionally, each course must emphasize the development and enhancement of one or more of the following five skills: Written Communication, Oral Communication, Computation and Mathematics, Critical Thinking and Problem Solving, and Decision Making and Values Analysis.

Finally, it is reaffirmed that the Undergraduate Council shall be the body responsible for monitoring the Core and for implementing the General Education Policy.

Statement filed by Trustee Albert E. Dyckes in accordance with Ohio Revised Code, Section 102.04(D)

Chairman Ludwig stated that Trustee Albert E. Dyckes has filed the statement as required in the Ohio Revised Code regarding his employment as Legislative Agent for the Ohio Hospital Association. The Chairman indicated that the statement (tenth filing) is accepted for the official record.

January 2, 1985

Dear Dr. Olsamp:

In accordance with recent amendments to Section 102.04(D) of the Ohio Revised Code effective August 27, 1976, as a member of the Board of Trustees of Bowling Green State University it is incumbent upon me to inform you per this statement that I am employed as a Legislative Agent for the Ohio Hospital Association.

Name: Albert E. Dyckes
Home Address: 1285 Inglis Avenue, Columbus, Ohio 43212
Public Agency Served: Bowling Green State University—Board of Trustees
Bowling Green, Ohio 43403
Other Public Agency: Ohio General Assembly

Employer: Ohio Hospital Association
Employer's Address: 21 West Broad Street, Columbus, Ohio 43215
Job Title: Senior Vice President
Job Duties: Represent the Ohio Hospital Association on matters pending before the Ohio General Assembly relative to hospitals.

Declaration: I hereby disqualify myself for two years from participation as a member of the Board of Trustees, Bowling Green State University, on any matter that may come before the Board upon which matter I represented the Ohio Hospital Association before the Ohio General Assembly. I further disqualify myself from participation in any decision by the Board regarding the purchase of goods or services from the Association.

Dated: January 2, 1985
Signed: Albert E. Dyckes

Should a matter come before the Board of Trustees of the University directly related to an action taken by me as a legislative agent for the Ohio Hospital Association, it would be necessary for me to disqualify myself from participation in any Board action that might be taken on that matter.

While it seems remote that any matters involving the OHA and my work for the Association would come before the Board, it is important to adhere wholeheartedly to Section 102.04(D) of the Ohio Revised Code which makes provision for a person to hold an appointive position in a non-elective office and for that person to file a statement annually with the public agency he serves that identifies the goods and services that he vends in his private employment.
Statement filed by Trustee Albert E. Dyckes in accordance with Ohio Revised Code, Section 102.04(D) (Continued)

I am transmitting copies of this letter and statement to the Clerks of the Ohio House of Representatives and the Ohio Senate and the Ohio Ethics Commission to be certain that my serving as a member of the Board of Trustees of Bowling Green State University and as a Legislative Agent for the Ohio Hospital Association before the Ohio General Assembly will be a matter of record.

You may wish to consider acceptance of this letter and statement through formal action by the Board.

Sincerely yours,

Signed: Albert E. Dyckes

Statement filed by Trustee William F. Spengler, Jr., in accordance with advice of Legal Counsel

Chairman Ludwig noted that Trustee William F. Spengler, Jr., has filed a statement relative to his involvement in a business enterprise which plans to sell equipment to the University. The statement plus legal opinion from Attorney John G. Mattimoe constitute evidence that Trustee Spengler is not required to file a statement as required by the Ohio Ethics Law, ORC Section 102.04(D).

Statement from John G. Mattimoe, Attorney, dated January 14, 1985

"I have reviewed the letter from Trustee William S. Spengler to you of January 8, 1985 and the information contained therein. It is my opinion that Mr. Spengler is not required to file a statement under Section 102.04(D) of the Ohio Revised Code and further that under the circumstances Mr. Spengler's son is not barred from selling equipment to Bowling Green State University by the Ohio Revised Code. The bases for this opinion are Ohio Ethics Commission Advisory Opinions Nos. 77-001, 75-025 and 75-021."

Dr. Neal reported that the Faculty Senate held two special meetings since the last meeting of the Board of Trustees in November: 1) the November 20 meeting was called to consider developments in connection with Faculty Welfare & Conciliation Committee cases; 2) the November 27 meeting was given over to consideration of recommendations of the Faculty Welfare Committee and salary-related issues. He said the January 22 meeting will consider proposals for the revision of the Academic Charter in the following areas: 1) duties of the officers of the Senate; 2) personnel matters, especially those pertaining to the rights of faculty members on probationary appointments. Dr. Neal named future topics for discussion: 1) the salary increment policy and committee to be formed; 2) committee to examine the feasibility of extending the State Teachers Retirement System buyout option, as requested by the Board of Trustees.

Undergraduate Student Representative - Robert A. Wade

Mr. Wade thanked the Board for approving the Undergraduate Student Body Constitution. He called attention to the long lines of students during the drop-add process and the possibility of investigating availability of courses to meet demand. Mr. Hall commented that the drop-add process is one of the most common complaints about the University; it is an extremely complex problem and really "gets down to money." Mr. Hall assured Mr. Wade that the Trustees share the student concern and will continue to share it. Mr. Wade described the planning for a "Spring Fest" in cooperation with the city officials and the University Relations Committee.

Graduate Student Representative - Kory J. Tugner

Mr. Tugner spoke of the newly established "Charles E. Shanklin Award" which is a competitive, meritorious award to recognize and promote excellence in original research by graduate students at BGSU. He said the notices are being sent to the student body and final competition and award ceremonies are to be scheduled during the last full week of April.

Firelands College Board Representative - Read Wakefield

Mr. Wakefield noted the process of search for new Dean of the Firelands College; the scheduling of the College of Musical Arts opera production "Tosca" at Sandusky, the second year it will be presented in that city; and praised the University and the music faculty for providing a fine cultural event for the Firelands area.
