we're making traditions...

Old universities have charm because of their traditions, as much a part of the schools as the buildings. As we continue a new building on the campus.

New universities—like Bowling Green—have a different kind of charm, the charm that comes from the fresh start, the ability to do things in a new way.

They can start traditions; they can make the most of things. Bowling Green has had two traditions for more than a year.

Unsung heroes, the Advertising Staff, and the Advertising Makeup Staff—Susan Harris, Ruth John Barber.

Space for the other Staffs, and the mention of them, is limited by the page size. They are: Susan Harris, Ruth John Barber, and the Advertising Makeup Staff.

We're making traditions at Bowling Green.
