A new plan of student teaching is being prepared for the 1944-45 school year. Assignments will be made according to the Block System during an eight week period free of examinations. Each student will be assigned to a teaching position for three weeks, then be dropped from the teaching duties for one week during the entire period.

A new organization has been formed in all subject areas on a per semester basis. This plan will also provide opportunity to study pupil rese.

Pledges For Thousand Dollar

WSF Drive Will Be Today

Pledges may be made to the WSFS by those who would rather make their payment later on in the month, according to Miss Hartman.

Since the end of last week's drive culminated during a meeting of the Panhellenic council on Monday evening, the drive will be continued until May 31st, according to Miss Hartman, who presided over the meeting.

There are a few pledges that may be made to the WSFS by those who would like to contribute to the fund. These pledges may be made to the pledge desk in the Business Office, May 24th and 25th.

These pledges should be made to the WSFS by those members of the seniority and fraternal organizations.

Our own May Day will fall on Friday, May 26, this year. We have a Queen to elect and preparations to make. It is a day that will shape quite a few events in our diaries. It is an affair that has never before had an equal. And that is why it is significant for this day is 'special-scholarship.'

For our Seniors, however, this is the year the final sale of caps and gowns may take place. The Sweetheart of the Flirtation Committee will be the one who goes through the memories to their very face as the date on the calendar. They were freshmen . . . sophomores . . . seniors . . . and each has contributed to the year's history. Do your part in helping to make the day a memorable one.
