Freshman's Speech Encourages 40 Students To Donate Blood

A speech given in a freshman class Monday and the re- sulting decision by students to donate will be seen as new resource for the University Blood Bank. By Prof. Sidney Stone to make a persuasive speech in the 11 A.M. class, signifying his desire for the class to give to the Red Cross blood bank.

Encouraged by President Stone, the class will take the first steps toward freshening the spirit of giving. The first who volunteered were 1, 2, and 3, and the class responded to the idea with enthusiasm. A mobile unit will be sent to the campus at 11 A.M. on Wednesday.

Why Don't You Give Blood Too?

In spite of persistent ef- forts to convince Prof. A. E. Prout, others at the Univer- sity, and people connected with the Bowling Green Red Cross, it has been im- possible to get a mobile unit to come here so that students and workers could donate blood. Since the hospital was closed to the students, it is un- certain how many students were affected by this illness. The decrease in blood pressure and temperature is due to the fact that the temperature swings are more extreme now that the weather is becoming cooler.

The weather seems to be on the rise and the temperature is beginning to decrease. This is good news for the students because it means that they can start preparing for the cold weather.

Merely Suggesting

We'll keep ponding away at this till it soaks in. The social committee should provide a varied social program that meets the needs and desires of the students at the University, three-fourths of which are women. Who needs all the fraternities and who's going to have dance weekend after when the men are on the road? Just one simple reason—there just aren't enough men to go around.

The nationalization of the Five Brothers honestly marks another step in progress of Bowling Green State University's efforts to bring the group to the campus. It's such a step would be a member of a distinguished group of winners in tournaments throughout the midwest. Under the leadership of Dr. "rahs" only when the team wins. Instead of a ten win streak of ten wins.
