Outstanding juniors, Master Teacher to be named at April 23 banquet

The tenth annual Outstanding High School Junior Awards banquet will bring 111 juniors, each representing a non-high school student, to the campus on Monday, April 23. The Student Senate will hold its annual banquet to recognize graduating seniors as outstanding juniors. The students, from across the state, will be guests of the Undergraduate Alumni Association of the University. They are invited to present their programs to their high schools on the following topics: extracurricular activities and community involvement.

In addition to the scholarships, the Alumni Association's annual Master Teacher Award will be presented at the banquet.

Two to receive 30-year awards

Banquet to recognize long-term service

Two employees who each have served at least 30 years of service at the University will be honored at the annual Staff Awards Banquet on Tuesday, April 22.

Phyllis A. Johnson, postal service employee, will be honored at the banquet along with her 30 years of service to the University. Johnson joined the University in 1955 and will retire at the end of the year. She is currently the office manager for the north and south campus mailrooms.

Willa M. Green, administrative assistant in the Office of Personnel and Payroll, will be honored at the banquet along with her 30 years of service. She began her career at the office in 1955 and has served in the supervisory role since 1974.

The Board of Trustees has approved the implementation of an STRS "Early Retirement Incentive Plan." This plan, authorized by the state legislature in Am. Sub. 1257, will take effect on July 1, 1984, and will continue through June 30, 1986. The plan will provide a $75 per semester incentive for undergraduate and $125 per semester for graduate students.

The University will purchase a computer, which will be the first computer for any of the more than 75,000 students who participate in the Early Retirement Incentive Plan. The university will also provide an opportunity to participate in the Supplemental Retirement Program offered by the Ohio University Superannuation Board.

Cal Cutting, vice president for planning and budgeting, said the plan has been "an overall success" and "a major step forward." Cutting also noted that the plan "will only be effective, however, if we avoid the temptation to think that it will be used to manipulate the calendar.

The plan will be eligible for the supplemental retirement program from the Ohio University Superannuation Board.

The plan will be effective for all employees who are employed by the university as of Jan. 1, 1984. By Jan. 1, 1985, every employee who wishes to participate in the plan must be in good standing as of Jan. 1, 1984. Employees who quit during the year will not be eligible to participate in the plan.

The contract, which is mandated by the Ohio University Superannuation Board, will enter into force on July 1, 1984, and will continue through June 30, 1986. The contract will provide a $75 per semester incentive for undergraduate and $125 per semester for graduate students.

ENROLLMENT OUTLOOK REMAINS OPTIMISTIC

More than 7,300 high school seniors applied for admission to the University this year, which is a 3.6 percent increase over the number of 1984-85 applicants. The University will bolster its present facilities with a financial commitment of $686 million. The trustees approved the program, which was ratified by the Board of Regents last Wednesday.

The program is designed to provide for the University to go forward with the implementation of the Student Health Care System (SHCS), which was first launched in 1978. Under the program, all faculty and students will participate in the University's Health Care Plan, with a co-payment of $150 for the first 1,600 services provided in a calendar year and $200 for the next 1,000 services.

The program also includes a provision for the University to pay for the care of children of faculty and students who are members of the SHCS. **Educaton programs cited for national reaccreditation**

An evaluation committee representing the National Council of Accrediting Institutions of Higher Education will conduct a site visit March 17-21 to conduct a regional accreditation review of the College of Education.

The only nationally accredited agency in the field of education, the National Council on Accreditation of Teacher Education (NCATE) accreditation is in 1986 and must be renewed every 10 years. The site visit is mandated by NCATE to ensure that the college continues to meet the requirements established by the agency.

The NCATE Site Visit Committee will review the College of Education's programs, courses, staff, facilities and student services.

The college has been reaccredited by NCATE for the last 12 years.

In the past, NCATE reviewed Bowling Green State University programs in the College of Education, including the College's teacher education programs.
