Dealing with construction or other disruptions on campus can be challenging. Faculty and staff should not park in those spaces, nor in the areas marked "No Parking" at Mid-Center during those times.

Because of construction at various locations on campus, faculty and staff should plan ahead and make use of alternative parking options. The student parking lots are closed, and the public parking area on N. Main Street is already congested, particularly at the west end of campus.

Deadline: May 2, the day of commencement.

**Education programs cited for national reaccreditation**

An evaluation committee representing the National Council of Accrediting Institutions of Higher Education visited the College of Education.

The only nationally recognized accrediting agency in the field of education, NCATE has been in existence since 1954. The College of Education must submit a comprehensive report every 10 years, and NCATE is now reviewing Bowling Green State University. "It assures the public that Bowling Green meets the standards that are set by NCATE," said Sandra Packard, dean of the College of Education.

"National accreditation requires a great deal of time and effort by an institution in preparation for the review, but it's well worthwhile," Packard said.

**Master Teacher**

Teaching takes a lot out of Peter Hutchinson. He puts a lot into it, and when he's not teaching, he usually feels as if he's been "pulled apart." But teaching also has given a lot back to him. "Teaching takes a lot out of you," he says, "but you also get a lot out of it." Peter Hutchinson, a professor of educational administration and research, has felt a lot of the changes in his profession. He is the recipient of the 1984 Outstanding Teacher of the Year Award.
