Bowling Green State University

July 2, 1984

Shanklin: An 'institution' at Bowling Green

A man who has had a part in many major decisions made at the University in recent years has stepped down from the Board of Trustees.

Charles E. Shanklin of Milford Center concluded a 15-year term on the board in May, leaving behind what he terms "a very great University."

Shanklin, described by Trustee President Robert Ludwig of Marion as "an institution all by himself at Bowling Green," was first appointed by Gov. Rhodes to the board in September 1969 to complete an unexpired term. In 1975 he was reappointed to a full nine-year term.

But his affiliation with Bowling Green began long before 1969. A 1951 graduate of the University, he is also a past president of the University Foundation and Alumni Association Board of Trustees, as well as a past member of the

Alumni Association's Board of Directors.

But it was as an advocate of the students that Shanklin earned his reputation on campus. From the beginning of his term on the board he took a great interest in making education affordable to all students, and he remained committed throughout his years as a trustee to keeping costs down. He has made it his practice to know the University's budgets "backwards and forwards."

As a trustee, Shanklin often referred to his own days as a student. Because of the value he placed on student input in major decision-making, he led a move to authorize non-voting student representation on the Board of Trustees in 1970, making Bowling Green one of the first institutions in the state to allow such representation.

And he is proud of the decision-making process that has evolved at the University — particularly where those decisions involve money.

"I never recall a decision made on this campus that was made on the basis of partisan politics," he said. "I never recall a decision that benefited personally the decision maker, and I never recall a decision that came from the smallness and meanness of the human condition." A testimony to the kinds of decisions that have been made is "the confidence and trust that everyone on this campus has for one another," he said, "and that atmosphere of trust is what makes this University so great."

Shanklin, who chaired the board from 1975-77, is also remembered as a strong

supporter of the Greek system on campus. A member of Sigma Chi social fraternity as an undergraduate, he frequently included stops at fraternity and sorority houses during his visits to Bowling Green.

As a tribute to his dedication to the University, the Graduate Student Senate has announced plans to establish the Charles E. Shanklin Graduate Student Scholarship Fund, which will reward original research by Bowling Green graduate students.

Shanklin says, however, that his work at the University is not done. "After 15 years, it is due time that I not be on the board any longer," he said, "but leaving the board does not mean that I am divorcing myself from this great institution."

He has five children, two of whom have graduated from Bowling Green, one who is currently enrolled, and another two who likely will follow in the family's footsteps. "I imagine I'll make many more trips to campus," he said.

"Fiddler on the Roof" tickets on sale

Tickets for four performances of the summer campus and community production of "Fiddler on the Roof" are on sale now at the Moore Musical Arts Center box office.

The musical will be staged at 8 p.m. July 13, 14, 16 and 17 in Kobacker Hall.

Tickets are priced at \$7 and \$5 for adults and \$5 and \$3 for students and senior citizens. Students with a valid University I.D. can receive a \$1 discount on tickets.

The box office will be open 10 a.m. to 2 p.m. weekdays and 10 a.m. to 8:30 p.m. on performance days. It will be closed on July 4.

Further information about tickets can be obtained by calling 372-0171.

Kahle to chair geology department

Charles F. Kahle, geology, has been named to a four-year term as chair of that department, effective with the beginning of fall semester.

Dr. Kahle succeeds Richard Hoare, geology, who has chaired the department since January 1980 and will return to full-time teaching. Dr. Hoare also chaired the department in nine years previous to 1980.

A member of the Bowling Green faculty since 1965, Dr. Kahle received his doctoral degree from the University of Kansas. He earned a bachelor's degree from St. Joseph's College in Indiana and his master's degree from Miami University.

Prior to joining the Bowling Green faculty he was a petroleum geologist for Mobil Petroleum Co. and taught at Oklahoma State University and the University of Toledo. During the summer of 1967 he was a visiting research associate at the Subsurface Laboratory at the University of Michigan, Ann Arbor.

A specialist in carbonate geology and the reconstruction of depositional environments, he has received numerous Faculty Research Committee awards and several grants from the National Science Foundation.

He is a member of the Society of Economic Paleontologists and Mineralogists, the Geological Society of America and the Northwestern Ohio Electron Microscopy Society.

Lancaster to head computer science

Ann-Marie Lancaster, computer science, has been appointed to a four-year term as chair of that department, effective at the beginning of the 1984-85 academic year.

Dr. Lancaster, who joined the faculty in 1976, succeeds Leland R. Miller, who is returning to full-time teaching.

One of the fastest growing areas on campus, the computer science department currently enrolls some 4,600 students per year in courses at the graduate and undergraduate levels. The department is staffed by 16 full-time faculty and includes 510 undergraduate majors enrolled through the College of Arts and Sciences.

Dr. Lancaster, who taught junior high school mathematics and science before pursuing graduate studies at San Diego State University and the University of California at San Diego, has taught computer science courses at both the graduate and undergraduate levels at Bowling Green. She also has maintained close contact with students in her role as adviser to undergraduates.

She has received numerous grants from Owens-Corning Fiberglas to conduct various software training programs and to develop job analyses in several Owens-Corning divisions. She also has received more than \$30,000 in external funding to purchase computer hardware and software for the computer science department.

A member of the Association for Computing Machinery, she was named "Faculty of the Year" in 1980 by the campus chapter of Alpha Lambda Delta honor society.

Alumna wills estate to University

A 1931 alumna has indicated she intends to leave her estate, currently valued at approximately \$250,000, to the University.

Eleanor Jean Kelly-Behrmann, who has had a life-long interest in Bowling Green, literally watching the school grow from the front steps of her family's home at 802 E. Wooster St., has designated the School of Speech Communication and the pre-law program to benefit from her bequest.

Her will stipulates that a portion of her estate be used to establish scholarships for junior and senior pre-law students with outstanding academic accomplishments. To be known as the "Attorney J.E. Kelly Pre-Law Scholarships," the awards will honor Behrmann's father, J.E. Kelly, who practiced law in Bowling Green in the early 1900s.

The remainder of her estate is earmarked for the program in communication disorders for use in developing a lecture series featuring nationally known speakers. The "Kelly-Behrmann Memorial Lecture Series" is to be an ongoing series financed by the interest from the principal amount of money in the endowed fund.

Behrmann decided to leave her estate to Bowling Green because of the friendship she has developed with Melvin Hyman, speech communication. Dr. Hyman was a former tenant of Behrmann's and often spoke to her about his research and work in helping people with speech problems. Ironically, the School of Speech Communication, located in South Hall, is directly across the street from her home.

Behrmann attended the training school in University Hall for her elementary schooling. After graduating from Bowling Green High School she enrolled at the University, then called Bowling Green State College, receiving her degree in 1931. The following year she attended Duke University before returning to Bowling Green to help her father operate a credit bureau business that he started as a sideline to his law practice. She later took over the business, which she sold in 1978.

Faculty & Staff

Service

Sandra Packard, education, represented the University at the Jennings Conference on Educational Excellence May 22-23 in Columbus.

She also was one of eight art education professionals who participated in a two-day consulting program in early June at the Center for Education in the Arts of the J. Paul Getty Trust in Los Angeles, Calif.

Richard J. Wright, Institute for Great Lakes Research, was an invited guest at the 25th anniversary celebration of the opening of the St. Lawrence Seaway June 27 at Massena, N.Y.

Publications

Leigh Chiarelott, educational curriculum and instruction, "Cognition and the Media-ted Curriculum: Effects of Growing UP in an Electronic Environment," in *Educational Technology*, May 1984.

Dennis Hale, journalism, "Unnamed News Sources: Their Impact on the Perceptions of Stories," in the winter 1983 issue of *Newspaper Research Journal*. Also, "An In-depth Look at Chain Ownership," in *Editor and Publisher* magazine, April 28, 1984.

David Hyslop, business education, "Curriculum Development: Meeting the Challenge of the Information Age," in *Ohio Business Teacher*, April 1984. Also, "Integrating Communication Skills into All Business Classes," in the 1984 *National Business Education Association Yearbook*.

Ken I. Kim, management, and **Kyoo H. Kim**, economics, "Transnational Production Sharing for the United States: The 'Newly Industrialized Countries' of Asia," in *Pacific Basin Quarterly*, winter/spring 1984.

William B. Jackson, A.D. Ashton and John H. McCumber, environmental research and services, "Use of outdoor pens in evaluating field efficacy of rodenticides" and "An evaluation of methods

used in comparative field testing of commensal rodenticides," in the conference *Proceedings of the Committee on Pesticides and Subcommittee on Vertebrate Control of the American Society for Testing and Materials*.

Dr. Jackson also co-authored with Steven R. Spaulding of Eli Lilly a paper entitled "Field methodology for evaluating rodenticide efficacy."

Elsa McMullen, home economics, co-authored with Frances H. Gailey, SUNY-Oneonta, an article entitled "Teamwork through Quality Circles" in the summer issue of the *Journal of Home Economics*.

Patricia Weiser Remington, ethnic studies, "Women in the Police: Integration or Separation," in *Qualitative Sociology*, summer 1983.

Keith A. Roberts, humanities, Firelands, "Requisite Conditions for the Formation and Viability of a Counter-Cultural Community," in *Sociological Spectrum*.

Ralph C. St. John, applied statistics and operations research, "Experiments with Mixtures, III-Conditioning and Ridge Regression," in *Journal of Quality Technology*, April 1984.

Maurice J. Sevigny, art, "Educational Criticism and Shamanism," in *Studies in Art Education: A Journal of Issues and Research*, spring 1984.

Beatrice Spriggs and Gail J. Junion, library, "Comparative Guide to the Library of Congress and Dewey Decimal Classifications," a book published by the University Libraries and available for purchase in the cataloging department of the Jerome Library.

Richard J. Wright, Institute for Great Lakes Research, "History of lakes is tale of colorful ships," an article in the *Christian Science Monitor*, June 5, 1984.

Recognitions

Dennis M. Anderson, political science, and **Leo Navin**, economics, have been elected to the top positions in the Ohio Association of Economists and Political Scientists.

Dr. Anderson will serve as president in 1984-85. Dr. Navin will serve as vice president. This is the first time that two representatives from the same university have been elected to the top posts in the same year.

Burton Beerman, music composition and history, won first prize in an international music composition contest sponsored by the International Society of Bassists to encourage creation of new literature for the contra-bass. His winning composition for soprano and contra-bass, entitled "Voices," was premiered during the final concert of the society's national conference June 23 at Northwestern University in Chicago.

Jeffrey Gordon, geography, has been elected vice president of the geography section of the Ohio Academy of Science for the 1984-85 academic year.

Joseph Spinelli, arts and sciences/geography, will serve as membership chair for the Academy during the coming year.

Kathleen Hart, general studies writing, has been appointed a regional judge for the 1984 Achievement Awards in Writing competition sponsored by the National Council of Teachers of English.

Frank McKenna Jr., political science, has been elected secretary of the Metropolitan Toledo chapter of the American Society for Public Administration. His term will extend through the 1984-85 year.

Richard J. Rehmer, personnel support services, has been elected chair of the Disability Committee of the Public Employees Retirement System. He also will serve as vice chair of the PERS Deferred Compensation Board during the coming year.

Keith A. Roberts, humanities, Firelands, received the Firelands College "Links to Progress" award at the annual Firelands honors banquet. The award is presented to the faculty member, administrator or organization which has made the greatest contribution to the progress of the college by fostering cooperation among the faculty, students, administration and community.

In Brief

PRE-REGISTRATION TO BEGIN

Some 3,000 students and their parents will be on campus during 1984 Pre-registration which will begin Monday, July 9. Sixteen one-and-a-half-day sessions have been scheduled as part of the program, which will end Aug. 3.

Gregg DeCrane, student organizations and new student programs, coordinates Pre-registration. Questions about specific activities planned during the Pre-registration period should be directed to DeCrane at 372-2843.

IMPROVEMENT LEAVE DEADLINE CHANGED

The deadline for submission of Faculty Improvement Leave applications has been changed to the first Monday in October.

With the change, requests for Faculty Improvement Leaves for the 1985-86 academic year will be due in the Office of the Vice President for Academic Affairs by Oct. 1, 1984.

Announcement of leave recipients will be made by the end of the first semester.

Eloise Clark, vice president for academic affairs, said the early announcement should allow faculty members additional time and flexibility for making external arrangements related to their leaves in addition to giving departments ample time to arrange replacement staffing.

The guidelines for leave proposals are contained in the Faculty Handbook, B-II.2, pages 1-7.

JULY 4 IS HOLIDAY

Wednesday (July 4) is Independence Day, a holiday for University employees. Classes will not meet on that day.

Full-time classified employees are entitled to eight hours of pay for the holiday. Therefore, in order to meet the required 40-hour week without creating overtime, the official work hours for the week of July 2-6 will be Monday, Tuesday and Thursday, 7:30 a.m. to noon and 12:30-5 p.m., and Friday, 7:30 a.m. to 12:30 p.m.

FOR SALE

The ethnic studies department has for sale to University departments and offices a Savin 770 copier. For further information contact the department secretary, 372-2796.

MORE DISCOUNTS AVAILABLE

The Office of Personnel Support Services is now offering a discount card for Geauga Lake.

Employees will receive a 15 percent discount when presenting their membership card at the park's ticket gate.

Other discount cards available in the personnel office, located in the basement of Shatzel Hall, include Disneyland/Disney World, Greenfield Village/Henry Ford Museum, Kings Island, Opryland, Sea World and Wisconsin Dells.

Discount tickets to Cedar Point may be purchased at the Information Desk in the University Union.

Employment Opportunities

CLASSIFIED EMPLOYMENT OPPORTUNITIES
* Indicates that an internal candidate from the department is bidding and being considered for the position.

NEW VACANCIES

Posting Expiration Date: 5 p.m. Tuesday, July 10, 1984

- 7-10-1 **Air Quality Technician 1**
Pay Range 7
Plant Operations and Maintenance
- 7-10-2 **Custodial Worker**
Pay Range 2
Plant Operations & Maintenance
- 7-10-3 ***Programmer Analyst 2**
Pay Range 30
Computer Services

CONTINUING VACANCIES

Posting Expiration Date: 5 p.m. Monday, July 2, 1984

- 7-2-1 **Security Officer 1**
Pay Range 25
Parking and Traffic

Faculty/Staff Positions

The following faculty positions are available:

Firelands: Instructor/assistant professor, applied sciences (business management, MIS). Contact Algalee Adams (93-229). Deadline: July 2, 1984
Sociology: Visiting instructor/assistant professor. Contact chair, Search Committee (2-2294). Deadline: July 20, 1984

The following administrative staff positions are available:

Athletics: Head coach, men's and women's swimming and diving. Contact chair, Search and Screening Committee (2-2401). Deadline: July 6, 1984
Computer Services: Systems programmer (CICS). Contact John Gruber (2-2911). Deadline: July 3, 1984
College of Education: Program adviser, Program Advisement Office. Part-time position, approximately 20 hours per week, 44 weeks per year. Contact Larry Wills (2-0151, Ext. 254). Deadline: July 16, 1984
Environmental Services: University safety officer. Contact Susan Caldwell (2-2558). Deadline: July 20, 1984
Firelands: Public relations coordinator. Contact Algalee Adams (93-229). Deadline: July 10, 1984
Student Activities: Director of orientation. Contact Susan Caldwell (2-2558). Deadline: 11:30 a.m. July 6, 1984
School of Technology: Coordinator of cooperative education. Contact Jerry Streichler (2-2436). Deadline: July 10, 1984
