Rene Dr. Norman Peale Will Address Commencement

Rev. Dr. Norman Vincent Peale, minister of the Marble Collegiate Church, Fifth Avenue and Twenty-sixth Streets, New York City, will be the principal speaker on Friday, June 22, at 2:30 p.m. in the amphitheater. Commencement exercises in the gymnasium will begin at 1:30 p.m.

Rev. Dr. Peale is a native Ohioan, born here in 1898. He graduated from Oberlin College and later received a Master of Divinity degree from Boston University, Ohio Wesleyan University, and Duke University.

Rev. Dr. Peale has been minister of Marble Collegiate Church in New York City. He began his ministry at the Marble in 1936.

Council Makes Plans for Class Advisors

At the Student Council meeting last evening, the roll of former class members was read for setting up a system of class advisors. This system, which will go into effect next fall, will provide class advisors for each class.

There will be three advisors for each class. In addition, a special advisor will be added for four years and following that of the system each class will eventually have a total of four advisors.

The plan is in line with the Student Council's desire to foster better class spirit at the University. The council has asked the class to set up a system such as this so that each class may be able to work towards the betterment of the University as a whole.

Peale is in his 32nd year at the Marble Church. He holds a Bachelor of Arts degree from New York University and a Master of Divinity degree from the Union Theological Seminary.

Rene Dr. Norman Peale was ordained to the ministry in 1930. Before entering the ministry, Dr. Peale worked as a radio announcer for WJR, the Detroit station, and for WOR, New York's leading radio station.

Preacher, author, teacher, and lecturer, Rene Dr. Peale is the author of two books, "The Art of Living" and "The Power of Positive Thinking." He is also author of the popular "Psalms in a New Light."
Win or Lose

Browning Green will have a football team next fall. This was the decision of the Uni-
versity Athletic Committee last week. The Commi-
nittee is to be commended for its wil-
liness to undertake the danger and the chances of having a winning team are slim be-
cause of the anticipated lack of material.

More than a year ago the football schools had to dis-
continue the ball during the war. Browning Green has been very constant in the way that the V-12 unit made it possible to carry on the game. The approaching withdrawal of the unit in November has made it doubtful whether football could continue.

There were many people who believed that it would harm Browning Green's high athletic re-
putation to have a losing football team. It would have done far greater harm, however, to stop the game obviously because we could not win.

The Athletic Committee is right in its de-
cision to carry on win or lose. To them we owe our thanks.

One Last Fling

There is a strong tendency among students the last few weeks of any school year to "hit-
down," both in their studies and, in their extra-curricular activities. Seniors, especial-
ly, are noted for their desire to have "one last fling before graduation.

This feeling on the part of students is understandable after a year of hard work. However, the "flingers" should be carried to the point where it will jeopardize their good name and their future.

Have fun, but finish your work, too.

Hats Off To 'Harsh'

One of Browning Green's outstanding stu-
dents is Jean Harshman, who retired this spring she was unanimously

voted vice president of Student
government.

Jean has served as
the editor of the student newspaper for two years.

She is a good example of a student who has never been
jeopardized by the student's University record.

This feeling on the part of students is
understandable after a year of hard work.

"Have fun, but finish your work, too."

Two Sophomore Coeds Attend Summer Industrial Workshop

Dorothy Raine, Tiffin, and Marjorie Hummell, Norwalk, both University sophomores, have been chosen to attend an Indus-
trial Workshop at the University of Chicago this summer. The choice of the two was out of thirty people selected from 150 appli-
cants from nine states.

The Workshop is sponsored by the A-S and VWVC.

BEE GEE FEI

BG Grad Wins Field Commission

This past week Dr. Lewis re-
corded a letter from Vassar's mod-
el, in Germany. Quoting from that letter, "I have eaten good
ings in January and was sur-
veyed with the 3rd and 6th Regiments.

After one and one-half weeks at the battle front, I was shifted to hospital, of which I was for two weeks in the dead and
ontemporary offices respectively.

Sincerely yours,

A lady who was present at the meeting mentioned that she had an autograph of Sir Wil-
field 싱(Sir Fielding) this was given a battle
field by the British government. This is an instance, and in this capacity I am at most act-
ive. The field artillery forward all in the study and all the rest of the unit were not in favor of it. They hoped to carry on
without it; but by the time the unit was arrived to the point where it was to be used, they had already used it.

It seems that Browning Green's first love is journalism. Begin-
ning in high school she has active in all of her studies she has worked on the staff of the To-
lede.

As editor-in-chief of the News, she has increased the circulation of the paper, made
school history and her name has been noticed by the students of other Ohio educational institutions.

Let us hope that when she graduates from the Ohio College for Women, she will be a
leader in journalism.

The Workshop is to be held at the University of Chicago from July 1 to August 1. It will be
limited to five students and will be under the direction of the Chairman of the Department of Technology.

**Wakam To Be Today at 7:00**

Wakan, a picnic and campfire honoring senior members of the Wakan group, will be held tonight in the woods near Bowling Green.

The group will meet on the edge of town on West Wooster Street. Any person meeting questions regarding the event should contact James Wein, 332 Wesman's Building at 7:00 p.m. and 9:00 p.m.

Included in the program will be a presentation of new songs, a dance, and a presentation of awards, and a farewell ceremony for the seniors.

Following the group sing, led by Marilyn Vanmalo, they will be bidden adieu. The newly elected officers of the group will be announced, and those members who have completed their college careers will sing farewell to the seniors. Those who have not belonged to the club, one member of each sex, may bring bouquets or flowers, or both may have been clasped. (A closet door is one in which trix are required for membership.)

A huge campfire will be built on the hillside, and all will enjoy a picnic. All members are urged to bring a blanket for the single floor above the fire and over the hill carrying lighted torches, while the group sings "Auld Lang Syne".

Wakan, an Indian term meaning "sacred fire" and has since then become an acrostic for its members:

**E** - Elective Officer

**R** - Representative

**O** - Organizer

**N** - Nondenominational

**A** - Appreciation

Barbara Wilcox is general chairman of Wakan. Committees are as follows: Food—Carol Lowman, June Widner, June Moulton, and Miss Jane Shoemaker, adviser; transportation—Gladys Childs, June Moulton, and Miss Jane Shoemaker, adviser; decorations—Dorothy Fox, chairman; Betty Long, Jane Fitch, and Lucille Hacker, secretaries; Shirley Guscott, treasurer, and Miss Jane Shoemaker, adviser; invitation are as follows: food—Carol Lowman, June Widner, June Moulton, and Miss Jane Shoemaker, adviser; transportation—Gladys Childs, June Moulton, and Miss Jane Shoemaker, adviser; decorations—Dorothy Fox, chairman; Betty Long, Jane Fitch, and Lucille Hacker, secretaries; Shirley Guscott, treasurer, and Miss Jane Shoemaker, adviser.

**NEW WOMEN'S HANDBOOK TO BE READY IN FALL**

The new Women's Handbook which will be published under the direction of Audrey Keynes, Wakan, dean of women, and the WUSA Board, will be ready for distribution next fall.

The second edition was published this year, containing information about WUSA, TWCA, W.A., and the Panhellenic Council. This new edition will contain, in addition, the information about Pan and Gom, senior women's honorary. The handbook is to be printed by the Graphics Department. The new handbook was given when the major turned "a jolly good fellow."

**ITALY WANTS HONEYMOON AHEAD**

**IOWA CITY, Ia.—(ACP)—A Communications Center, designed to keep the state board of fast-moving do- it-yourself press, radio, television, and visual aids, is one of the first buildings. The university of Iowa has sought to materi- alize its own center, according to President Virgil M. Banker.

The building will house journalism, publication, visual education, and radio. It will be planned, said the professor, with three important Facts for giving boys and girls the best training in these and every other part of visual and oral education.

"The years after this war are going to be crucial ones for the平面 building, and we plan to push the good work we are doing in the field of education.

"The most important thing is to have the right people in the right places. The right press, the right radio stations, the right stations in the state than has been done to prepare the people for the work of the future."

### Alpha Chi’s Name ‘Belle’

Bills June Warren was chosen Alpha Chi Omega’s traditional Cotton Belt ‘Belle’ at this time a collegiate banquet this year’s honors by Luisa Perrin. Bille is a senator at Bowling Green High School and planning to attend the University next fall. The first Southern Belle chosen by the Alpha Chi was Betty Lott, now a Gamma Phi Beta senator. Luisa Perrin, Alpha Chi Omega’s national president who was shown as the Southern Belle at the Cotton Belt Banquet. Billie’s current is Jim Vissel, SAE president.

### There’ll Be Some Changes-Or We Can Dream Can’t We?

An appropriate title to this might be: Things that we could do with R.G. if O.O.—Changes that could be made by the faculty to the facility of two weeks.

1. (Change the time limit for a proof to arrive in class from five minutes to always being late—just ahead— and besides, he always crosses the instant the clock strikes one. It’s one of the major nonsense-isms on campus.

2. Have a regular assembly Monday every week—two bar one—and then make sure that the speaker doesn’t show up. This, however, will not be known until five minutes antes to class time. The reason is that students always have thought I wanted them to know in advance.

3. I have never thought of it as a type of entertainment for the school and grade school. My work, also, is very depressing. I don’t know why it would be desirable to make the students happy when they are not happy. We would improve the curriculum simply by discussing what students are allowed to do in class and what they are interested in.

4. I am not E. F. Ewan, V11—5A. I don’t think it would be good. You come here for a liberal education. It is on an accepted standard and would make a school the same.

5. The term ‘role mode’—it should be someone in the college itself. It would not be desirable to have someone from the lower classmen here as there is a possibility of not being a full-fledged.theta.

6. I haven’t thought of it as a type of entertainment for the school and grade school. My work, also, is very depressing. I don’t know why it would be desirable to make the students happy when they are not happy. We would improve the curriculum simply by discussing what students are allowed to do in class and what they are interested in.

But what of those students who are not particularly interested? There lies the problem. If they are subjected to a professor, test, and course, no matter how dull, for a third of a year, they will hardly avoid learning something. But if an intense program is substituted for a dull one, it is not unlikely that interest and enjoyment will be increased. People are different in this respect and one can never be sure that a subject will be enjoyable unless the students have a chance to experiment.

2. It is very likely that it is a type of entertainment for the school and grade school. My work, also, is very depressing. ### Alarm Sorority Row

Alpha Chi Omega Betty Nan Boulter, Gamma Phi Beta Fraternity Initiates who graduated in 1948, was initiated into Alpha Chi Omega by her fellow initiated seniors. Members were dined for the special event in the sorority house at 6 p.m. and hours tickets were sold. Betty Nan was a Gamma Phi Beta sorority sister at Bowling Green State University. The last year was the first time that she has been part of an initiation ceremony. This year, however, the event was held at a sorority house instead of in the sorority house itself. The event featured a dinner and a brief ceremony to welcome Betty Nan into the sorority. The members were dressed in formal attire and enjoyed a meal together. The evening was capped off with a final toast to Betty Nan and her new sorority sisters.

### Batcha To Head Spanish Club

At the May 30 meeting of the Spanish Club the following officers were chosen for the coming year: President—Maggie Jimenez, Vice President—Cecilia Ramírez, Secretary—Lea Parro, Treasurer—Hippolyta Casillas.

### Business Seniors Have Ten Days

Sunday Dean and Ralph G. Shoff, the directors of the Business department, were on hand to greet the students who were registering for the fall term. The department was well attended and the students seemed happy with the courses they had chosen.
