Hello, Freshmen

To all new students—freshmen, returning servicemen, and transfer students—we say "Welcome to Bowling Green." We hope that you belong to Bowling Green. And so do you.

It's a little difficult to know all at first, but don't be afraid to make your way. You will find that Bowling Green is a friendly campus, and that faculty and students alike are interested in you. We take pride in our reputation of friendliness, and will do every- thing we can to keep that reputation.

As you begin to find your place in organiza- tions, and as you begin to participate in vari- ous activities, the feeling will grow in you that you belong to Bowling Green. And so do you.

The week-end dances of the National Social Problems Institute will give you a chance to meet new people's groups of four Bowling Green students. And there are certain privileges that are yours: If the Student Christian Fellowship succeeds in its campaign of this year, you'll have to attend a real Thanks- giving holiday for the first time in four years. Since 1941 they have thrown from classes only on Thanksgiving Day. This year they will be closed as long as the campus is in session.

The Student Christian Fellowship, new inter- denominational organization, should be given the credit for the large number of stu- dents of other faiths that have joined. It is the first attempt made on the cam- pus to bring together the religious organiza- tions—TW, B. P. A., and the young people's groups of four Bowling Green churches.

Centralization of these groups will result in a stronger leadership toward developing fel- lowship among the students than has been given in other years by the scattered work of many different organizations.

If the Student Christian Fellowship suc- ceeds on the Bowling Green campus, other colleges will be sure to follow. This is the only organization of its kind in the county.

The Falcon eleven wound up its grid season with four wins out of the seven games played, finishing the schedule before the winter term began for the first time in the history of the University.

The ball started rolling at Alma College on August 31, only a few minutes of play which ended with a touchdown in the last quarter and allowed three additional touchdowns in that period. The final and Homecoming game was played October 17 against Case, climaxing in a 20 to 1 victory for the Falcons.

Coach Meets With Future BG Team
The first meeting of basketball candidates was held Tuesday, October 23, prior to the first practice session which will begin immediately. Falcon aspirants will be stronger teams than ever before, according to Coach Harold Andersen, who stated that the complete schedule has not yet been worked out. "I think we're going to have a good team," said Coach Andersen.

Four of last year's letter-man will be back: Captain Don Ottcn, John Crawford, Pat Mulvihill and the fine defensive backfield. Bowling Green came through with a 4 to 1 tie over Baldwin-Wallace, which was led the team into the northwestern district championship.
