The Anchors Away...

Within the next few days the officers of the Naval unit will leave campus, the last of the men who have made so much to the University. Having such men leave their alma mater is a difficult and emotional experience for many students on campus. But there will always be memories of the fine men representing the Navy, and the knowledge that many new friends have left their stamp upon the school and its students.

Dr. Pron and expressed the feeling of the facul-
ty and the student body when he said, "Our
experiences with the Navy have been among
the happiest the University has known. The
men were sharp, alert, gentle, and the officers
have been the finest fel-

Shoes is News

By BLANCHE SPangler

Shoes that resemble those in all dent equally noiseless are the most
photographed of the new. As you passed down from class, more papers
were made to noise than the first time. Shoes that cost $500 or less,
Shoes that were never seen before and shoes that will not be seen
again. Those that they are. Those that are made to wear for as long
as you want. Those that are made to wear for any price. Those
that fit any person. Those that are made to fit any person. Those

Waltz should be selected in the "Old Lady" problem.

Gold Braids To 'Old Lady'

By KIM GREGGS

"No, no, girlie! I've got a wife around here somewhere," protested a
shorty, sandy haired young man, as a young woman sporting a second
grade education recognized herself as the wife as who was "around somewhere." He
was sitting in the first time he had seen her out of uniform.

Varsity Club Reorganized

The first meeting of the Varsity Club was held Thursday, Nov. 8, in the athletic office for the pur- pose of organizing the men who are eligible for membership. To be eligible a man must have earned a 3.0 letter, either in varsity competition or as a manager or official. There are now 22 men in the club. They are Joe Kustanski, Dick cris, Bob Benton, Kent Duran, Ver Doum, Dale Swaggard, Doug Myers, Rex Robinson, Bob Olson, Barry Robertson, Larry Craig, Jim Long, George Horea, Chester Fetter, Jim Butcher, Bobby Long, Steve Luedtke, and Nick Ver- ring, who is an honorary member. The organization, which has been inactive for several years, will now assume the plans for the varsity program it hopes to offer.

Nancy Kline, Club president, juts down readings as Dale Saule, National Tommies, explains the various games and values that keep the pool in operation.

Modern, Well-Equipped Pool Located on Bee Gee Campus

One of the newest and best equipped indoor swimming pools in the country is located here on the Bee Gee campus. That statement is not news to our students. Most people on our campus take advantage of this fact without stopping to think how or why our pool is constantly kept in such excellent condition. How about stopping for a few minutes to learn some interesting facts and figures about the pool.

The Bee Gee Natatorium was completed in 1939. The dimensions of the tank are 26 feet by 15 feet, and the water is 6 feet deep. The surface and under water lighting makes the pool suitable for precision and freestyle competition. Dale Sautter is in charge of this pool. Filling the pool is merely a matter of waiting the right temperature. The pool is drained every 60 days. It is constantly changing. The three executive officers of the Bee Gee Natatorium are in operation 24 hours a day. All the water is kept at 80 degrees. The temperature of the air should be a few degrees higher. Along with temperature read- ings, Dale also checks the salinity of the chlorine and the phosphates in the water every day. This is critically important.

Although the tank is completely drained every 60 days, at this time it is washed down and painted. When the time comes to replace the 116,000 gallons of water, the process is a slow one indeed. In order not to interfere with the city water press- ure, 26 hours are needed to refill the pool. Filling the pool is merely a matter of waiting the right temperature. The executive board of the Men's Dance Club had a short organiza- tional meeting on Monday, Nov. 12. It was decided to start the Modern Dance club on Nov. 30.
