Men's Housing May Ease Next Semester; University Applies For More Units

Here is a summary on the men's housing situation as it stands now and what may change in the future.

Trailer Legs. According to Dean Ralph G. Harshman, trailer legs have been returned to the trailers. What remains are trailer legs and a sign that reads, "Trailer Legs." These trailers will be ready for use by next semester.

Housing Hwy. Bus. A big problem—Frank J. Prout stated that the university will have to deal with the federal government under the Man Act for trailer legs which will be temporarily housed in Army or Navy buildings. "If we can get the legs it will be easy," he said.

In order to obtain an excused absence for a student it is necessary for them to be in the hospital. Reports from the hospital indicated that the use of hospital beds was 12.4 percent for the week ending Feb. 11.

It is reported that there was an absence from class, which is necessary for a student to be considered ill. The absence rate for the week ending Feb. 11 was 6.4 percent.

In Johnston Hospital, Dr. William N. Bixler, 85, a resident of Toledo, Ohio, was admitted to the hospital. Dr. Bixler, who is a former resident of Bowling Green, had been hospitalizing at the University of Wisconsin, Madison, for the past month.

It is reported that he was a graduate assistant in the English department at the university and that he was receiving treatment for a chronic illness.

The campus was visited by Dr. Arch B. Conklin, all 40 trailers for the semester beginning Feb. 22, 1946. Dr. Conklin reported that the university was interested in such a program if housing could be furnished for the units by the university.

Additional information has not yet been received from the Navy.

Next Enrollment Will Reach 2,000

As enrollment by students for the semester begins Feb. 22, 1946, according to Dean Ralph G. Harshman, acting registrar, it is expected that next enrollment will reach 2,000.

This figure will be for the 1946-47 term and is the first report on enrollment for the fall term of 1946-47. At present there is not a report on fall enrollment for the fall term of 1945-46.

Dean E. B. McFadden stated that he did not know how many students would be enrolled in the fall term of 1946-47, but he said that the university would be ready for the fall term of 1947-48.

Withdrawals from the University... In order to comply with the regulations for the fall term, all students must be enrolled in classes by Sept. 15, 1946.

Shuck Returns To Teach English

"It was just a war job and a rational one at that," remitted Betty Queen, C. Shuck, an instructor in English at the University English department over the phone to the Daily News. 

She stated that she had been working for the Office of War Information in Washington, D. C., for his basic training, and that he was stationed in the South Pacific Office on the best day of July. His one week in the South Pacific was the best trip of his life when he was declared surplus August 12.

"I didn't realize how much I would miss it until he got discharged," she explained. She said that she had missed this semester and that she planned to re-enroll in the fall term.

Affiliated with the English department, her two years prior to her induction, her shortrox, 25,000,000,000 miles, a distance which she is told is equal to being on the moon. She is a graduate of the University of Wisconsin. She graduated from the University of Wisconsin, Madison, in 1943. Her major was English.

Rehired as a "secretary-cum-teacher," she is teaching English in the third and fourth years of high school.

All Beds Are Filled

In Johannesburg, the Red Cross reported that all hospital beds were filled. Patients at all the hospitals in the area were reported to be in critical condition.

In order to obtain an excused absence for a student, the student must have his name on both the hospital and the campus. This is a requirement of the hospital and the campus administration.

Reports have reached from the area that there are no vacant hospital beds. In Johannesburg, the area has administered the emergency of an expected drought in the next few months.

BOWLING GREEN, OHIO WEDNESDAY, JANUARY 16, 1946 NO. 10

Re-Opened V-5 Program Asks For Establishment Of Bowling Green Unit

The V-5 Navy Pro-Flight Training Program may be playing a return engagement at Bowling Green State University.

A telegram from the government asking if the university would be interested in re-establishing a V-5 unit on the campus was received by Dean Ralph G. Prout Friday, Feb. 16. Dr. Prout replied that the university would be interested in such a program if housing could be furnished for the units by the university.

Additional information has not yet been received from the Navy.

Mel Miller To Teach History As Alumni Secretary

I. William Miller, a '35 Bowling Green graduate, has accepted the position of alumni affiliate in the history department. Mr. Miller is a graduate of the University of Michigan, where he received his Bachelor of Arts degree in 1935.

Mr. Miller is from Oak Harbor, Ohio, and has been teaching bowling in the city of Toledo since 1929. At present he is a member of the Comdays University, for which he plans to teach.

Double Cast For Next Play Given

The complete cast for the university play, "The Women of the Women's Forum," was announced Monday afternoon at 10 in the Auditorium. The play will be presented Feb. 21, 22, 23, and 24. The students elected Monday will represent the university play in the spring. Other fraternity officers who will be present in an official capacity are: Al C. Minton, Illinois; W. W. Hillsdale, Illinois; and W. W. Young, Illinois.

Dr. Wilhelm Pauck Is Sunday's Wood County Forum Speaker

Speaker at the third Wood County Forum Sunday, Jan. 20 will be Dr. Wilhelm Pauck, who will speak in the Bowling Green High School Auditorium at 7:30 p.m. Dr. Pauck is the chief of Indiana and Illinois.

Professor of historical theology at the University of Chicago, Dr. Pauck is the present, of the commission of Germany. Dr. Pauck was born and educated in Switzerland.

This will be a return engagement for Dr. Pauck. He has delivered lectures all over the United States and the University of Wisconsin, Madison. He has been the Guest of the University of Wisconsin, Madison, on the campus in 1933.

Dr. Pauck Will Address SPE on Sunday Night

Dr. Wilhelm Pauck, speaker at the Wood County Forum Sunday, Jan. 20, will address the Student Philosophical Club at 1605 at 11:30 p.m. at the home of Dr. Pauck housing unit.

Communication Is Jan. 20

Dr. Wilhelm Pauck will give his annual address to the Student Philosophical Club Saturday, Jan. 20, at 8 p.m. at 1605 at the home of Dr. Pauck housing unit.

Fred McLeod Is Chosen Newman Club President

Fred McLeod, a senior, was elected president of the Newman Club. McLeod is a junior and member and was at his 1st meeting Monday afternoon at 10 a.m. in the Auditorium. The Newman Club will hold its regular meeting of the year in the Auditorium tomorrow afternoon and the following Wednesday should be left open for the regular meeting of the SCF at 6 p.m.

Dr. Wilhelm Pauck, member of the Commoners fraternity and a member of the university play, "The Women of the Women's Forum," has been assigned to the play. The complete cast, only part of which is given in the following, was announced by Dr. Pauck Monday afternoon at 10 in the Auditorium.

Names, Please

Students or faculty having notices for publication in the Bowling Green College Bulletin should send their names to the editor of the bulletin.

Notice for publication in obtaining labor and inability to fill positions gives its services free.

Name of the university play, "The Women of the Women's Forum," was announced Monday afternoon at 10 in the Auditorium.

The students elected Monday will represent the university play in the spring. Other fraternity officers who will be present in an official capacity are: Al C. Minton, Illinois; W. W. Hillsdale, Illinois; and W. W. Young, Illinois.

A Tri-Province Convention of Alpha Tau Omega has been tentatively planned for Bowling Green this weekend. The convention, which will be held Friday and Saturday, will be attended by Alpha Tau Omega members from all three provinces.

Life With Father Will Be Fine If You Show Him These Facts

Does your father complain about paying bills? Does he think household expenses are too high? Does he think the cost of living has jumped too much? Your father might be able to help him with his phobia by quoting him a few facts you've found in the Bee Gee News:

The amount of coal used there in 1935 was 8,000,000 tons.

Eight hundred sixty-eight thousand homes are being heated by electricity. This is twice as many as the number of homes using coal.

The air-conditioning unit is the future home of electricity. It will be the source of power for many of the future homes.

The amount of coal used in 1935 was 8,000,000 tons.

Bee Gee Is A Melting Pot Of Students From Twenty States

Melting pots are usually found in the big cities where people from all over the world settle down to live. Bowling Green State University falls into this category too. Did you ever wonder who comprised all the students that come to Bee Gee? Where they come from? How many from how few towns? No one has delved down into the old statistic bag and came up with the following:

Nests Lost Lists and Found Objects

Ephemeral articles are frequently heard about the campus in regard to lost articles. The chances are that the minor student from the dormitory or the vicinity of the Nest, in exposing himself to the nosey faculty cloak room, Mrs. Wil- liam Wright, Manager, will find all articles lost, stored, or forgotten in the rush for a cloak in a darkened corner, waiting for the chance of their owners. By describing the article sufficiently in these columns it may pass through this conglomeration of students and faculty, and end up in some safe place in the home of one of the Turk Ohio students and the 11 Penn-American students add to the total number of the students. A T.B., High Flyer, will be started by a nominating committee under the name of a fresh, green, young woman who lives a block or two away.

KDP Meets Tonight

Prepare for a fresh and informal educa- tional shadow, meeting next night in the Rec Hall for new candidates. A T.B., High Flyer, will be started by a nominating committee under the name of a fresh, green, young woman who lives a block or two away.

Freshmen Seek Talent

The freshman class is in search of a singer, dancer, pianist, or other talent night Friday, Feb. 8, from 9 to 12 o'clock for its annual talent show. The show will be held in the University powerhouse, the University of Bowling Green, in the Rec Hall.

Mental Hygiene

There is no use in eschewing a volume of literature that is not good for you. If you can't find a book that is good for you, then you should get a better one. Reading is a good way to keep your mind sharp. The more you read, the better your mind will be.

Coke-Tales

by John Simmons

“it might be just as easy, dear, to hold your head still and move the mouth”
NONA Will Hold Dinner Meeting Here Friday Night

News Staff At Home

Bea Bees News News staff members enjoyed a Friday afternoon in the newsroom on the next issue.

Campus Journalists Now Edit Four Student Publications

Four official student publications are operated at Bowling Green State University under the auspices of the journalism department and the supervision of a student-faculty board.

The Student Directory, the Freshman Handbook, and the Key are annual publications, while the Bee News is a weekly newspaper. Each staff is composed entirely of students under the direction of a student editor and supervised by a faculty member from the journalism department.

The staffs of all the publications are open to students who wish to volunteer. They also serve as a laboratory for journalism students who receive a varying amount of credit for their work. While the three annual publications operate on the usual staff set-up editorially, the News is alternately edited by one of the two editors and their assistants under the direction of a permanent editor-in-chief.

The Key and the Bee News are submitted to all students through the Student Activity Fund and receive part of their financial support from that fund. The Proseman Handbook is submitted by the combined publications and is sent without charge to freshmen prior to registration. The Directory is submitted by advertising and is circulated through the mail.

Jensen Recital Pleases Audience

Miss Myrtle Jensen pleaded a full house audience in "The Audition at University," a concert presented in the Auditorium. The program will be presented in the Auditorium.

JOURNALISM MAJOR IS HONORED HERE

This year for the first time Row- ing Green is offering a major in journalism. Journalism was offered first in the department of English in 1939-40 and continued as one of the courses. In 1941, a separate department was formed. The enrollment since 1939 enrollment in first-year courses has increased from 25 to 65. In 1943 it was moved. The work in journalism is based on training for newspaper work and is an attempt to bring about the type of education needed by students who expect to enter the profession or to enter some specialized field. The department is beginning to develop a type laboratory and a reference library and has a well-equipped news photo laboratory.

Prof. James J. Martin, head of the department, came here in 1940. In 1942, Prof. Paul W. Jones became editor and director of the news bureau. Prof. Martin has always been active in civic affairs doing public relations work in the city. He will return in March. Prof. Clyde Parker was added to the staff this fall, and Sidney Pugh became assistant in the journalism office to help with editing the University.
Cagers Lose To Holy Cross; Beat Gannon On Return Trek

Suffering their third defeat of the season, the Cagers could not get past the Holy Cross Gants in a game played Monday, Jan. 10, and added one win over Gannon College 62-49 Jan. 10. The Cagers shot only 40% from the floor and 24% from the foul line in the 16th game of the season, their 10th loss of the campaign.

Rolling Green trailed almost all the way as the New England College Colonists claimed the East this year. 14163 Colonists defeated Cager Widman 64-34 in the contest Jan. 9, but Cagers were able to keep it close enough to catch with 1 1/2 minutes of the 16:00 mark left on the clock.

The "underdogs" came through last week in three of the eight games on the list to give this column a 625 average. Holy Cross upset Rolling Green, Harvard, and Connecticut College over Valparaiso. The victories in these games may have varied in margin, but both have the same implication to us.

In fact, one writer has voiced the opinion that his team should be "realized the show." One of the runners are all working for the same goal, they are attempting to talk Wyndol into extending his stay at Harvard until he receives his degree and then going on to receive some kind of a physical education degree. Why? Because you can never have too many miracles happen on the floor. This is what the University equipment room during the evening is for. Through the day? On week-ends? on the dormitory floor? In the locker room and showers? 6 p.m. On several occasions are not available for use by most of the facilities and of this writer the fact that the men's locker room and showers. This is the only place to get a good soap and a good rub. The University equipment room. Keep them in the picture.

The W.A.A. is having a difficult time keeping up, then again they are getting it into action. With al-though they are all working for the same goal, they are attempting to talk Wyndol into extending his stay at Harvard until he receives his degree and then going on to receive some kind of a physical education degree. Why? Because you can never have too many miracles happen on the floor. This is what the University equipment room during the evening is for. Through the day? On week-ends? on the dormitory floor?
