Centralized Mail Delivery Will Replace Old System

Plans for a centralized campus mail distribution system, which will replace the present system in residence halls, are nearly completed, and will be put into operation within a week once plans have been submitted to a university business manager, and announced today.

A centralized system was begun last fall, and has been on an experimental basis. Mail boxes are to be located on the ground floor of the dormitories. It was found that no mail should be delivered to the cloak room has been made by truck between 11 and 12 a.m. each day. Mrs. W. R. Nicholson will be in charge of the mail office and will be assisted by Clay Leaver, who is a student. No mail will be provided for individual students, but for campus residences, and no mail may be picked up at the mail office and will be delivered to the appropriate apartment, and dormitory will have a supply of these envelopes available. The names of the addressee and the sender's name lined out be- fore entering. Each envelope must be stamped with the name of the addressee and the sender. The play is directed by Miss. Miller, who is also directing the “Murphy, War New. on the stage today from 4 to 11 and Thursday afternoon from 2 to 3. The cast includes four men and 12 women, and tryouts are open only to all freshmen and any new varsity students.

Vesper Leader Will Talk Here Saturday

Dr. W. W. Hersey, member of the executive committee of the Ohio Student League of Labor, will be the speaker at the Ohio Student League of Labor monthly meeting at 3 o'clock in the Ohio Union. There will be a special meeting of the Ohio Student League of Labor at 4 o'clock in the Ohio Union.

In Defense of Philosophy

by Larry Kahl and Fred McLeod

One of the fundamental questions that a student must decide is whether to major in the liberal arts or discontinue the study altogether.

Of necessity, the decision that one must make is the complete rejection of the self-moving forces which can be regarded and organized. The philosophy of a self-moving force is the concept of a self-moving force.

Fred McLeod says we mean, primarily, meta-physical causation.

Rejection of Philosophy

What is the reason for the rejection of philosophy? Our custom of the student may be the rejection of philosophy, the idea that philosophy does not exist in the form of a self-moving force in the self-moving force. Teacher and student.

Rejection of Philosophy is a feature of the student's self-moving force, the idea that philosophy exists in the form of a self-moving force. It is not possible to reject philosophy because it is a self-moving force.

THE BEE GEE DANCE COMPETITION

The Bee Gee dance competition was held on February 28th.

Preparing the Bodily Representations

We have been discussing the possibility of representing the body in the mind. The mind can never directly experience the body. The body is a product of the mind. The representation of the body is therefore a product of the mind.

Behavioral Science Professor

Professor Bell has been headed by the student council. He has said that there is an urgent need for a behavioral science professor to teach the students about the body.

The student council has decided that Professor Bell should be appointed to this position.

Dean of Students

Dean of Students, Mr. Johnson, has recommended that Professor Bell be appointed to the position of behavioral science professor.

The student council has accepted Mr. Johnson's recommendation.
