**Ancient Alarm

Awakes All at 6**

Six a.m., an indecent hour for most folks, it is the time the alarm clock begins to ring. It is the time the students must get up or face the consequences. It is the time the students must start their day or face the consequences.

The alarm clock is a device that has been used for centuries. It is a device that has been used to wake up people from sleep. It is a device that has been used to start the day. It is a device that has been used to signal the start of the day.

**Skip' and Pals Run WFOB**

by Joy Fowler

"This is station WFOB, the Student News Network from Bowling Green, Kentucky. Confusing but amusing. It cost composition major Emil Strom of Hamlin, Ohio College Newspaper Association a dollar to be a member of the Ohio College Newspaper Association. The "Good" on the campus is maintained by fellow, "I'm sorry, I didn't get the name. Oh, well, what's in a name?" She was born on Christmas day in the small town of Deepwater, Missouri. From singing in a Kansas City church, she has become one of the nation's top opera stars. The rules with which she is most closely identified are those of Mignon and Carmen. Students may secure tax tickets for the Gladys Swartout concert in 281 Science, Room 11, Thursday, Dec. 17, 18, 19, 11 a.m., 2 p.m., 2:30 to 4:30 p.m. Activity tickets are received at the time of purchase as well as at the door on the evening of the concert. Names will also secure tax tickets during the concert. Students may reserve seats for 88 cents on presenting their activity tickets.

In private life she is the wife of the publisher of the Kentucky Times. Miss Jensen was divided between her leisure apartment and a 15-year-old "M戲"—the college's current student newspaper. Annually voted one of America's outstanding campus editors, she has all her clothes designed by the same clothier who designs the best suits for the campus's leading women. Her kǒndōs enthusiastically received the "Kentucky Diamond"—"Think of Derrera's Sweetheart Things" to Washington, D.C. Last week she was able to tour the most interesting places in the Washington area.

Falcon Runners

Pepperidge Heads List of Week's Cage Schedule

With two wins tucked under their belts, the Falcon cagers will face their first "twin-bill" of the season tomorrow night when Ohio Northern and Defiance attempt to give the highly-touted Bowling Green quintet. If the Falcons emerge victorious in these battles they will have to face Central Michigan on Mount Pleasant Saturday and George Pepperidge of Los Angeles, next Monday night on the local court.

Ohio Northern, which has yet to prove itself in actual competition, is rated a much stronger opponent than the other two teams. It will be a tough night for the Falcons, who will be playing at home in the convincing margin of the stadium.
