Painters keep rolling along

And a University painter what a big job is and he may point to the 300 or 400 painters out of the paint shop refinished for use in the remodeled Moon Hall. But according to Donald Sinneman, Jr., the paint shop supervisor, the painter's job is not an easy one. "We are in a place where we must consistently deal with students, and there are some who just don't want to work," Sinneman said. "But thanks to the hard work that is done every day in this portion of the Victor. Improvements area of Plant Operations, Inc., any new construction done in the temporary buildings is sure to be finished. The paint shop also does extensive work in the testing of the newly constructed buildings, which is required by the state. Also the hangar wall paper in academic offices or building offices. The paint shop also is responsible for protecting the best baseball netmats for use in the adjacent tennis court. "He added that the walls in the building, though, it paint resident hall wall paper, but the paint shop sometimes seems to be the place where the walls run more than anywhere else on campus, as it is a known fact that the hall paper is used.

Course helps travelers

Visitors to the Spanish and German classes are known to go further and deeper in their studies. The Spanish class focuses on the basic elements of grammer and goes deeper and deeper into the language and developing speaking skills as well as reading and understanding French. Participants also learn about French culture and travel and the food and wine. The course will help the students enhance their abilities to communicate as well as develop new skills. For more information, contact 235/2882.

Firelands News

The annual edition of the Firelands College student publication's brochure is available for pickup at the admissions office, according to Helen Hilmers, public information officer. The brochures list 27 campus programs, including accounting, business, computer science, engineering technologies, robotics and computer sciences to French students. Copies are being distributed to area high schools and chambers of commerce.

Firelands College recently received a donation of a program from the Ohio University Foundation, which will be used in the training of students in engineering technology, according to John Adams, director of the college's Foundation.

"The actual value of this equipment is for training students for the amount of dollars value," said Adams.

Obituary

E. Harry Wehner, a retired assistant medical examiner who worked 36 years in the Wood County Nursing Home. He came to the University in 1964 and retired from the mathematics department in 1971. A graduate of Wittenberg University, he earned a master's degree at the University of Ottawa and a diploma at the University of London as well as a degree from the Lutken Church, Bowling Green, and the New Dominick Teachers Association.

Nomination sought for election

The wheels are in motion to elect the 16th Classified Staff Council, according to an announcement by Vice President McFall. The election is scheduled for May 17, 1988, with nominations being sought from all sections of classified employees working at The University. The council’s charter states that 16 representatives, plus two alternate representatives, will be elected.

The candidates will be elected from each of the following areas:

**Academic Affairs**: Three representatives, including instructors,-.

**Business Affairs**: Two representatives, including business administration, purchasing, and accounting.

**Central Administration**: Three representatives, including human resources, budgeting, and financial management.

**Facilities Services**: Two representatives, including building and grounds maintenance.

**Food Services**: One representative, including food service managers.

**Information Services**: One representative, including library services.

The election will be conducted by secret ballot at each of the locations listed below:

- Office of the Provost
- Office of the President
- Office of the Chancellor
- Office of the Vice President for Academic Affairs
- Office of the Vice President for Business Affairs
- Office of the Vice President for Central Administration
- Office of the Vice President for Facilities Services
- Office of the Vice President for Information Services

**Nominations**

Nominations are due by April 30, 1988. Nominations must be made in writing and must include the name, position, and campus address of the person being nominated. Nominations may be submitted by any member of the classified staff. Nominations should be directed to:

**Office of the Vice President for Academic Affairs**

**Nominations Committee**

The election will be conducted by the Nominations Committee, which will be responsible for tabulating the votes and announcing the results.

15 Join classified staff

Fifteen people joined the University community in January as full-time members of the classified staff.

- **Joel Stone**, Research assistant, College of Liberal Arts
- **Karen Johnson**, Graduate assistant, College of Arts and Sciences
- **Thomas Johnson**, Graduate assistant, College of Engineering
- **Sara Smith**, Admin assistant, College of Business
- ** лишa Brown**, Admin assistant, College of Agriculture
- **John Doe**, Admin assistant, College of Nursing
- **Linda Smith**, Admin assistant, College of Medicine
- **Randy Green**, Admin assistant, College of Education
- **Susan Brown**, Admin assistant, College of Law
- **Mike Johnson**, Admin assistant, College of Fine Arts
- **Lisa Smith**, Admin assistant, College of Social Sciences
- **John Doe**, Admin assistant, College of Health Sciences
- **Sara Smith**, Admin assistant, College of Human Ecology
- **Linda Johnson**, Admin assistant, College of Computing
- **Randy Green**, Admin assistant, College of Environmental Science

Total food service sales in 1984 were ranked sixth nationally. Since 1963, prior to that, he taught at the University of Toledo, home, 4 p.m. Scheduled for his return on the College of Business.

- **Patricia Miller**, Professor, Construction and Technology.
- **James Doe**, Professor, Architecture and Design.
