**Action Group Will Lead All-Campus Clean-up Week**

May 10, 15, and 17 have been designated as Clean-up Week by the Student Senate which has given the Campus Action Committee of the Inter-Fraternity Council the responsibility to supervise all activities during this three day period.

Each evening, fraternity, sorority, and dormitory will be responsible for the raking and cleaning of their respective parking lots and the surrounding grass planting areas. The general plan is that on the first evening all the upper parking lots will be raked, on the second all the lower lots, and on the third all the parking lots. The general chairmen for the campaign will be the nearest parking lot chairman for the campus.

Equipment for this general cleanup will be found in the circle in front of the Ad building. Each organization has been assigned a time on the following schedule when they may use the university equipment.

**Two Injured as Stands Collapse**

Collapse of temporary stands on the circle in front of the Ad building last night resulted in minor injuries to two girls who were taken to Johnstown hospital for treatment should back be in this class, according to Dr. W. B. Brewer.

The stands, erected on the roadway greatly by maintenance crews for spectators at the inter-fraternity shog, gave way about 2 p.m., thus before the program underway. The event was moved to the gymnasium which had been reserved earlier but not for the weather.

Marvin, freshman from Lebanon, Va., suffered shock and a bruised head, was taken to Johnstown on a stretcher from the circle, but he was able to walk within an hour.

Bach Shanks, from Pennsylvania, 0., near Akron, had a torn muscle by the falling blanchers.

Alpha Xi Delta and Gamma Phi have both canceled all activities for the remainder of the semester in the interests of public safety.

It is a difficult play to present in college due to the fact that deep emotional elements have been compressed into the scenes, but the "best has been worth while, so we can look forward to another good entertainment.

Producers, actors, and crew have produced an unusual set design, which the director has given a new colored edge.

Students Design Adorn Club Wall by Marjorie Swift

The University Club has acquired the new addition of gay and colorful sketches on the wall. They are the elementary design class of the present school year. This all started as a contest among the students to name the club. The basic idea was to come up with creative and constructive ideas that would be beneficial to the University Club. The contest was divided into three categories: paintings, sculptures, and crafts. This contest was open to all students, and anyone wishing to participate was asked to submit their ideas in one of these categories. The contest was judged by a panel of faculty members, and the winners were selected based on the originality, creativity, and potential for use of the ideas. The winners were celebrated with a ceremony and their work was displayed in the University Club. This contest was held in conjunction with the University's 100th anniversary celebrations.

let's play the tune

President Truman and the state department has deemed it necessary, and correctly so, that we lend money and troops to support the Atlantic Charter. Without our support, the Charter will not be upheld. The Charter sets the stage for the rise of communism, and we cannot afford to stand by and watch it happen. The Charter is the foundation upon which the world is built, and we must do everything in our power to ensure that it is upheld. The Charter is the bedrock of our nation, and we must hold fast to it. The Charter is the key to our future, and we cannot afford to let it fall. The Charter is the cornerstone of our nation, and we must not let it be taken away. The Charter is the lifeblood of our nation, and we must not let it be siphoned off. The Charter is the lifeblood of our nation, and we must not let it be siphoned off.
