Four Fraternity Houses Will Be Completed by Fall

Only four of the seven fraternity houses now under construction will be finished by the beginning of the fall term. These will be the four nearest completion at the present time, according to Dean Conklin, dean of students.

These four houses will be the homes of Alpha Tau Omega, Phi Delta, Sigma Chi, and Pi Kappa Alpha.

New $10,000 Bus Will Carry School Colors

A bus has been purchased by the athletic department for use in transporting teams to out-of-town sports events. The bus, painted brown and orange, is a two-piano team model with a Hercules motor. The cost of the vehicle is approximately $10,000, according to E. J. Kreischer, business manager.

"We feel that the bus will pay for itself in three or four years by saving money for transportation," Mr. Kreischer further commented. A special bus driver will be hired and be expressly assigned to the bus.

The bus is equipped with safety brakes, a fire extinguisher, and air conditioning.

Although it is owned by the athletic department, it will be made available to other academic groups, such as the musical department choral groups.

BGSU Receives Transmitter For Future Radio Station

A transmitter for a 50-kilowatt Frequency Modulation radio station is being shipped to the University and should arrive this week.

It is a surplus transmitter weighing 55 tons. A high frequency instrument, it is capable of utilization in an F.M. radio station.

President Frank J. Prout stated that the purchase of such a transmitter removes one of the major financial hurdles in the path of the eventual building of a University-operated F.M. station, although no immediate plans are being made for a station here.

The speech department will be responsible for the storing of the transmitter.

Much is yet to be done before a radio station could operate on the campus. Approval must be secured from the Federal Communications Commission and a license must be obtained. Since the transmitter is a surplus model, it will be some time before there will be enough receivers in this area to warrant a station.

When plans are completed, a new addition will be erected by the Gate pany to house the station and studios.

Veterans Lead in Educational Advance

Veterans are accelerating their college work more than other students according to Dr. Frank J. Prout, president of the University.

Dr. Prout cited figures showing that ex-servicemen comprise 54 per cent of the Bowling Green enrollment this summer against 47 per cent in the spring and 41 per cent last summer.

"The additional evidence of the seriousness of purpose of the veterans attending college. Many of them gave up vacations in order to complete their education as soon as possible," Dr. Prout declared.

Of the 1,404 students now enrolling, 248 are veterans. Corresponding figures last spring were 139, 33, and 225, respectively.

Appointment Bureau Places June Education Graduates

All June graduates prepared to teach will be placed by full-time William Miller, director of the Bureau of Appointment at Bowling Green State University, said today.

The college of Education graduated 162 degrees.

Salary figures being paid starting teachers range from $1,400 to $3,000.

Demand for teachers is about the same as last year. It is greatest in elementary and secondary schools, and least in biology and social studies.

A shortage still exists in commerce, elementary education, home economics, industrial arts, Latin, mathematics, music, and physical education.

Mr. Miller doesn't think the increase in pay will induce many additional students to prepare for teaching. He believes an improved economic condition and the elimination of the registration fee would be more effective.

Free placement service is provided for all former Bowling Green State University students.

On-Campus Rooms Already Filled

Over 1,000 students who desire rooms for next fall cannot be placed in University housing, Dean A. B. Conklin said this week. Even rooms off-campus are practically all filled.

Next fall only the students living in Shatzel, Williams, and Kohl residence halls will be able to occupy these rooms. Other students who desire to eat on the campus will be taken care of in the same residence hall.

The University is located just north of Kohl Hall. This dining hall can serve 3,000 in one hour, if both sides are used.

Plants are in progress for the construction of additional residence halls in the auditorium. The concert will feature a Fred Waring ar
day performance by the world famous act of Tom Scott. Also included in the program will be several novelty numbers and a nursery rhyme suite.

Four Fraternity Houses Will Be Completed by Fall

Only four of the seven fraternity houses now under construction will be finished by the beginning of the fall term. These will be the four nearest completion at the present time, according to Dean Conklin, dean of students.

These four houses will be the homes of Alpha Tau Omega, Phi Delta, Sigma Chi, and Pi Kappa Alpha.

Even though the houses seem to be moving rapidly toward completion, it is taking longer than had been anticipated. There are still hopes that the entire lot of seven houses will be finished, but Dean Conklin, who is keeping a close watch on the buildings under construction and does not think that all of them will be occupied this fall, said that the competency by the time school commences next fall.

Although they are not finished, the University will see to it that those fraternity men who expected to live in the cottage-style dorms will be housed elsewhere until they will be able to move into their new homes.

The room rent for the entire semester will be $25, and will be in effect when the dorms are occupied.

Newspaper Issues Available for Student Reading

There are 29 weekly and daily newspapers from towns and cities in northern Ohio which are available to students. There are in the journalism department.

An up-to-date file of recent issues of the Cleveland Plain Dealer, the Baltimore News, the Montpelier Leader, and the Athletic department for use in the assembly program for Wednesday, July 23.

Next fall only the students living in Shatzel, Williams, and Kohl residence halls will be able to occupy these rooms. Other students who desire to eat on the campus will be taken care of in the same residence hall.

The University is located just north of Kohl Hall. This dining hall can serve 3,000 in one hour, if both sides are used.
When Ping-Hsin Chang, graduate student of economics and business administration, completes his work on a Master of Arts degree next January, he will have taken the foot-steps of educated relatives who hold degrees from many American and European universities.

Dr. Chang, a native of China, graduated from Harvard and is now a special assistant to T. V. Soong in Washington; H. W. Chang, his older brother, is a Shanghai merchant; Mrs. H. H. Chang, his sister, has a degree from the University of Chicago and is a secretary at the United Nations; Ping-Hsin's older sister, C. T. Chang was graduated from the University of Berlin in Berlin; C. P. Chang, Mrs. Chang's husband, is an economist in France; atid C. K. Chang, a Shanghai banker, studied in an Austrian university.

Ping-Hsin, called Andy by his American friends, is a Bachelor of Arts degree from the American supported and administra
ted Yenching university in Peip

The president of Yenching was John Leighton Stuart, the present American ambassador to China, Mr. Chang was graduat
ed in 1940.

The war interrupted Ping-Hsin Chang's education in the United States for several years, but he was not until January of this year that he finally reached Bowling Green on Feb. 19 to continue the American adventures during the period make a modern adventure story.

As an Interpreter During War

In 1945 Ping-Hsin Chang was interpreter officer with the First Divi
cion Marine Corps in Pelping headquarters and operated as in
terpreter and translator at meet
gings between Chinese and Ameri

can forces.

The past year during General George C. Marshall's special in
vestigation of the Chinese situa
tion made Yenching, Dr. Ping-

Hsing Chang worked as translator of secret documents at Gen. Mar
shall's headquarters in Peiping.

When Nationalists, Com

munists, and American representa
tives met in the important confer
ences during the investigation, Mr. Chang interpreted communica
tions between the three groups.

The problems of China rest heavily on Ping-Hsin Chang's mind and he said that talking about these problems causes distress because he can see no possible solu

tion or certain conflict.

"I want to return to China and I don't want to be an interpreter, but I'm not not sure that I can use my learning to good advantage and I'm not un

certain that one might get lost in the conflict," Mr. Chang said.

Out of the Vacuum

Misunderstanding

China has many internal faults, Ping-Hsin Chang said, but there are also many outside influences which cause unrest and misun

derstanding between the Chinese and the outside world. These diffi

culties come to a head because China is trying to gain prestige through military means.

"I have not seen the bottom of the pile," states Mr. Crowley.

One of the grestest needs in

China today, the Hindus and Moslems, have almost diametrically opposite views on government and religion.

Commenting further, Mr. Smith stated that British proposals for

India's independence have been based upon a federal union to re

place British sovrignty but that the Moslem parties have re

sidered a government based on a numerical representation. Repre

sentation of the Hindu and Moslem parties is a large problem. The majority Hindu party has a firm
cent of control in the government in-as
asmuch as the Hindus have an illusory

and religion.

Mr. and Religion."
Pigskin Preview Shows
BG Faces Tough Season

With summer football practice underway and fall practice slated for August 25, Coach Bob Whittaker and his staff are already making plans for this season. Their eagerness to get started can be readily understood, for the Falcons this year face a rugged 10-game schedule beginning September 20, 1947, against the William and Mary tilt on November 22.

In the opener against the Musketeers in a final game at Cinncinati, the Falcons will be attempting to dispel the whitewashing of last season. However, with the acquisition of their new head coach, Klapp, and Xavier will be striving to better their dismal 2-7 record of '46 and may prove a surprise.

Seek Revenge Over Bearcats

Game number two brings Central Michigan here and the Whitemen will be striving to avenge the 7-0 defeat handed them by the Mt. Pleasant gridders last season. Central Michigan opened the season against the strong Detroit University Titans and should be softened up for their contest with the Falcons.

The following week, October 4, the gridders tangle with Dayton's powerful Flyers. Under their new coach Joe Gavin, an exponent of the T-formation, the Flyers will be attempting to avenge theirious relations with BG victoriously.

The next week finds the Falcons again packing their bags for a trip to Oxford, Ohio, to battle the Miami Redskin. In a duel's day contest the Indians will be out to avenge the unforgettable 6-0 moral victory their Fans held them to last season and the Falcons will be just as determined to walk off the field with the Redskin's scalp.

Three Home Contests

For the next three weeks the Falcons will be playing on their home grounds, meeting Ohio University, Kent State and Findlay in that order.

The arrival of Don Pen's Bobcats makes the first meeting of the two schools in several years and they will be out to score an upset, if possible.

Our "sister school," Kent State, will provide plenty of trouble for the Orange and Brown on October 12 when the Golden Flashes arrive for their annual donnybrook. Last year, at Kent, they held BG to a pair of touchdowns and will be eager to reverse the count.

Meet Others

Findlay, the next foe, makes her debut on November 1, bringing with her the honor of holding the best defensive record in the nation in 1946. The Oilers last season scored 209 points in eight games, while holding their opponents to 25. With most of their letterman back this season they should provide an interesting afternoon for the Falcons.

In a repeat performance, the Falcons travel to Olean, New York, on November 8, to meet Hugh Devore's St. Bonaventure team. Led by ex-Norman Phil Collins, the Bonnies last year topped the little three conference championship and handed the Falcons one of their three losses.

WEDNESDAY, JULY 16, 1947 BEE GEE NEWS PAGE 3

Bob Ingraham, '42 football regular, whose career was interrupted by World War II, returned last June and was voted a starter on the 1947 Football team.

Last year, with a record enrollment of 3,938, attendance at Falcon home football games was only lukewarm, with the bulk of the spectators consisting of students. While intercollegiate sports are primarily designed for student participation and observation, there is no reason why conditions should not be such as to accommodate the myriad of deserving fans in this area who would welcome an opportunity to see the Falcons in action.

Unfortunately, for them, their daytime commitments prevent their attending the regular Saturday afternoon games.

In order to enable these pigskin followers to see our games, the only practical solution would be the installation of lights for night games. Night football, although comparatively new in origin, is drawing immense crowds throughout the nation and its local popularity can be attested by the continuous crowds at Toledo University and Bowling Green High School games.

BG, too, could draw these large crowds and this increased attendance would help the University in many ways. Financially, it would provide a profit from which funds could be derived for the construction of a larger, more modern athletic plant. It would also create a large, enthusiastic following among Northern Ohio football fans and would justify the Athletic Department's arranging of their schedules to bring top-flight opponents here, thus increasing Falcon athletic prestige and adding to the enjoyment of the fans.

The cost of such installations, which has been estimated at $21,000 by the General Electric Company, would easily be absorbed by the resultant profit.

The University's Athletic Board, no doubt, would find it worth while to look into the matter.

WE'RE TOLD

Ennis Walker, Paul Schachts, and John Hensley have moved into the championship flight of the current Bowling Green Country Club tournament. Hensley shot the second best score in the qualifying match, a 73 ... Invitations are being prepared by Coach Whittaker for fall football practice which gets underway on August 25 ... Former BG News sports editor, Gene Jordan, has been appointed sports editor of the Sandusky Register-Star News. He has been with the Fidelity Republican County ... The Cleveland Indian baseball school which is to be held on the campus tomorrow, Friday, and Saturday will be under the direction of Mike Marko, one-time Falcon athlete and now a Cleveland scout ... George Vucicovich, 24-BG hurler, is one of the batting stars of the Goodyear baseball club of Akron. In a recent game he smacked two homers and drove in four runs ... Bob Krajnak, '47 football captain, whose career was interrupted by the draft, will be a great help to the '47 squad.

Miss Iris Andrews

Miss Iris Andrews, assistant professor, is the only instructor in the Women's Physical Education department this summer. She is organizing sport tournaments and instructing classes in community recreation, health education, and elementary activities.

Before coming to Bowling Green in the fall of 1946, she taught physical education at Ypsilanti High School. She has also, supervised wanted safety, playgrounds, and recreation for the Michigan state government.

Miss Andrews received her B. S. degree at Battle Creek College, Battle Creek, Michigan, and her A. M. at the University of Michigan. She is an honorary member of Pi Lambda Theta, education honor society.

Next to the Lyric Theatre
Shatzel Sponsors Orchestra Dance Friday Night

"Sea Weed Swirl," an informal orchestra dance sponsored by Shatzel hall, will be held Friday, July 18, from 8:30 to 11:00 p.m. in the Rec hall.

Jim and Dave Huber's orchestra will provide the music for the occasion. Admission is by 2 cards.

Frances Stackman is general chairman of the dance. Joyce Schneider is in charge of refreshments; Barbara Tannor, publicity; and Joan Miller, decorations.

Saturday evening, the technology color movie, "Irish Eyes Are Smiling," starring Dick Haymes, June Haver, and Monty Woolley, will be shown in the Amphitheatre at 8:30 p.m. In case of rain, there will be two shows, at 7 and 9 in the P.A. Auditorium.

Also for Saturday entertainment, the social committee is sponsoring a disc dance in the Rec Hall beginning at 10 p.m.

Freshman Girls Honored At Recognition Party

Eighteen freshman girls were honored at a recognition party held last Tuesday night at Shatzel.

A mixer started the evening after which the freshmen were introduced by the house chairman. Several songs were sung by the Pan-American girls. Coke and doughnuts were served.

Marge Mayer was general chairman and Mrs. Idella Buchanan was in charge of refreshments.

McGuire and Lebby Are Wed In Bowling Green Church

The rectory of St. Aloysius Church in Bowling Green was the setting for the wedding of Allen McGuire to David Lebby, both of Bowling Green.

Mrs. Lebby was a freshman at the University last year and was majoring in journalism.

Mrs. Vera Lowrie, wife of Dr. S. H. Lowrie, will speak to Student Christian Fellowship on "College Life vs. Moral Life" Sunday at 8 p.m.

Mr. Lowrie Speaks At S.C.F Meeting

Mrs. Vera Lowrie, former resident of Brazil and China and wife of Dr. S. H. Lowrie, will be the guest speaker at S.C.F. next Sunday evening at 8 p.m. in Studio B. Her topic will be "College Life vs. Moral Life."

Mrs. Lowrie obtained degrees from Southwestern University in Georgetown, Texas, and Columbia University. Five years were spent in residence in China where she taught in a university for boys and a private school for girls. She organized and directed social service projects at Miskinum college.

Mrs. S. Lowrie, Brazil, was her place of residence for three years. There she established an International Young People's Forum with speakers from various faiths.

Town Girl Will Teach In Cuba This Fall

Shirley Walker, June graduate, is brushing up on her Spanish this summer for a very special reason. Shirley, a summer waitress at the University Club, will teach in Cuba this fall. Under contract for one year at a 12-grade school, she will instruct classes in home economics and English. The school is located at the Naval Operations Base School at Guantanamo Bay.

She is a Bowling Green resident and has never been outside the continental limits of the United States. She will begin her journey to Cuba by plane on September 5. Housing problems will not confront Shirley because the school in Cuba provides private rooms in dormitories at the Base. Faculty members have the privileges of using the Officer's Club, base missionary, laundry, and 206-bed hospital.

Recreation privileges include an 18-hole golf course, riding academy, swimming pool, badminton and tennis courts, and three outdoor movie theatres with nightly movies.

When school closes next June, Shirley may return by plane or take advantage of the Caribbean cruise planned by the Navy which terminates at New York City.

Mrs. Prout Relates B.G.S.U. History

A sketch of the founding of Bowling Green State University and a history of the Bowling Green churches was given by Mrs. Frank J. Prout at an informal meeting of S.C.F. Sunday evening.

Mrs. Prout told of the founding of the University in 1910 after 10 cities, including Bowling Green, had been considered as a site for the school. Bowling Green won out over all the others.

It became Bowling Green Normal School and officially opened in 1911 with an enrollment of 340 and a faculty of 14. The first building on the campus was, oddly enough, not the Ad building, but Williams Hall. It became a state college just a few years before it was admitted as an official state university in 1923.

From this small beginning, the present university, with its many buildings and enrollment of almost 4,000 students and 186 faculty, has grown to its present size.

A short meditation was presented before the talk by Richard Lenthal and Lois Keath.

The summer S.C.F. meetings are being planned by chairman Jim Limbacher and Bob Eastman, Betty Heater, Rob Haskin, Connie Prager, and Bob Strippel, under the direction of Jim Stinner.
