lets show the men..."Women fought for the right to vote, now they have the right and don't exercise it."

It does sound all too familiar because you've been hearing it from the mouth of the majority of the population ever since they passed the 19th amendment in 1919. Unfortunately, the statement is too often true. Women don't seem to be virally interested in the suffrage which their grandmothers refused to use and ridicule to obtain. It is true that there are some exceptions but the majority of it is in numbers in many countries and that there cannot be majority numbers. The number of women who have the right to vote is far greater than the number who actually exercise it.

Compulsory elections have been notorious of late for the small number of women who vote in proportion to the total enrollment. These women officers will be elected for the Association of Women Students.

ONLY women can vote for these conditions. The will be set aside for the women who choose to vote and the others who choose not to. The right of the woman to have her place among the men is her own to choose and her own to reject.

Alumna May Get Leading Role In Road Show

Eva Marie Saint, an alumna of Bowling Green, may get the leading feminine role when the Broadway play, "Mister Roberts," goes on the road, states Dr. Elden T. Smith of the speech department.

At present, she is understudying the role of the nurse in the production which opened in the Alvin Theatre in New York two weeks ago. Movie star Henry Fonda is cast as Mister Roberts, the hero of the play.

D анor of F oghan, L ng Island, Miss Saint went to New York after graduation from Bowling Green where she majored in speech. She has worked in network shows, weekly television broadcasts, and as a photography model.

While at Bowling Green, Eva Marie appeared in many stage productions and radio shows. She was chosen Brigham Queen in 1948, and represented the school in an international singing contest that year.

Cagers Meet St. Louis In Garden Tomorrow Night

With The Falcons

by T. J. Loomis, Jr.

MADISON SQUARE GARDEN OLD STORY FOR BEE GEE

Harold Anderson's Falcons once again return to their old March meeting place of April 16, Madison Square Garden, to emerge champion.

The first Orange and Brown agreed to go to the tourney was the 1943-44 group that lost to St. Johns, 48-46, in the final round. That team was led by Powel who mislaid heroes in the same game and point were awarded the New Yorkers. Joe Suerhend and Howie Martin were the leading scorers.

In 1945, with John Payak and Jim Knierim starting with Otten, Wayne Gay, and Otto Brancato, the Falcons swept through RPI and St. Johns, only to come to Dauphin and George Mikan's 34 points in the final. Leo Kubik and Tom Lanum were first line subs at that time.

Emile Covellery dropped his famous 55 foot shot to ruin us in 1946 and Rhode Island went on to the finals before dropping a close one to Kentucky. Bee Gee has been seeded second for the second straight year.

This basketball classic has been full of thrills and surprises all through the years. This season's game should be no exception. From here it looks as if Bowling Green has a great opportunity to come through. Any one of the candidates, in fact, is capable of emerging champion.

AUTHORITIES HERE NOT CONSISTENT

Not all of the fans who drove the boys a rollicking send-off at the pep rally last night were actually saying goodbye. Many students still intend to travel to the games and yell for the team, despite the fact that little encouragement has been given them in the way of official support or approval.

Some of these same people, in December, 1946, were bitter at being forced from their temporary quarters in Men's Gym to the SAE's. The platinum-hearted members of the varsity basketball team have been permeated with a spirit of pride in their team. It now seems, however, that those in charge are not practicing what they preached 16 months ago. The spirit of pride in their team. It now seems, however, that those in charge are not practicing what they preached 16 months ago.

Perhaps, if Bowling Green gets its ST. Louis, resolutions will be relaxed to allowepsilon cues for the games next week.

Local Businessmen Collect Funds For Basketball Players

Several local businessmen have been collecting funds throughout the season in order that all 17 members of the varsity basketball team will be able to make the trip to New York for the International Tournament.

The University is sending only two students to the tourney. St. Louis has turned into a real four leaf clover for our-pilot, Art Mooney. His record is "Four leaf clover" has become a real four leaf clover for Art Mooney. His record is one of the top favorites of the tourney. St. Louis has been defeated by Oklahoma A&M, 42-35, the University 26-10. The Falcons have met both but have no dreams of reaching the final four. Tony Bonito, BG captain pinned out, Tony's brother, wrested in the 154 pound division, defeated his man in 2:06.

Wrestling Team Downs Baldwin-Wallace

Displaying superb early-season form, Jim Whitaker tackled 152 pounds in this match at the Central Conference. Baldwin-Wallace held the Michigan State College Field House in East Lansing.

Bruce King, another Falcon presence, placed sixth in the shot put, while R. Rebekal placed third in the high jump and was later disqualified because of a freshman eligibility rule. Included among the team entries were Michigan State, Notre Dame, Wayne, Baldwin-Wallace, and Marquette with Michigan State emerging the victor.

Regardless of the team entries were Michigan State, Notre Dame, Wayne, Baldwin-Wallace, and Marquette with Michigan State emerging the victor.

Another indoor meet is scheduled for the squad on March 13 when they will participate in the Illinois Tech Relays at Chicago.

Falcons Set For Fourth Tournament Try

by Bill Day

Returning to New York to participate in their fourth Invitational Tournament in the last five years, Bowling Green University's basketball team will meet St. Louis University in the first round of the tournament at Madison Square Garden Thursday evening.

The six other teams in the eight team field are: New York University, Texas, Western Kentucky, LaSalle, DePaul, and Northern Illinois. The Falcons have met Western Kentucky twice this season, breaking even in the series.

Bowling Green first went to the Invitational in 1943 and lost their one-man encounter defending champions St. John's. The Falcons met Western Kentucky in 1945 when they were seeded No. 2, the Falcons ran true to form and downed Mahwahseth and St. Johns before succumbing to DePaul and George Mikan in the finale.

That same year, the Orangemen and Brown met N.YU. battle of the NCAA tournament, in a Red Cross benefit game and succumbed to the Violets in a close contest.

Bowling Green returned to the Garden for their third successive Invitational and met Rhode Island State in an overtime contest after a questionable basket by Emilie Curley tied the game with seconds to play.

So, this year the Falcons return once more to see if they can't win their second straight Invitational, that the winner of the tournament will be eligible for one of the eight places open for the Olympics. Bowling Green will be in the top group of 32, one of the top favorites to win the whole thing. St. Louis has been defeated by Oklahoma A&M, 42-35, the University 26-10. The Falcons have met both but have no dreams of reaching the final four. Tony Bonito, BG captain pinned out, Tony's brother, wrested in the 154 pound division, defeated his man in 2:06.

Wrestling at 155, Jack Wood, inland, BG, defeated Beukers and in the 154 pound division, defeated his man in 2:06.
