Overman Resigns From Deanship

Dr. James Robert Overman, dean of the College of Liberal Arts since its formation in 1943, has been named the University's acting president.

For reasons of health, Dr. Overman will be relieved of his administrative duties at the end of the first semester, assuming as professor of mathematics.

He was recently appointed to the original University faculty in 1945.

His successor as dean will be the Rev. E. H. H. H. Asst., assistant dean and director of games.

Dr. McPheeters came to Bowling Green from Mount Union College in 1939.

Dr. Frank J. Frist asserted that he reluctantly accepted the resignation of one of the outstanding members of the faculty and the Board of Trustees voted the entire faculty.

Dr. Overman will continue as a member of the University Executive Committee.

Graduate Work In Business

Dr. Emerson Shrock announced this week that the Department of Admitted to the Graduate School, Business Administration has been to date in the master's degree in the fall of 1948.

Graduate work will be available in the areas of finance, marketing and accounting. The courses will be offered during the fall of 1948.

However, students working toward a master's degree will be expected to complete the course of study at least one year after admission. The administration is planning to assign certain spaces for faculty and students who are married to work locally to their work.

It is also planned to assign certain spaces near each building as delivery service where one may park for a few minutes for loading and unloading purposes.

These immediate needs are being recognized and are necessary to the administration. All three representatives when reporting promptly in accordance with the directions on the ticket, will be given credit for basic training.

Additional credit may be given for those charged with the responsibilities of the traffic space, and will avoid a greater penalty for the person committing the violation.

Parking Notice

The administration has made the following announcement about parking conditions on campus:

It is recognized that many of the parking areas are congested and parking difficulties. The facilities available were not originally designed to accommodate so many cars.

Students, faculty and other employees sometimes grow impatient concerning the problem. While there is no immediate solution, the administration is planning to assign certain spaces for faculty and other employees who drive regularly to their work.

Meantime several who drive a car on campus are expected to park only at times when the traffic is heavy. All drivers are asked to park in certain areas and to arrange for supplies and return to the parking area when not necessary.

It is generally recognized that these immediate needs are being recognized and are necessary to the administration. All three representatives when reporting promptly in accordance with the directions on the ticket, will be given credit for basic training.

Additional credit may be given for those charged with the responsibilities of the traffic space, and will avoid a greater penalty for the person committing the violation.
keep off the grass . . .

Every campus has some form of natural beauty of which it is jealously proud. Bowling Green has no rolling hills, no natural lakes or streams, but it has been noted for its wide expanses of well-kept grass.

But beauty has to have wise ways to preserve, and much of the grass has been covered with new buildings. This should make what remains even more precious, but hurrifying students are apt to take the shortest routes which is usually across the grass.

The ground is freezing now, and too many tramping feet can kill what grass is left. Let's keep what we have of beauty—keep off the grass.

remember all three . . .

Not everyone realizes that there are now three news-gather- ing centers on this campus—the campus radio, the Bee Gees News, and the Bee Gee News. All three of these agencies are trying to do an adequate job of getting information before the student, faculty, and the public.

Unfortunately, some individuals apparently do not know of the existence of all three of these media, or else they fail to realize the importance of publicity. They may have to get on an unnecessary duplication of effort to make sure that all the news outlets tell the facts.

But if they believe this, they're wrong. The Bee Gee News, the campus radio, and the News Bureau all as a result of the campaign the article by pointing out three points of conduct which the State Department has followed since 1913 and which has been a distinct failure to realize that perspective demonstrates between states.

First, American foreign policy has before each war consistently tried to ignore the existing struggle by procrastinating until neutrality. In the end it did not keep us from participating in the war.

Second, upon the realization that neutrality was an imprac- ticable goal, we embroiled our victorious cruisers against the whole German Navy. In the end it only resulted in the loss of our ships.

Finally, we hesitated on the point of giving aid to the Allies, while we had miscalculated the potential of the German force. As a result we found ourselves with a much longer and more difficult war than it would have been had we not hesitated.

So if you want to cover some, if you want all the publicity available to you, don't be annoyed if you're approached by more than one person.

The Bee Gee News, the campus radio, and the News Bureau all release the same news, only, but student party leaders

But they believe this, they're wrong. american foreign policy . . .

Walter Lippmann, one of the country's clearest political analysts has written a thought-provoking article in the February issue of "The Atlantic Monthly." Lippmann's thesis is that American foreign policy has failed because it does not take into account the fact that the United States is a country that has been a distinct failure to realize that perspective demonstrates between states.

First, American foreign policy has before each war consistently tried to ignore the existing struggle by procrastinating until neutrality. In the end it did not keep us from participating in the war.

**Dr. Thomas Tuttle**

From the time he was converted to the air force in grade school, Texas Tom Tuttle has been collecting books. He has at present a library of 4,000 volumes over which he has divided. A library is a divided into four sections, contains books on world literature, religious, reference material, and philosophy. Dr. Tuttle, his work and presentations, was such an expert on the subject that he was invited to read the works of the world's greatest minds. He then went into Capitol's studios and recorded the book for the Pacific coast. This will help his father manage the novels and run a cotton gin, a task he was used to doing before the war.

**PHI SIGMA MU**

Phi Sigma Mu, music education honorary, will have its banquet March 15 at the Commons. The banquet will be preceded by a program of music and speech given by members of the group. The new members will be accepted.

**Kappa Siggs Win Bridge Trophy**

Kappa Siggs, after winning over Gamma Phi Beta in the finals of the bridge tournament, was awarded the bridge trophy last Wednesday evening. The tournament is sponsored by Alpha Gamma Delta Delta.

**DANCE CLUB**

Approximately 40 members of the Dance Club will make a trip to Woodside this evening to perform before Woodside and Ross High Schools. The program is one of the first to help stimulate dance interest among schools.

**INTERNATIONAL RELATIONS CLUB**

Dr. Cooke, professor of business administration, and chairman of the International Relations Club, has returned from a trip to the present Congress of American Students. Dr. Cooke will present at the March 3 meeting a round table discussion of foreign relations affairs. The meeting was attended by many professors who were also included at this meeting. This meeting was held to give an educational opportunity to the different schools of the nation, and it was made in order to give an opportunity to the students to have a chance to have their own opinion.

**RELATIONS CLUB**

Anton Whitney and Walter Welch, a prominent attorney from Toledo, will speak at the Pre-Law Club members on patent law at 8 p.m. next Monday. The meeting will be held in the faculty room of the University of Toledo.

**PRE-ENGINEERS CLUB**

Gerald Robinson, Ralph Schriemper, Jennelle Davidson, Jean Graham, Dr. Robert Petrow, and Charles Walker, American Friends Service Committee Secretary for the Ohio area, will speak on "The Future of the American Farmer" at 7:30 tonight in the faculty room of the University of Toledo.

**KAPPA DELTA PI**

Kappa Delta Pi, executive fraternity, will have its meeting this evening at 7:30 in the Men's Gymnasium. The meeting will be held in the University of Toledo.

**KAPPA MU EPSILON**

Kappa Mu Epsilon, mathematics honorary, will have its meeting this evening at 7:30 in the Men's Gymnasium. The meeting will be held in the University of Toledo.

**THE HIGH-SIGN**

Highlighting this week's social program are a water ski show Sunday afternoon, "The High-Sign" at 4 in the Main Auditorium, and a water ski show at 5 o'clock. On Thursday, March 18, the Bruce Glee Club will perform at 8 p.m. in the Main Auditorium.

**WHAT’S NEW WITH CAMPUS CLUBS?**

**BIOLOGY CLUB**

Movies on "Nutrition Food" were shown at the last meeting of this club. The next meeting will be announced, as plans for an outing in April were formulated.

**CHEMICAL JOURNAL**

Dr. Howard Hopps, chairman of the Toledo section of the American Chemical Society, will speak at the Chemical Journal tonight at 5:30 in PLC. Dr. Hopps will speak on "Production of Industrial Chemicals." A member of the research staff of the well-known industrial concerns, the Chemical Journal is operated in organic chemistry.

**DANCE CLUB**

Approximately 40 members of the Dance Club will make a trip to Woodside this evening to perform before Woodside and Ross High Schools. The program is one of the first to help stimulate dance interest among schools.

Falcons Train For 15 Game Baseball Schedule

By Tom Fry

A fifteen game schedule has been arranged for this year's Falcon nine, according to Athletic Director W. Harold Anderson, with the opener slated for April 10 against Ohio Wesleyan at Delaware. Included among the '48 BG foes are ten holdovers from last year's schedule plus five newcomers: Toledo, Wayne, Michigan Normal, Ohio Northern and Lawrence Tech.

The Falcons will open the season at home on April 10 against the Owls of Ohio Wesleyan.

FALCONS PLACE IN TECH RELAYS

Nine members of the Bowling Green track squad returned from Chicago Sunday after competing in the Illinois Tech Relays, one of the country's largest indoor meets. There were 29 schools entered, but Bowling Green placed fifth in the meet including the hurdle event of the shot put. Harriett Hamilton, the great number of Bee Gee standouts, will be Monday night. The Bee Gee's only point. Coach Bob Whittaker has given seven and a half points . . . Standout Danny Miller, the veteran-studded Falcon grapplers are expected to return. It is unoffi ciently that seven freshmen will be a different story when Coach Keiirui is hopeful about the season's finale on May 5 in what will probably be one of the season's top attractions. Paced by Allisgiter, Glen Hone, the veteran-studded Falcon grappling team is gradually shaping into one of the top squads in the nation. There is nothing on schedule for next year's team. On this season's schedule, the wrestlers took 3-1 matches throughout the regular dual season. In individual matches, the wrestlers took 24 while losing 14.

Coach Leimann is hopeful about many returnees. On this season's schedule, there were 17 matches that were expected to return. It is estimated that seven freshmen grapplers will receive individual matches scheduled for this year. Last year the team was 17-7-1 overall and the veterans list includes John Herbs, Kathleen Davis, Al Broom, and Paul Scholz. Bill Moreing and the freshmen are expected to start in the other two positions. Anyone interested in joining the wrestling team at the Bowling Green Country Club is urged to sign up and be on the mailing list for this year's team. The club will be held open to all members of the freshman team and the new team will be held open to all members of the freshman team and the new team.

Pine Trees ADMIT PEOPLE TO STAND ON THE BEACH.

The team which will be formed in the off-season is expected to be the most successful in many years.

The lineup for this year's team will be as follows: John Herbs, Al Broom, Kathleen Davis, Bill Moreing, and Paul Scholz. The team, which will be formed during the summer session, will play other independent softball teams from this area.

The schedule:

FALCONS SWIMMERS ADMIRE TROPHIES THEY RECEIVED AT THE FENN RELAYS

Coach Sam Cooper's Bowling Green swimmers will be at Michigan State College's magnificent pool in East Lansing this week-end to do battle with ten of the mid-west's toughest squads and the Central Collegiate Conference championship is on the line.

Michigan State dominates the field with virtually the same outfit which took every first place in the meet last year. The Falcons were victims of a little tough luck last year. Much depends upon Captain Charlie Joyce and driver Bob Birt, who are off in his specialties last season and did not place in the freestyle, while taking fifth in the 100 breast. Birt did well in the 100 back on the breast, and Joyce did much better in the back on the breast. And it would not be too much to expect for him for this year. Of the seventeen Falcons entered, Joyce, Fred Kincaid, Bill Pfitzer, and Bill Van Alston will be the work horses. This strong quartet of divers, with Joyce, will form the 400-yard freestyle relay team which has enjoyed great success throughout the regular dual season. This will be the last regularly scheduled meet for seniors Jay Vautier and Joyce, although there is a possibility they may compete in the nationals later this season.

The Orange and Brown swimming teams are in gradual shape for the big event. Only two sessions remain before the meet from this year's team. The meet from last year's team was one of the top squads in the Midwest. The only two session remains before the meet from this year's team. The meet from last year's team was one of the top squads in the Midwest.

The team scored 172 point! Kay dorian was high point scorer, with 79, with no one man being a standout. The team average was around 79. The team is gradually shaping into one of the top squads in the Midwest. The only two session remains before the meet from this year's team. The meet from last year's team was one of the top squads in the Midwest.
St. Louis Humble's B C
In Invitational Tourney
by Dave Reinhart
The Bowling Green Falcons closed their 1947-48 basketball season last Thursday evening by losing to a superior, fast-breaking, and well-coached St. Louis team in the National Invitational Tournament at New York City. The Falcons, although outplayed, were never outgunned, as they kept trying to narrow the score until the final gun.

Over 26 faithful Falcon fans were Bob Conroy anil Tom Inman. This last game, had seven. Other leaders with 16 tallies was slanky Share, who once again and driving they scored 13 straight roll, and with beautiful passing was tied at 11 points. Then the came for nine minutes until the final round.

Western Kentucky to gain the downing BG, St. Louie defeated the first round of the Invitation-Falcons could pick up their feet team down the court before the Bilikens seemed to have their whole had done to so many trams. The watching Colleges and Universities increases to $4,500. More turn after the program.

Kevin Urbanus, cross-country a graduate from the University of Toledo enters the athletics in their opening workshop. The big show opens tonight at 7:30 in the Women's Building.
