Ray Shellhammer, editor of the 1948 Key, Alan Rosenbloom, new business manager of the Key,
needed expansion of education... The President's Commission on Higher Education, appointed by President Truman, to examine higher education and to study the means by which it might be improved, has issued sweeping recommendations. The number one need is for expansion of higher education facilities so that more students may attend college. The Commission urged that free public education be extended through the first two years of college, and that fees be reduced in all public colleges. Nearly half the population of the country has the mental ability to complete two years of college and at least 32 per cent has the mental ability to complete an advanced education. But under the present setup, even with the G.I. Bill, a large percentage of these persons are unable to attend college.

Congress is at present considering appropriations to prepare our country against the threat of war. Such appropriations are certainly necessary, but there is no question about the need for spending a little money to preserve peace. Education is the greatest weapon in the long run to spend money for education now, that wait until we have to spend huge sums in another costly war.

misunderstanding unnecessary... by Hank Lewis, A. L. McClain, and Lloyd Pearson Man's nature created nature (sororities and fraternities) just as it did the city and villages. Misunderstandings between them, however, are not based upon differences in location, but rather on ideologies. In these organized groups, members are chosen according to standards like mental and physical characteristics. The result, which cannot be tolerated through conventional means, is that the organizations are formed around limited concepts and are, therefore, the chief point of attack of sororities and fraternities.

Campus Tarzans Climb For Profit in Local Tires

by Dave Reinhart

TIM BERRY - No, Bowling Green is not the site of a new logging company, but it is true that many "campus Tarzans" have climbed to the top of the tire business. One of these is David Berry, 21, a junior from Bowling Green. The "Creeklow-Hardie Lumber and Firewood Company" has almost completed its necessary equipment and is in all probability in the process of changing its name to the "Kentucky Forest Products Company." Don Devoll, Dave Hawley, and Larry Davis drew up partnership papers March 1, and have secured contracts to trim trees and do other work for the company. They will also work for any other Lumber company with whom they can secure their services. All three mentioned their work to 10 hours a week, which will enable them to meet their obligations.

**Contrast And Skill Makes 'Vespers In Vienna' Success**

by A. L. McClain

"Vespers in Vienna" is further proof that a writer armed with a sharp contrast of conditions and a real talent for writing can produce a good opera. Bruce Marshall’s Vienna is one following the last war, a Vienna of escape, in which the people are not in popular with the less cosmopolitan set of soldiers and wine is not quite so much in evidence. Though Vienna referred entirely not in front of dirty streets. In the tempestuous of what used to be combined with immense, they’ve been replaced with bailing, pommegs, and young ladies in introducing dresses have been on the form of dinner going for the army. To keep the content from being the sharp as is not, they’re inclined toward the pro type, the problem of the orchestra and the violedd, the clarinet. It’s a set, the author’s, the contrast, the progress to the violedd orchestra as they add in the gallery to the violedd orchestra, to the music.

For services he supplies the music and study this is something to keep in the mind that readers might be interested in the "Mom and Pop met at the Crane School of Music in Pekin, Tennessee." They were both sung by the Men’s Glee Club directed by Prof. Allen. "Blow Over My Shoulder" was hastily interpreted that the author of the song is something to know. Miss Martha Jenkins was also president of the district Music Education Association, he was also president of the district.

**KEEP'N-UP-GOING-PAUSE FOR COKE**

"The Octet" was made Paris, clarinet, two bassoons, two trips, and church organs. It was written in 1922 and was really a new musical marvel. It’s a song that the conductor knew, he composed the choral symphony in this, it is a Stravinsky fan as has been proven in previous occasion. "The Octet" is the most refreshing and original piece. It is the most refreshing and original piece. It is the most refreshing and original piece. It is the most refreshing and original piece. It is the most refreshing and original piece. It is the most refreshing and original piece. It is the most refreshing and original piece. It is the most refreshing and original piece.

With The Falcons
by T. I. Loomis, Jr.

A pre-season observation of the spring sports scene indicates that 1948 may produce some of the best squads ever to represent Bowling Green in track, baseball, golf, and tennis.

Veterans dominate the track squad as they do the other three activities. Dave Matthews, who is taking charge of this group for Bob Whittaker while the latter is in the service, has an exceptionally fine team. Bob Loomis, who is expected to be in the decathlon, and his assistant coach, John Fischf)$/ have looked good in the high jump, while John Mould returns in the broad jump. In the broad jump the last four formed the mile relay team of last season. A large crowd is expected to watch the thinclads with a year of experience under their belts are lettermen Dave Thomasen and Jim Geiger are two others who have seen some previous action. Last season was one of building and Coach Scudder, Bob Calas, Kempton Jenkins, and Jack Maring. "Sliv" Fraser does the pole vaulting, but it is doubtful if he can top Falcon records. Youth Carey, Bill Fugenschuh will be on the upgrade. In featherweight, Warren Giese, field specialties, Bob Weaver, Bob Petrie, and Ernie Jackson will be tough for any team, while John Mould returns in the broad jump. Last season was one of building and Coach Scudder, Bob Calas, Kempton Jenkins, and Jack Maring. "Sliv" Fraser does the pole vaulting, but it is doubtful if he can top Falcon records. Youth Carey, Bill Fugenschuh will be on the upgrade. In featherweight, Warren Giese, field specialties, Bob Weaver, Bob Petrie, and Ernie Jackson will be tough for any team, while John Mould returns in the broad jump. The last four formed the mile relay team of last season. A large crowd is expected to watch the th
Falcons Defeat Bishops 3 to 1 At Delaware

by Tom Foy

Ohio Wesleyan's Bishops, still smarting from the 5-1 setback handed them by the Falcons at Delaware last week, will be out to even the scores between the two clubs when they tangle on the local diamond Sunday afternoon.

In their first meeting, the Bishops took a 5-1 decision although 3-2 by the Bishops. All the Falcons scoring took place in the second inning as Tom Burton scored from second and crossed the first on a triple by Truex. Truex brought in the third run when he slide second and second on a single by Johnson.

Washlyn chalked up their lone marker in the fifth on a triple by Moore followed by Butterman's single.

Pitching on both sides was excellent with Freddy Federico giving five hits in the eight innings he was on the hill. Rock took over in the eighth with two men on and retired the side. Brooks went over for the Football.

Chuck Hutteimore was batting ace of the Bishops. He connected three times in the eight innings with a grand total of five hits. Lyle David, with a double, and Allen Hopkins, with a single, also had good hitting seasons.

Softball Starts Monday May 3

Preposterous softball will start Monday, May 3, according to Coach Dave Mathews, director of women's intramurals.

Entry blanks for teams wishing to enter the league must be turned in by tomorrow. The number of teams accepted will be limited because of the shortage of diamonds. Entry blanks may also be secured at the Athletic office.

Intramural track and field have also been postponed until after spring vacation while tennis and tennis court are scheduled to get underway before vacation.

A baseball field meet has been planned for the latter part of May.

HY I... smoke Chesterfield (FEIN A JERSEY MADE CIGAR)

"I think Chesterfield is the best cigarette on the market. I've smoked them for about 20 years. It's mild and it's got more real tobacco taste.

"Legaret & France buy the middle leaves... it's the best legaret... it's got to be a judge. They control the quality, they control the size, they control the shape, they control the flavor."
