**Same Old Story...**

School spirit at Bowling Green apparently is as strong as ever, and it still did the past several years. The Falcons opened their football season against Miami on Saturday even though a student body may not have been aware of it. Other than the story about Bowl game and Miami victory, there was no announcement of this game on campus. Students, who may only be familiar with the Bee Gee News, may be amused to learn that Bowling Green students did not gather to watch the Miami game on TV.

Saturday, the Yugos and Brown travel north to East Lansing, Michigan to play the MSU Spartans. Again, it seems apparent that the only announcement of this game to the student body is the headline on the Bee Gee News. Since no time, no posters have been seen, no buses have been displayed, and no time has been whispered about a pep rally.

**Speech Department Announces Clinic**

Mrs. Robert Whitaker, secretary to the Dean of Women, announced that various members of the speech department will hold a clinic on the lower floor of the Ad Bldg. You are invited to attend this clinic on Saturday, March 1 from 10:00 to 12:00.

Students parking on West Wooster St. and streets-off-campus under jurisdiction of the city of Bowling Green should be aware that parallel parking is unnecessary. But parking in Friars Court between the Student Center and the ball field above, follows, outlines campus police jurisdiction.

English students will indubitably agree that Wm. Shakespeare skillfully handled his topical ponderer. Some of the male students who date on the masculine vitality that is Renaissance will tell you that he was a great football star for Notre Dame in the late thirties. That in a game against Ohio State with the score

But either type of Shakespearean follower will find it difficult to concentrate on what the instructor is saying in the English class; these days the halls are occupied by students so involved in the social climate of the time that the student's eyes are on the floor.

Those who have taken a course in Shakespeare will tell you that in order to put aside personal topical ponderer the instructor very often finds it necessary to gesture with arms, legs and head. This maddening habit can be remedied only by the student himself. Such modifications discourage flies and has even led to a popular saying, "There's no flies on him..."

The professor representative for a Shakespearean group who wishes to enroll for art-you can't ask for looser instruction and lusor conditions to say the least. What's more, neither is the student's eyes on the floor.

To blurt out the question, Why is it that the student's eyes are on the floor? Simply put, the student is too busy to listen. He is either daydreaming about his girlfriend or his future or he is just plain bored. The instructor is, therefore, the most lenient student and is constantly being approached for his help in the art of being bored.

**Presents First Faculty Recital**

By Helen Mueller

Joseph Bismell, baritone, gave an enjoyable recital on Sunday evening.

The first part of the program consisted of a canto of voice and piano by Robert Schumann entitled "Dichterleben." The canto was made up of short German songs and was well sung by Mr. Bismell. His Mr. Bismell sang with great feeling and fine pronunciation.

After the intermission, Mr. Bismell returned to sing three English songs; "The Water Mill" by Williams, "In My Father's Garden" by Moore, and "Hymn of Morning" by Gurney.

Mr. Bismell also sang to a solo by Mr. Gellen in "White Wings" as an encore. Mr. Gellen was accompanied on the piano.

Since that day, paint brushes, dust cloths, and maps have been flying. The boys have been doing most of the redecorating work themselves. They have taken a one-street mansion and turned it into a comfortable and friendly fraternity house, which now houses 52 fraternity members and four independents.

The first floor has a large living room, library, dining room, office and three bath rooms for the house parents.

Falcons Edge Ohio 13-7 As Minnich Scores Two

Bowling Green opened its 1948 football season at Athens Saturday with a 13-7 victory over the Bobcats of Ohio University in a ruggedly played and thoroughly exciting game. The Falcons scored once in the second quarter on a fourth down pass from Ron Maples to Max Minnich, and once in the third period when Minnich skirted right end and for six yards and a first down.

Jack Woodland's fine running was instrumental in both the Bobcats' scoring and their four extra point scores. The Bobcats set up the score that tied the game at 7-7 with a punt return of 87 yards, following a missed field goal attempt by Minnich.

From the beginning, the play was wild and unresponsive. In the first quarter Minnich recovered an Ohio fumble and Woodland regained a Wayne fumble to end Chem Beak

The score remained 7-0 until mid

The Three Suns' Album

The official five game schedule for Bowling Green's freshman football team was announced Monday by the Athletic Department. The games, all of which will be played away from home, consist of one day tilt and one sectional affair. The reason there have been no home games scheduled for the junior Falcons is that the recently planted Bus Gee gardens is in perfect shape for the various games.

The schedule for the freshman, the roughest in many years, gets underway with a night game against Toledo University. The game, because of the strong rivalry between the two schools, will probably be one of the best on the game card. No definite field

in this curet, and exchange punts. Hero the second period when Maples allowed and the game was well into con 13.

Pennsylvania again set up the score as, after he pitched the Bobcats down to the Ohio eleven, he circled left end for a first down. Ed Simmons converted, however, and finally Ohio kicked out on the Falcons 46. The Bee Gee (ice line held for four downs.

The final score of the game was 7-0, and the Falcons were victorious for the second consecutive year.
