Pittsburgh Symphony Orchestra Presents Program Next Sunday

The Pittsburgh Symphony Orchestra under the direction of 25-year-old composer-pianist Leonard Berinstein will present a concert at 8:15 Sunday evening in the Men's Gym. Tickets will be on sale today through Friday from 10 to 12 a.m. and from 2 to 4 p.m. in front of the Main Auditorium. Tickets also may be purchased after 7:30 the night of the performance in the Men's Gym.

Students may purchase general admission tickets with A-shaped pins free of charge, for 40 cents plus their usual General admission and reserved seat tickets will be sold to the public for $1.50 and $2.50.

The Symphony, which is in its 22nd year, is on a 5-week tour of 11 Eastern states. Frat-806380, who directed the organization from 1933 to the present season, will conduct the Pittsburgh Symphony into one of the outstanding organizations in the United States. The orchestra has won wide fame through its Columbia recordings and through a series of extensive tours that have captured in ears every year.

The orchestra, which was an offshoot of the preparatory organization, was one of the first such groups to be formed in the United States. At the turn of the century Victor Herbert served as conductor, writing many of his operettas while in this capacity.

PICTURED ABOVE is the Pittsburgh Symphony Orchestra, scheduled by the Guest Artist Series for its performance of one of the outstanding orchestras in the United States. Leonard Berinstein will conduct the concert in the Men's Gym.

Leonard Berinstein, who is a guest conductor during the tour, is maintaining international activities in the past five years as a composer, pianist, conducted, and composer. The young American musician made his debut as a conductor in 1932 when he substituted for Bruno Walter and for the Cleveland Sym-phony-Symphony Orchestra.

His return as a conductor was as expected by his reputation as a composer when his symphony, "Erevin," was played. The com- position was awarded the Music Circle of New York award for the most outstanding work of the sea- son. He is probably better known for his Broadway musical, "On the Town" and his ballets, "Fancy Free" and "Rhapsody in Blue.

The Rya Youngs Choir, which will be featured on April 21st for "Etery and Best," will appear at the University, in April, in the Artist's Series. Mary East- man, soprano, has been selected to speak at BGSU April 21 as the last in the "A Day with the Arts" series.

Bye, Bye Pie!
Educational Processes Need Immediate Investigation

There are many and forces in Bowling Green today, and the Fens offered the fantastic that the Fens received from the National Invitational Tournament in New York where they have played four times in the last five years.

Because the Browns and Brown's invited this year is purse line to all of Bowling. If Coach Brown and the members of the team had the power to pick all the stars in the line this season, it would be a long time before the University of Kentucky bowl, meaning victories over Duquesne and Vassar. Only Kentucky for Bowling Green and they will be greatly missed when the Falcons take to the

Andrews in basketball is slow to admit it, basketball has been the factor in putting Bowling Green on the map. Whatever one in the State College, and the Falcon will have to get back this year.

We expect the Hofstra's success and that we will continue to play a second-year team.

Your relationship shall continue on a friendly basis.

Students at one time or another in their college careers find conditions which they think can be improved. "How do you think classes at WKSM can be improved?"

"First I think that classes should be made a little smaller," asserted Delores Minchak, Virginia Wilson, "to avoid the large classes which are prevalent on this campus. If the classes were smaller, the teacher would have more personal contact with his students. As it is, the instructor may not receive full value of the lectures because he does not correct all the problems in the student's minds as he goes on." 

Wayne Cooper, a sophomore from Parma, Ohio, stated, "I think that classes today should be aimed at the students. A teacher should aim at the whole student, not just the examination. He should discuss the problems of the world as they bear to the students' lives."

Home Laundry

"It seems to me the size of the classes should be reduced," said Dick Jensen, a junior whose home is in Oak Harbor. When a class reaches advanced courses, in his major especially, it is necessary to have a more personal contact with his professors. As it is, the student may not receive full value of the lectures because he does not receive all of the problems in the student's minds in the class." 

Wayne Cooper, a freshman from Parma, Ohio, stated, "I think that classes should be aimed at the students. A teacher should aim at the whole student, not just the examination. He should discuss the problems of the world as they bear on the students' lives."

Radio Show Beamed From Falcon's Nest

One reason for the increased attendance in the past ten years owing to the fact that it was held at 6 a.m. in "Guest in the Nest" which has been removed from the schedule.

Female basketballers win two
In the 16th Annual National Intercollegiate Women's Basketball Tournaments held in New York and Philadelphia, the women's basketball team of the University of North Carolina, coached by Hal Peterson, won the championship. The team played a total of 18 games, winning 14 and losing 4. The team was composed of the following players: Mary Jane Dermer, Ann Yoder, Joan Brown, Sandy Blevins, and Linda Tubbs. The coach, Hal Peterson, was named the Most Valuable Player of the tournament."
Falcons Spurned by NIT

By Hank Bunn

With the cream of the nation's basketball population on the dotted line, the "National" Institutional Tournament will begin in approximately one week's time.

San Francisco received a bid to the Gotham affair Monday thus relinquishing Bowling Green's opportunity to consider participation in the National New York City team is still in the hunt.

Bunk "speaknphowerous" as City College of New York, and seven other entries will provide the entertainment for the metropolis court fans and other interested persons.

Most prognosticators have tabbed the Kentucky Wildcats who received Bowling Green by two first throws earlier in the season as the "sure thing." The Wildcats' only loss during the regular season came at hands of the St. Louis Billikens.

Qualifying games are scheduled for March 14, 17, and 19. St. Louis, Bradley, San Francisco, Chicago, and Western Kentucky, will round out the field of competitors.

Teams which for some reason were not selected include Detroit, Cincinnati, North Carolina State, all of whose entries were selected by sports authorities.

Toledo Names

Share To All-

Opponent Team

Jack Kiernan, great center for Chicago Loyola, and Chuck Share, 6'11" sharpshooter of Bowling Green, were unanimous choices of the University of Chicago Loyola, und Chuck Share, according from the field.

Thus the Falcons rang down the curtain on a campaign that saw them win 21 contests and lose only six against the best competition that the nation could offer.

The Toledo victory also extended their current win streak to 12 games and enabled Bee Gee to remain one game out of tournament, with the sure thing as the "only" competition.

Both fair(e) forward, Share chalked up 24 points while playing the entire quarter.

Leim n Creates

Good Mat Team

By Gene Dickel

Coach Robert Leiman, in less than two years has developed at Bowling Green State University a strong and effective wrestling team. Bob Leiman was born and reared in a farm. He attended high school in Dublin, O., where he played football for three years and was elected captain in his sen-

ior year. The grappling coach attended Kent State University. While go-

ing to the school he worked part time in a rubber factory. Bob was the State YMCA heavyweight wrestling championship in 1941 and in 1942 he took the Ohio AAU champi-

onship for the heavyweight divi-

section of the country.

Bob Leiman, Bow Gas pre-

paring dinner, turned out a team that was victorious in every meet and starts against some of the best schools in this section of the country.
