BGSU To Have Sunrise Service

Dr. John Carney, head of the Department of Church Music at BGSU, announced plans for the first BGSU Sunrise Service to be held Saturday, May 7. The service, to begin at 5:30 a.m., will be held in the Natatorium. A limited audience will be invited to attend.

The service will begin with music sung by the必修课程的合唱团. Then, a talk will be given by Mr. Carney. After the talk, the service will continue with music sung by the church choir. The service will conclude with a prayer and benediction.

The Sunrise Service is an annual event that is held on the first Sunday morning of May. The service is open to the public and is free. There is no charge for admission.

The service will begin at 5:30 a.m. and will conclude at 6:30 a.m. The service will be held in the Natatorium on the campus of BGSU. Parking is available in the adjacent parking lot.

For more information, please contact Dr. John Carney at 419-372-3150.
Dear Student-Audience: Our Symphony Orchestra

This headline appeared last Sunday on page 63 of the Pittsburgh Post-Gazette. I don't know the rest of the story, but the interesting part is that someone actually did read these words. I'm not going to say I was surprised, but I was interested. To my knowledge, no one else has copied this headline or stepped forward in a humorous way to claim publication credit for it.

The story itself was about a group of students who had attended the Pittsburgh Symphony Orchestra. The headline mentioned that the students had been so impressed with the performance that they had been heard laughing in the audience. The headline was titled, "They were laughing in the audience at the orchestra yesterday."

I have never heard of anyone laughing in the audience at a symphony concert, but it makes a good headline. It's a bit of a stretch, but it's also a bit of fun. I think it's a good example of how creativity and humor can be used to grab attention and make a point.

The story itself was about the students who had attended the concert, but the headline was the most interesting part. It's a good example of how headlines can be used to grab attention and make a point.

As a journalist, I always try to be creative and humorous in my writing. I think it's important to use language that is engaging and entertaining. I also think it's important to be creative and think outside the box. I'm not sure if everyone agrees with me, but I think it's a good approach to journalism.

I hope you enjoyed this headline and story. It's a good example of how creativity and humor can be used to grab attention and make a point. If you have any thoughts or comments, please feel free to share them. I'd love to hear from you.

Sincerely,

The Anderson Rumor

John Carroll apparently has not given up the hope that Harold Anderson, Farison basketball mentor, will coach the Blue Streaks 1949-50 crop team. The "Carroll News," student newspaper at that university, recently printed the following quotation: "The possibility that Carroll may have a new basketball coach next fall is highly possible. But entirely baseless rumors have it that Harold Anderson, who built a national powerhouse at Bowling Green University, will be the successor to luckless Nob Ranrade." The article went on to suggest the idea that Anderson will possibly serve as basketball coach at Carroll and director of the college's physical education (p.E.) and Athletic Assess.

Here at Bee Gee, Andy apparently has made no official de- cision. The financial improvement would be great and he must weigh this consideration against the security his present position as Athletic Director offers. Harold Anderson has started to build from the bottom twice before and might even enjoy doing it again.

Faculty Dance Practice

Faculty dance practice will lead a discussion on the over-all results of the faculty dance contest. The first game will be played at the request of the Alpha Phi Omega campaign for Alpha Phi Omega, national service fraternity.

"Furthermore, the number of voluntary employees who can be used for this work is limited. It would take the staff weeks to do what the students and have been doing in a few hours."

Mr. Rosenberg pointed out in an interview with a reporter that Alpha Phi Omega has undertaken the project at the request of the Student Senate and has been asking other groups by reason of that request.
