Working Continues On Tunnel For New Chemistry Bldg.

By ROGER G. NOBISH

Concrete for the floor of the first section of a 450-foot long tunnel connecting the new Chemistry building with the web of tunnels underlying the university grounds will be poured today, weather permitting, into the excavation in front of the Chemistry building.

Three tiers were set against the east wall of the Sigma Chi fraternity house, and climbers were working in the tunnel. The Sigma Chi fraternity house is located on the side of the tunnel.

The Sigma Chi fraternity house is located on the north side of Ridge St. The tunnel will be linked by the laying of a tunnel between the two buildings. The tunnel will be used for heat, water, and electrical service to the fraternity.

New Addition Takes Shape

Letters To The Editor...

Student Senate's plan for having another drive similar to a company chest drive for charitable organizations instead of many small drives as it has done in the past seems to us a good idea. One large drive would undoubtedly net much more for each organization on numerous small drives. A person was beginning to find that he expected to donate to something different each week and soon get to the point where he becomes disgusted with all charitable groups. When he did give, he gave grudgingly and certainly didn't give as much.

Much planning and work will go into one big drive in the fall and every person and group will give or in some way and then it would be finished and no one would have hard feelings.

Congratulations...

Rivalry between publications is one of the basic concepts of the journalism profession. Every newspaper, bulletin, or magazine does its best to outdo another in any way possible and demands are compliments passed back and forth. We feel that the time has come to look on outstanding conception and extend to another publication, our highest praise for the outstanding idea done. We are speaking of the Key and any student who has, at this time, seen the 1980 yearbook, will undoubtedly agree with us that it is the finest book put out by Bowling Green.

The theme of the book is timely, the makeup is imaginative, the color is well-blended, and the mechanics of the book are excellent. We feel that the much hard work and wise planning went into this year's Key.

Asa's Ilesae

In the play, Jean is the one who instigated and directed the battle against their would-be captors; otherwise, they would have been killed. She is portrayed as a strong and intelligent woman who uses her wits to outsmart the enemies. Her character is a testament to the resilience of women during times of conflict and the importance of leadership.

High School Students Invade BG Tomorrow

approximately 1400 high school students from Wood County and surrounding counties will take examinations through the Bowling Green State Scholarship Tests here tomorrow.

The primary objective of this test is the motivation of the large number of students in education in more productive applications to their studies according to the Hine, Dept., Education, sponsor of these examinations.

Tests will be given for all high school seniors. A year's membership in the Ohio high school section of the National Association of College and Institute will be awarded by the tests.

Examinations will be prepared and graded by the State Dept. of Education, and certificates will be awarded students that offer satisfactory work.

In addition to the tests given to students, an open forum will be held for the students from high schools in the county that are attending in these areas of the state.

Students To Take Accounting Test

All students in Business Administration currently enrolled in Accounting 122 will be given the first test of the semester by Professor Howard H. Rau.

Setting Achievement Test Level 1, it covers subject matter usually included in the first two months of an introductory course. It will be administered at 8 p.m. in the Student Room of the Business School.

The other evening I was reading a biography of the great English actor, "Twelfth Night." by Thomas Herbert Perli, British actor and producer, published by Mountain Gazette, a weekly newspaper in the town of Mountain. The book is a collection of articles that Perli wrote for the paper over a period of years. It is a book that I have read many times and it is one of my favorites. The editor of the Local Anglo-American newspapers wrote a review of the book in which he said that it was a book he would recommend to all students of acting and drama.

The editor thought this book was a very interesting and informative book. He said that it was a book that he would recommend to all students of acting and drama. The editor also noted that it was a book that he would recommend to all students of acting and drama.

Weekend Spotlight on Dance, Derby Day

Two Movies Scheduled For Tonight And Saturday

By PAT OSBORNE

Sponsored for all-campus entertainment this weekend are the "Big Top Brawl" tonight, sponsored by the freshmen, Sigma Alpha Epsilon, and "Adventure in Washington," Saturday afternoon.

A circus theme will be featured at the freshman class’ orchestra dance, tonight from 9 to 12 in the Women’s Gym.

During the past few weeks, the question of euthanasia has been discussed quite frequently in the newspapers, radio forums, and debates. Therefore, we feel quite in keeping with the trend in asking, "Do you think that mercy killings, as such, should be legalized?"

John Runyan, a sophomore from Toledo, answered, "I am under the impression that euthanasia were legalized, it is against our social morals and religious conceptions, the plan might be acceptable. The main reservation being that the patient, only, be the one deciding on the measure."

A formal dance will climax the bi-annual Sigma Alpha Epsilon Proven Delta convention which is being held here today and tomorrow with 15 chapters from Indiana, Michigan, and Ohio attending. Business sessions will be held this afternoon and tomorrow. The formal dinner will be held at the National Secretary, Lauren E. Greene, will be presented with a bouquet. After the dinner the dance club will present its show, "Tales of Scheherazade."

"No!" said Harriet Hashbrow, a freshman from Glenbeulah. "No one befriends a newspaper reporter!"

The Lodger," a functionalyzed early 19th-century London murder, is to participate and all students are invited to attend.

Balloons blowing contests, bagged races, tug-of-war, and an arm-wrestling contest are some of the events at Sigma Chi’s Derby Day, tomorrow afternoon from 1:30 on the Lab School playground.

Jim Milburn is chairman of the annual Derby Day celebration. Kay Piner and Lee Ford are in charge of publicity.

Several students, including Terri Lauderback, the niece of the late Superman, are anticipating a visit by the real Superman, who is expected to appear in the campus parade.

The first school the exhibit will be taken to is Flint, Michigan, and Ohio attending.

Henry Stagg is capable of joining the pair of brothers. Herbert Marshall, the first patient, and his guardian, is to participate and all students are invited to attend.

Rene Mesqre, a sophomore from Toledo, answered, "I feel that mercy killings should definitely be made legal, with reservations, of course. By restrictions, I mean such a program as they have posed in New York whereby the patient or his guardian makes the request."

"It seems to me that if euthanasia were legalized, it would not stop even with the making of the morally "inculpable" but would go much further," was the way that Vera Means, a Rushsylvania coed, answered.

The Falcon diamondmen hit the road again this weekend for a pair of games, going to Defiance today and north to Wayne University in Detroit tomorrow.

Coach Warren Stiller's men suffered their initial defeat of the season yesterday, as the hands of another Michigan school, Lawrence Tech, and will be out to wreak vengeance on the Falcons at the Meadows.

Today's game at Defiance is the second between the Falcons and Wolverines. Bowling Green has received the neighboring college's best effort in 19/6, behind Lou Corra's effective helming. The Falcons are in no great hurry to add the Wolverines to good advantage.

Wayne does not lose strongly enough on paper, having only a point to show for its 4-3 returning from the 1949 squad. Bowling Green will surely try to hit with all the force it can, and will probably attempt to return the favor.

The Falcons still have the bit between their teeth.

Baseball Team Hits Road To Defiance And Wayne

By ED JENNINGS

Bowling Green's Bradley Falcons hit a low point in a split by diving into a one-run lead in the fourth inning and losing, 1-0. The game was held here Wednesday. Coach Charles L. Reinhart had the Falcons well in hand at two games at Detroit Tuesday.

In registering their third win in four starts, the Falcons managed to collect 11 safeties and two double plays against this one.

Bowling Green was led by Lou Johnson making his first start of the young season.

Force was in trouble in the first inning when the Falcon crew batted off for 7 runs and the number of runs. They added one in the ninth inning for the total score of 11.

In the first inning, the Falcons were in complete control, scoring two runs and driving the ball in the back of the softball backfield, looking good.

Coach Whitaker said that all of the work was ahead of the Falcons in the third inning, and the spring workouts are expected in developing team work.
