Trusting To View Urschel Pond Plan

The possibility that Urschel Pond may be put into use this semester appeared more likely Monday night when Sen. Andrew Galloway, Jr., Leon Genuit, Rich-ard Galloway, Jr., Leon Genuit, Berta Bertodatto, and Lee Meisle, select-men of the journalism faculty will open June 2 at a dinner in the Fabel Hall. Why Wait... With the closing of this week's Senate, except for a short business meeting following the banquet next week, this year's term has been completed and yet nothing has been done to insure the study body of a two semester Senate president. Last week President-elect Louis Daigneau stated he was going to include in his program next year a plan he had worked out for dealing with the problem of midterm presidential change. Mr. Daigneau was appointed by the beginning of this semester as chairman of the constitutional committee, under whose jurisdiction a matter such as this would fall, and yet he did not include any action to take out the changing of Senate leadership at mid-year.

We are wondering at this time why Mr. Daigneau did not bring forth his plan earlier in the semester when action could have been taken on it. We appreciate and hope upon hearing of the new president's enterprise in already looking to develop the plans for the renewal of the Senate in the fall term.

Snake In Housemother's Brazilian Curio Collection

By PAT MATTACHISON

"Inquirers?" asked the native Brazilian.

"Yes," answered Dr. Porter Crawford. "Our Brazilian is an Indian resident of Manassas.

"Yes," replied the energetic Dr. Crawford, Beta Sigma housemother.

This was born in the collection of Brazilian curios, now in the possession of Mrs. Ruth Crawford, Beta Sigma housemother.

PIKA Pledge: Paint BOG Pledge

"It all started as a pledge duty," said Ken Field (Student Body) and Howie Schneck, pledges of Pi Kappa Alpha. Both pledges were instructed last week to wash the large BOWLING GREEN STATE UNIVERSITY sign behind the Library. As they were about to wash it the "W" student sign, they discovered that the gold paint on the sign was wearing off. With Prof. Frank J. Proven's permission, paint furnished by the University, and the two Pi Kappa pledges, work began.

John and Howie suggested that the spot lights be placed on the sign for identification of the campus at night.

Clothes, Everywhere

But Not The Ones We Want

An interesting little scene was presented in the Toledo Times Wednesday night starring the Toledo University tennis team en route en route to beat the Falcons with a double match.

We will call attention to the green and brown nature area of the outline of Jack Krug or Ted Schneekind and a khaki preparation didn't do out each year to enable the hiring of a regular top rate tennis coach but they have played their best every match this year and deserve credit for such.

If it seems to be continuous among some Toledo sports writers to write articles with an air of egotism that causes much distaste. We are wondering if Mr. Daigneau did not bring forth his plan earlier in the semester when action could have been taken on it. We appreciate and hope upon hearing of the new president's enterprise in already looking to develop the plans for the renewal of the Senate in the fall term.

The Educated Card Shark's, of course, are adept at all the free movements, but those of the "just play" struggle along from one game to the next as it comes.

The second section of the plot is the "art" during Christmas vacation. Because a man has so many questions to ask in his life. Nothing is so easily interpreted, the court rendered a change in the sign.

Who Asked You?

By DOC CRANTON

In keeping with the current situation, our question for this week is, "What is your impression of the present railroad strike?" Kip Cranton, a sophomore from Wakenan, answered by saying, "It seems to me that they are trying to create jobs for which there is no need. However, I would like to see the situation a few months back, they had no qualms about filling up our national comfort in gen-

reason than then did." Clayton Titus, a sophomore from Jolliette, Ill., believes that in rare cases there could be reason for any man in the class of a Diesel, but in general I would say that anyone is trying to make jobs for which there is no need. The only way the strike effects me is by not receiving the mail I used to.

When you purchase your Class Ring you invest in the future. Here’s why:

1. It identifies you as a college graduate, just as surely as a diploma on your wall.
2. It is a symbol of your success in college—your achievements are known everywhere.
3. It is a remembrance, always, of your happy days at BG.
4. It is a mark of distinction because it can be worn only by a qualified few.

Unfeated against Ohio competition, and showing an overall season mark of six wins and two losses, Bowling Green’s small Falcons are on their way to a game of for Penn College, then move down to Kent tomorrow in a contest with the Golden Flashes.

The big game, for Penn College, will probably be on the road for the Falcons today, and that means trouble for the BG men. It will be a hard fight for the Falcons, but the Perkett City Knights win only four hits in that one.

Kent extended their winning streak to eight straight Wednesday.
