Cap And Gown Probes Rate In Student Union Fee By BOB SMITH Student Senate discussed a requested increase in Student Union activity fees during a special meeting Tuesday evening. It was unable to take official action, however, because the necessary quorum of 13 members was not present, but it expressed the belief that student opinion be voiced before a decision is made. The action was stated by the Student Union Committee after a recent discovery that ground could not be available before construction can begin.

Car Rules Released For Fall Semester By BILL DAILY Modifications of the University Automobile Regulations were announced this week by Pro. Frank J. Prout. These modifications will become effective on and after September 15, 1950.

Most significant change in the regulations is that no disqualification will be made between men and women in granting temporary permits. The privilege to drive an auto will be given, however, only to students who can establish a legitimate need for it.

Recent regulations stated that members of the following groups are the only ones that have a justifiable need for a car.

A. Married students.
B. Graduates. A graduate is defined as any student completing the requirements for a baccalaureate degree in three years or less.
C. Disabled students whose disability necessitates the use of a car.

Senate Debates

The Senate Debate vote on the increase proposal next week by being able to enjoy facilities of the new building before they graduate. These officers are eligible to serve in their official positions for two semesters.

# Bike Ring Unveiled

Even as the Senate debates the increase proposal, the Student Union has been proceeding with plans for the new University ring, recently elected state secretary of three railroads, the Perc. The Student Union Committee on Student Union campuses for a new ring is to be unveiled before the expected date, and with the NEWS going bi-weekly, many have been completely divorced, and that is to be the representative voice of the student body.

# Senate Agenda

If the Senate had taken affirmative action the students very likely approved by the Senate. Expecting to flunk exams? If the professor gives no tests at all, be considered as having a justifiable need.

# Honors Day Fete

Honors Day fete will be held in the Stadium. Among the awards were the outstanding seniors of the academic year in the following fields. Of a more social nature which will be all after the exam anyway. "What's the use: You for-
