GENE REYNOLDS, director of "Springtime For Henry," will test the skill of his directors at this evening's open auditions. Mr. Reynolds will be in charge of the auditions along with the Audition Director of Community Drama.

EVA MARIE SAINT, the 1946 May Queen, has joined "One Man, One Woman" in the role of Claudia. The program is an ABC television show, which can be heard on WSPD-TV, Toledo.

H. GLENDON STEELE, assistant professor of English, will temporarily join the staff of the BEE GEE NEWS next week to give a nature critique of the University's annual "Springtime For Henry."
Construction on the Bowling Green State University campus, though geared down somewhat by the Korean War, is still continuing. "Why is so much expansion necessary?" many have asked. "What's wrong with the old equipment? Surely with the birth rate, there would have been a drop in school population. But he is vanished here at Bowling Green. Actually, the next couple of years may see an effective rise in school population," which was compiled by Willard E. Givens, executive secretary of the National Education Assn. According to the NEA, "The tact is that, it Bowling Green gets its portion of the expected school population, there may be something like 6,000 students here in 1950."

This answer comes out in a report entitled "Our School Population," which was compiled by Willard E. Givens, executive secretary of the National Education Assn. According to the NDA report, the Bowling Green campus now over-crowded and has been for the past few years. Construction of schools was held down during World War II, but the 1940-50 decade saw a rise in the birth rate. The rate rose from 17 births for each 1000 popula-

New Auto Rules
(Continued from Page 2)
Green schools will not, for this reason alone, be considered as having a justifiable need.

IV. Students who live at home with parents in Bowling Green may be granted, upon request of the parents, a permit to operate an automobile, but they will be required to comply with all university regulations in regard to the use and operation of it.

V. It is expected that one who secures a permit to operate an automobile will ordinarily be the only one to drive it. To a limited extent, and for a justifiable need, other students may be given permission to drive it by the holder of the permit upon approval of the Dean of Students, but a student to whom a permit is granted is charged with the responsibility to see that the use of the automobile no university regulation is violated.

VI. One who aids another to violate any provision herein will be considered equally at fault. A student's permit for the operation of an automobile may be revoked at any time upon evidence that he has no real need for the car or for a flagrant violation.

VII. Any violation of the above regulations will constitute grounds for disciplinary action by the administration which will include one or more of the following: (a.) The payment of a minimum fee of $10, or (b.) requiring assurance from the students that he will cease using or operating an automobile in Bowling Green, or (c.) a required withdrawal from the University.

VIII. The responsibility rests on every student who operates an automobile to see that decade are properly attached and not destroyed and to become familiar with University automobile, traffic, and parking regulations. In the absence of extenuating circumstances, upon a student's third violation in any year of the regulation pertaining to proper attachment of decals, traffic, or parking as determined by the Student Court, the student's permit to operate an automobile will be revoked.

IX. The term automobile is construed to mean any type of motor vehicle.

Applications For ROTC Increase

A steady flow of applications for enrollment in the Reserve Officer Training Corps has been coming in since the beginning of the Korean War, Colonel William C. Lucas, local ROTC Commander, said today.

However, the ROTC unit will have to be held down to a maximum of 160 men this fall because of the lack of instructors, he said.

Colonel Lucas attributes the shortage of trained personnel to the Korean crisis. The Army has changed the orders of many officers and instructors, pulling them back into combat outfits.

Nevertheless, the ROTC Military Science II class is still open to students on the sophomore level who are veterans and to transfer students who have previous ROTC training. There is room for about 50 men in the class.

Many students whose applications were turned down at the close of the spring semester are again applying.

Charlie Share, Bowling Green's All-American basketball center, is keeping in trim this summer by participating in the intramural tennis tournament.

Charlie's basket making ability made him the top choice of professional basketball teams.

Rockets Top National League; Championship Playoffs Start

By DICK SOMMERS

The Rockets won the National League Championship by downing MIS, 22-15. The Rockets bowed the Church St. Scholars earlier by the score of 11-7. Pitcher Runkel led the winners in hitting with two hits in three tries.

The semi-finals have been set for Aug. 9, and play will get underway last night. The Rockets crushed the previous unbeaten MIS nine by a score of 14-1. The Rockets evened the score at 5-5 with a four straight hits, and Line's Rogues are tied for first with the Raiders trailing by one game with a 3-2 mark in League play. A game to determine the winner of the American League was scheduled for Monday evening.

The Raiders split even in two games in last week's action. Phil Line was the Raiders' big gun in both contests. While losing to the Skiddilikats 15-0, Line collected four straight hits, and Line's two home runs Wednesday gave the Raiders a 7-5 win over the hapless Calverts.

In the American League Skiddilikats and Rogge's Ramblers, 11-10. The Skiddilikats won their first game of the season at the expense of the Scholars and MIS in the championship tourney was scheduled to go out. . . Best Ball Contest

Near Completion

The Intramural Best Ball Tournament was changed from medal play to match play, and the stimulating element of real competition has increased enthusiasm of all participants. The contests have been hotly contested, with many very close and thrilling matches being recorded. The Walker-Whittaker vs. Shull-Barns match was tied after 18 holes. Two additional holes were played, and still a deadlock ensued with darkness taking over. By mutual agreement both teams agreed to start over the next day. Walker-Whittaker proved to be too tough for Shull and Burns as they won, 7-5. In another thriller the team of Leinn-Dunham defeated Sihling-H线条, 4-up.

The semi-finals in all match play have been scheduled for Aug. 9, and the finals for Monday, Aug. 7.

Spectating

By DICK SOMMERS

Congratulations to Athletic Di-rector Harold Anderson and Dick Malvaine for the very successful intramural program carried out this summer. Through their work and planning, an otherwise dull summer has passed with fewer complaints.

The first major football game will be played Aug. 11 when the 1950 College All-Stars tackle the Philadelphia Eagles at Chicago. The All-Stars have a 51-man squad and should let the Eagles know that they were in a football game. The Browns will open their season with a night game against the Eagles at Philadelphia, Sept. 16.

Lou Gross, extra-point specialist of the Cleveland Browns, will not use his familiar tape as a guide when he kicks this year. A new National League rule prohibits the use of tapes.

At a practice session last week, 'the Toe' was kicking without the tape, and it looked as though he could manage without it.

Florian Wins Driving Contest

Ray Florianipped the Golf Driving Contest with a high of 727 yards, 8 inches in his three drives. Florian put together drives of 275 yards, 8 inches, 276 yards, and 200 yards for his winning total.

The two longest drives were made by Florian and Bob Behart, each hitting 276 yards. The course was west of the Golf House with the participants hitting north into an area 60 yards wide and 270 yards in length.

Any ball that was to be measured had to be hit over 700 yards, and somewhere between the 60 yard stripes. Any ball hit outside this area was charged as a trial against the driver, but no tally was recorded.

Bob Behart looked like a sure winner after his first two drives of 270 and 269 yards, but his third drive came to rest on the 137 yard marker, for a total of 676 yards, too humble to fifth place.

A total of 47 golfers participated in the contest, but only seven players had a total score over the 1000 yard mark.
