Our Alma Mater...
Each year at this time, other than a few more venturesome voices, have broken the stillness of football season and pep rallies with the words to the Alma Mater. The cry goes up, "Why doesn't Bee Gee get a new Alma Mater?"

Good question. Only a small percentage of the student population, usually those who were not at Bee Gee last year, seem interested in singing a new alma mater. "Anyway, it's familiar. It's the same tune that Dad always sang to us." That's the main reason why the Bee Gee alma mater is still sung today. If it were not for the lack of interest in writing a new alma mater, perhaps we would have a new one. As it is, the official committee is still working on the wording and melody.

Browns Take 'Time Out' To Help Paided Children
It was the sight of the husky Cleveland Browns professional football team, coming from practice sessions, panting the young patients of the Cerebral Palsy Clinic in their dormitory and playground.

The Browns realized the children's physical need was so great, but the youngsters, who unfortunately are missing so many of the activities of normal children, were also lacking toys.

So the Browns, to the cheers of the FTA musical sign-up on the FTA bulletin board in the Well of the Student Union, presented the children with 435 toys and equipment for the youngsters.

Gradually, the Browns was told of the Clinic's need for toys. It returned the message to its riders.

Jim Spellman, footballer for the Browns' games, told of the need for radios installed. He added that balloons could be used.

The result was a flood of mail, most of it signed, to Miss Adeline McGehee, director of the Clinic. More than 1,000 balloons and other toys were received. Many letters came, and with them a total of $122. This money will be used to buy equipment for the playground behind Happy Hall.

The Clinic is one of four such nurseries in the country. It is the only one on a University campus. There are 13 patients at the clinic now, ranging in age from four to seven years.

We are not amused! We are a group of upperclassmen living in the proper dormitory. We also house senior girls and freshmen, who are now enjoying dormitory dormitory—why can't we all enjoy our dormitory dormitory to visit? But—no one of us are girls.

The group took 45 colored slides which will be shown to the public at a later date. These films and fossils were collected for use in the geology department.

Bradley Falls to BG Upset Dream

Vastly Improved Falcon Eleven Faces Central Michigan Saturday

BY DAVE BECKNER

A vastly improved Falcon eleven ripped to shreds Bradley University's pucky over the weekend in Columbus, piling up an impressive 56 points on the ground while gaining 24-14 win, their first of the season.

Bradley was just too big for their britches as the Bee Gee backfield outstrung their lumbering defense. Their feared weight was a hindrance in games with the Falcon eleven.

From the moment the Orange and Brown got their hands on the football, they almost literally ran the game. Pont Lakes Drive ran for 52 yards to set the Tribe's first score with Pont taking two in the half. After three minutes of the second half, the Tribe got back into the game, and with Pont accounting for 12 more yards, the Tribe went ahead. The second half was the same. Every time the Tribe got on the 60, but Al Reyman ended the threat by intercepting a pass on the 30, with Bob Cowan freezing the ball till the clock ran off. Pont finally Erica, 8-0.

The Falcons have lost two in a row.

Notes: Scouts from Central Michigan, and Baldwin-Wallace got an ouplift from the press box when the coming games ... During the half, Bob Froge's father, Paul Robinson, of Lorain was honored as Dad of the Day ... Jack Woodward, former three time all state fullback, now playing with a Brown's farm team, was a member of the 3,000 crowd.
