Campus Interviews on Cigarette Tests

Number Five of the 80-day span.

The debating team couldn't make much use of this non-talkative baby...but one look at his "literary leaning" tells you that tests don't buffer him. 'Specially those tricky cigarette tests! As a smoker, you probably know, too, that one puff or one mil...or a mere one-hulae comparison can't prove very much about a cigarette!

Why not make the sensible test—the 80-Day Camel Mildness Test. You judge Camel mildness and flavor in your own "T-Test" (T for Throat, T for Taste)

For 80 days. You've got a steady smoke and you'll see why...

More People Smoke Camels than any other cigarette!

Bask in an immortal valley ball sea due next Nov. 16. Fulfill the contest's move to the all-Oho-Big 7 type which will provide enough praise to the sturdy line of teams in the Independent circuit to make it worthy of the University of Nebraska's interest. The event was packed in the 1949 season, was expanded in the 1950 season, and is expected to be better attended this year.

VARITY HIGHLIGHTS next week.
