So soon forgotten...

How quickly do Americans forget? How long does power, even horrible power, remain completely out of sight and out of mind? Did the germ, death-filled raids of World War II ever reach the attention of the world?

Remember the assassinations and stories during the war that we won’t forget. This time it will be different. The vanquished would stand nobody, we could possibly forget another war. We were going to remember all the atrocities, the slaughter, the prison camps.

We wouldn’t let that happen again. We were going to punish severely those whom the Allies as victors held responsible for the “war crime.”

Apparently our memories are short. For only last week a small book appeared at the bottom of the front pages of one of the area newspapers. It was a syndicated story from Landmark, Germany, telling that 14 Germans were convicted and had been released from prison—released on the recommendation of an army review board that their sentences had amounted to “time served.” Nine of these prisoners, former guards at the Mauthausen concentration camp, were serving life terms. Swimmers Set For Squad Meet

"This year's team is potentially the best in the history of the school if Uncle Sam leaves the squad be, and, terms and final grades hold up," Swimming Coach Sam Cooper resolutely said as he worked out with his swimmers in preparation for their intermat meet Dec. 14.

A quick glance at this year's rugged schedule of 14 meets proves Coach Cooper's confidence in the ability of his Ohio College Relay championship squad. Reading the list of potent opponents is Michigan State College, when the Falcons meet in a triangular meet with Iowa State and East Lansing, Mich.

Sam Cooper is expectant of strong performances from Jim Caldwell, a member of last year's team who swam in backstroke.

Up from the freshmen squad are John Bruce, freshman record holder, who swims the breaststroke, Bob Sturdivant, New Armitage, and Don Reago, all of whom are expected to see plenty of action.
